New Traffic Code
For Highland Park

(Continued from Page 5)

erican Legion and Edward Steele of the Park District all of whom had been active in the origination of the community safety program and all of whom had devoted much of their time over a period in studying and working to promote the cause.

As further members of the committee and as experts Mayor Ronan appointed Rex Andrews, chairman of Police, Philip E. Cole, city engineer, Henry Hansen, police magistrate, Daniel Davitt of the General Code committee, and Philip McKenna city attorney, all experts in their various departments and all men vitally concerned in safety.

Edwin Gilroy states that with the advise and help of these men the committee proceeded to study all model codes which included the Illinois State model, that of the National Safety Council, Wilmette, Waukegan, Champaign and many other cities of similar size. He adds that the credit for this extensive work is due Edward Steele whose untiring efforts as well as those of Harry Pertz in making extensive surveys resulted in invaluable factual information with which to be guided.

Numerous authorities were consulted from time to time including those of the State of Illinois, the National Safety Council and many other experts including Mr. J. S. Baker, resident of Highland Park and nationally known Traffic Safety Consultant with the National Safety Council who volunteered his services and endorsed the completed draft by saying, "It is a very workmanlike job. I appreciate the conscientious work the Highland Park Citizens Safety Commission must have done to develop so excellent a document."

In summarizing the draft of the new proposed code Mr. Gilroy explains that this conform with the State of Illinois and National Safety Council Model. In keeping it does not attempt to cover every detailed condition of today with no thought of tomorrow. It is flexible and provides for emergency and changing conditions. Notwithstanding it covers all established conditions in Highland Park and an important part is devoted to bicycles.

The one important addition incorporated is the provision to establish as part a City Traffic Commission which will continue much of the work heretofore done by the City Safety committee and which will be made up of three members from the city administration and four citizens to be appointed by the council who will serve without pay and who will act in an advisory capacity, reporting once each month to the council. New regulations are given for parking, handling cars in traffic and definite reasonable speed limits are established for all sections of the city.

In submitting the completed draft Mr. Gilroy stated that it is the opinion of the entire committee and all experts consulted that it is complete and carefully done. They recommend its adoption as soon as possible and that it then be repassed at

a later date as a part of the complete recodification of the city's code. It has been approved by Philip McKenna who spent much time in supervising its proper phrasing. It is the hope of the committee that in the near future after it is established, copies can inexpensively be printed and distributed to all car owners with city licenses.

Annual Musicale
at Woman's Club

(Continued from Page 5)

Bethlehem." Edgar Stillman Kelly was lavish in his praise of her vocal skill in the 75th birthday anniversary performance of his "Pilgrim's Progress."

Miss Bickerton born in Ohio, came early to Chicago where she was given a thorough musical education before entering upon a vocal career. Extensive study in Italy and France and subsequent preparation with the finest American coaches have made her a thoroughly equipped singer.

At 11:00 o'clock Mrs. Herman Zischke will present Mrs. Milton Youngren of Glencoe who will review "New England Indian Summer" by Van-Wyck Brooks. Members who heard Mrs. Youngren review "Land Below the Wind" last year will eagerly look forward to this review as Mrs. Youngren is a most accomplished reviewer. She has given reviews all along the North Shore and is considered to give a most scholarly presentation. Mr. Van-Wyck is a literary critic and scholar as well as author. This book "New England Indian Summer" is the second in a series showing the literary development of New England and is probably the most important book of the season.

Following the book review Mrs. Marshall L. Johnson and her committee will have charge of a luncheon for members and their guests. There will be a short business meeting at 2 o'clock preceding the musicale. Hostesses for the day will be Mrs. Dwight Dayis, Mrs. Harry Burne, Mrs. R. R. Wible and Mrs. Carlton Harkness. Pouring will be Mrs. R. C. Johnson, Mrs. Herbert Small, Mrs. Baker A. Hamilton and Mrs. Edwin T. R. Murfey.

Highwood Firemen
Hold Annual Dance
Saturday Feb. 22

The Highwood Fire department is announcing its annual dance to be held Saturday evening, February 22, at Oak Terrace school. Music will be furnished by Red Edwards band.

As this is purely a volunteer organization, this will be a splendid opportunity for Highwood citizens to show their appreciation for the service rendered by these men by purchasing tickets to the dance.

During the year 1940, 30 fire alarms were answered with a fire loss of \$1,207, while the valuation of property involved was \$119,320. Two firemen were injured while attending the fires.

The cost of the service for the year was \$1,022 including equipment purchased by the city.

The department itself furnishes uniforms, pays for insurance on all members and are members of the Illinois Firemen's and Lake County Firemen's associations.

Building and Loan
Reduces Interest

(Continued from Page 5)

the Association have increased sharply, which has resulted, according to Mr. Meierhoff, in the Association having carried a large cash balance in the last few months.

"The Association has come to realize," said Mr. George Greene, newly elected President of the Association, "that in order to compete with the interest rate charged by other lending agencies, and in order to keep our funds loaned out and so be of greater service to the stockholders and the community, it will be necessary for us to loan money at less than 6 per cent. With this in mind we recommended to the stockholders that an amendment to the by-laws be passed which authorizes the directors to make loans at varying interest rates. The directors now have the right to make loans at different interest rates. We probably will still continue to make some loans at six per cent, but where the borrower has a high credit rating, we will now be able to make loans at 5 per cent, or even less. The amendments to the by-laws, which have been prepared by our attorney, Mr. Bowen E. Schumacher, we feel mark a decided forward step in the progress of our Association and will enable us not only to keep our funds loaned out but to avail ourselves of the large supply of credit available to us at extremely low rates at the Federal Home Loan Bank."

Further action of the stockholders was taken in approving a lengthy report from the secretary and in re-electing three of the directors. The newly re-elected directors are Mr. George Greene, Mr. Charles F. Grant and Mr. Walter E. Meierhoff.

LOOM To Sponsor
Wrestling Card In
Waukegan, Friday

Ruffy Silverstein, Karol Krauser, Jim McMillen, Hans Schnable—all in the same evening—all on the same wrestling card. Yes, all of them and the Swedish Angel too. Lake county sport fans are expected to flock to the Waukegan high school gym Friday night, Feb. 14, when the Loyal Order of Moose sponsor the biggest athletic event of its kind this year.

Topping the all-heavyweight, all-professional Valentine Day wrestling extravaganza is the one fall match to the finish between two of the mightiest men in sport, the Swedish Angel, throw-back to the Stone Age man, and Hans Schnable, heavyweight champion of Germany. Friday's match will mark the first meeting of this pair and should develop into one of the most gruelling struggles ever witnessed in a Lake county ring.

The three supporting matches, every one of them suitable to be billed as main events anywhere, feature several of the nation's most glittering wrestling stars.

BEST

"My N
By W

220 pages.
N. Schultz.

The Pulitzer Prize-winning book, "The Name Is Aram," by Saroyan, is a life of the average man. Saroyan has written a biography. It is to be that and, consequently, would admit to assumption.

Saroyan is a man. He is not a dignitary. He is not a man of letters. He is a man of letters. He is a man of letters. He is a man of letters.

"My Name Is Aram" is a book that is a good idea. It is a good idea. It is a good idea. It is a good idea.

In all their stories. Each one is a story. Each one is a story. Each one is a story.

Arms for the... is, William... that that is... his writings... character. No... Saroyan him... aggerate a vi... ish picture of... man being.
