WILSON'S Weekly RECIPES

From New York to New Orleans, I find home-makers confused by the different claims made for different hams. I don't blame you. Perhaps it will simplify things if you'll remember that there is only one genuine Tender Made Ham. It is made by Wilson & Co. by a Secret Process. It is fork-tender and requires no cooking. If you prefer it hot, however, this accommodating ham heats in 5 minutes to the pound to rosy pink succulence.

ECONOMY TIP. You can serve practically as many people with a 12-pound Wilson's Tender Made Ham as with a 16-pound ordinary ham. Reason—ordinary ham requires up to 30 minutes baking per pound, entailing continuous oven shrinking. Tender Made Ham requires but 5 minutes heating per pound. No wasteful oven shrinkage.

PATRIOTIC SANDWICHES
Cut star-shaped sandwiches. Spread them with Wilson's Certified Tender Made Deviled Ham.

Tender Made Ham AU GEORGE

Take ham from refrigerator and allow it to reach room temperature. Heat 5 minutes per pound in a 350° F. oven. With a star cooky cutter cut stars from grapefruit peel. Cook in boiling water for 30 minutes. Drain. Melt 2 cups of cranberry jelly and cook the grapefruit stars in the jelly till they become semi-transparent. Remove ham from oven, take off skin. Fasten stars onto the ham with cloves. Pour remainder of jelly over the ham. Return to oven for several basting.

THE HAM OF A THOUSAND USES

If your family is too small to eat a whole ham at one meal, your butcher will cut up your Tender Made Ham into three parts: butt, shank, and several thick, juicy center slices.

Butt end. Bake at 375° F. for 10 to 12 minutes per pound and serve hot.

Shank end. Shred the meat. Scramble it with eggs. Or serve creamed on toast. Or use it in a macaroni-ham casserole.

Center slices. Broil 7 minutes per side at 400° F. (The juiciness of Tender Made Ham will remind you of broiled steak.)

DO'S AND DON'TS FOR BROILING

Oil broiler rack with meat fat.

Preheat broiler ten minutes.

Set broiler rack so that surface of meat is 3½ inches from heat.

Put vegetables to broil under the meat rack so that they get the benefit of the meat drippings.

Don't fail to observe broiling instructions that come with your stove.

Don't leave broiler door open, nor cook meats at too high a temperature.

Till next week, good-bye.—G. R.
