W. E. Heller Home Featured In April Issue of Magazine

The charming home of Mr. and Mrs. Walter E. Heller in Highland Park is being featured in the April issue of the American Home. Titled "Distinction in Illinois Country Home," the article is illustrated with handsome colored photographs of the interior, and appears on pages 54 to 59.

Ernest A. Grunsfeld Jr., and Wallace F. Yerkes were the architects and the landscaping was done by Gertrude E. Deimel.

The American Home makes a policy of selecting real homes for publication. The editors feel that their over 2,200,000 readers prefer actual examples of building, decorating or remodeling to imaginary ones. Homes like this one of Mr. and Mrs. Heller, they believe, provide a real stimulus to building activity.
