On the edge of town there is a nursery where field grown plants may be purchased for as little as 10 cents a clump. The perennials can go in now and a little later go out for your annuals. You'll be well rewarded by the resulting beauty of blooms for your trip.

May I Say Another Word about moths? Thank you! Why not moth-proof your clothes at home or even that chair that looks suspiciously like it had some in it. Didn't you see a moth fly out from under it yesterday? The answer, a quart, a half gallon or a gallon of moth-proof liquid at \$1.50, \$2.50 and \$4.50 and you can put every wollen away for the summer with a clean conscience.
