keeping with the troop's slogan, "A
boys' troop run by boys." Every
scout in the troop will have some
part in the affair.★ **29 MILLION!****A record
never before
approached!**★When the 29,000,000th Ford rolled
recently from the assembly line, an all-
time record for the industry was set.
29,000,000 units built by the same man-
agement and all bearing one name—a
name that has become one of the best-
known trade-marks in the world!It is significant that this achievement
comes at a time when our country is
making a mighty effort to re-arm swiftly.
For to further that effort, to help speed
it along in any possible way, we have
offered the vast facilities of the Rouge
Plant and every ounce of our experience.As you read this, a new \$21,000,000
Ford airplane engine plant, started only
last fall, is nearly completed. A new mag-
nesium alloy plant, one of the few in thecountry, is already in production on light-
weight airplane engine castings. Work
is right now under way on a new
\$18,000,000 plant for mass production
of big bomber assemblies. Orders have
been filled for military vehicles of several
types, including army reconnaissance
cars, staff cars and bomb service trucks.In the midst of this activity for National
Defense, building the 29 millionth Ford
car is simply one part of the day's work.The public has acclaimed the 1941
Ford car as the finest in Ford history. Ford
Dealers are enjoying their greatest sales
and expecting their best year since 1937.It is good to be *producing* the things
America needs, and to be setting records
on the way!**FORD MOTOR COMPANY****PURNELL & WISON, Inc.**
