**WILSON'S Weekly RECIPES**

Why wear yourself out shopping for meat every day when with one purchase—a Wilson's Certified Smoked Ham (the original Tender, Extra-Mild) you have several days' menus shopped for and practically ready? Have your dealer cut the ham in half and take out a few center slices for broiling. Use the butt for baking, and the shank for boiling.

**STAY FRESH BACON for HOME and PICNICS**

There's a new and better way of packaging sliced bacon to keep it fresh for home and picnic use. It is Wilson's Certified Family Style Bacon—a two-pound thrifty priced package in which the bacon is sliced in he-man slices, then packed tightly back on the rind bolt upright. It's easier to carry, stays fresher, saves money. Try it this week-end.

Wrap slices of Wilson's Certified Bacon around Wilson's Certified Frankfurters and broil over an open fire.

**HOW TO BUY HAM**

✓ RICH SMOKE FLAVOR  
✓ TENDER  
✓ EXTRA MILD  
✓ BAKES IN 16 MINUTES PER LB.

COOK BEFORE EATING

I have been asked why Wilson's Certified Smoked Hams are so supremely delicious (1) Because of the Wilson Secret Curing Process—their (2) Extra mild rich smoked flavor and surpassing tenderness and (3) They are really so tender that an average size ham bakes in an open roaster in 16 minutes per pound in a 325° to 350° F oven. A slightly longer time is required for smaller hams or half hams. Have ham at room temperature (68° to 70° F), before putting it in the oven.
