

Playground Program To Open Monday

Ray J. Cox and E. J. Brown To Direct Activities For Young and Old

Young folks and old folks and folks in between will be given the opportunity to participate in the summer recreation and playground program starting next Monday, June 16th, according to plans announced this week by E. J. Brown, superintendent of parks.

Under the direction of Ray J. Cox, recreation director, the program will be built around the two major summer sports, baseball and swimming. For those not interested in these two activities, a schedule has been worked out that will cover volleyball, horseshoes, tennis, badminton, soccer and track meets.

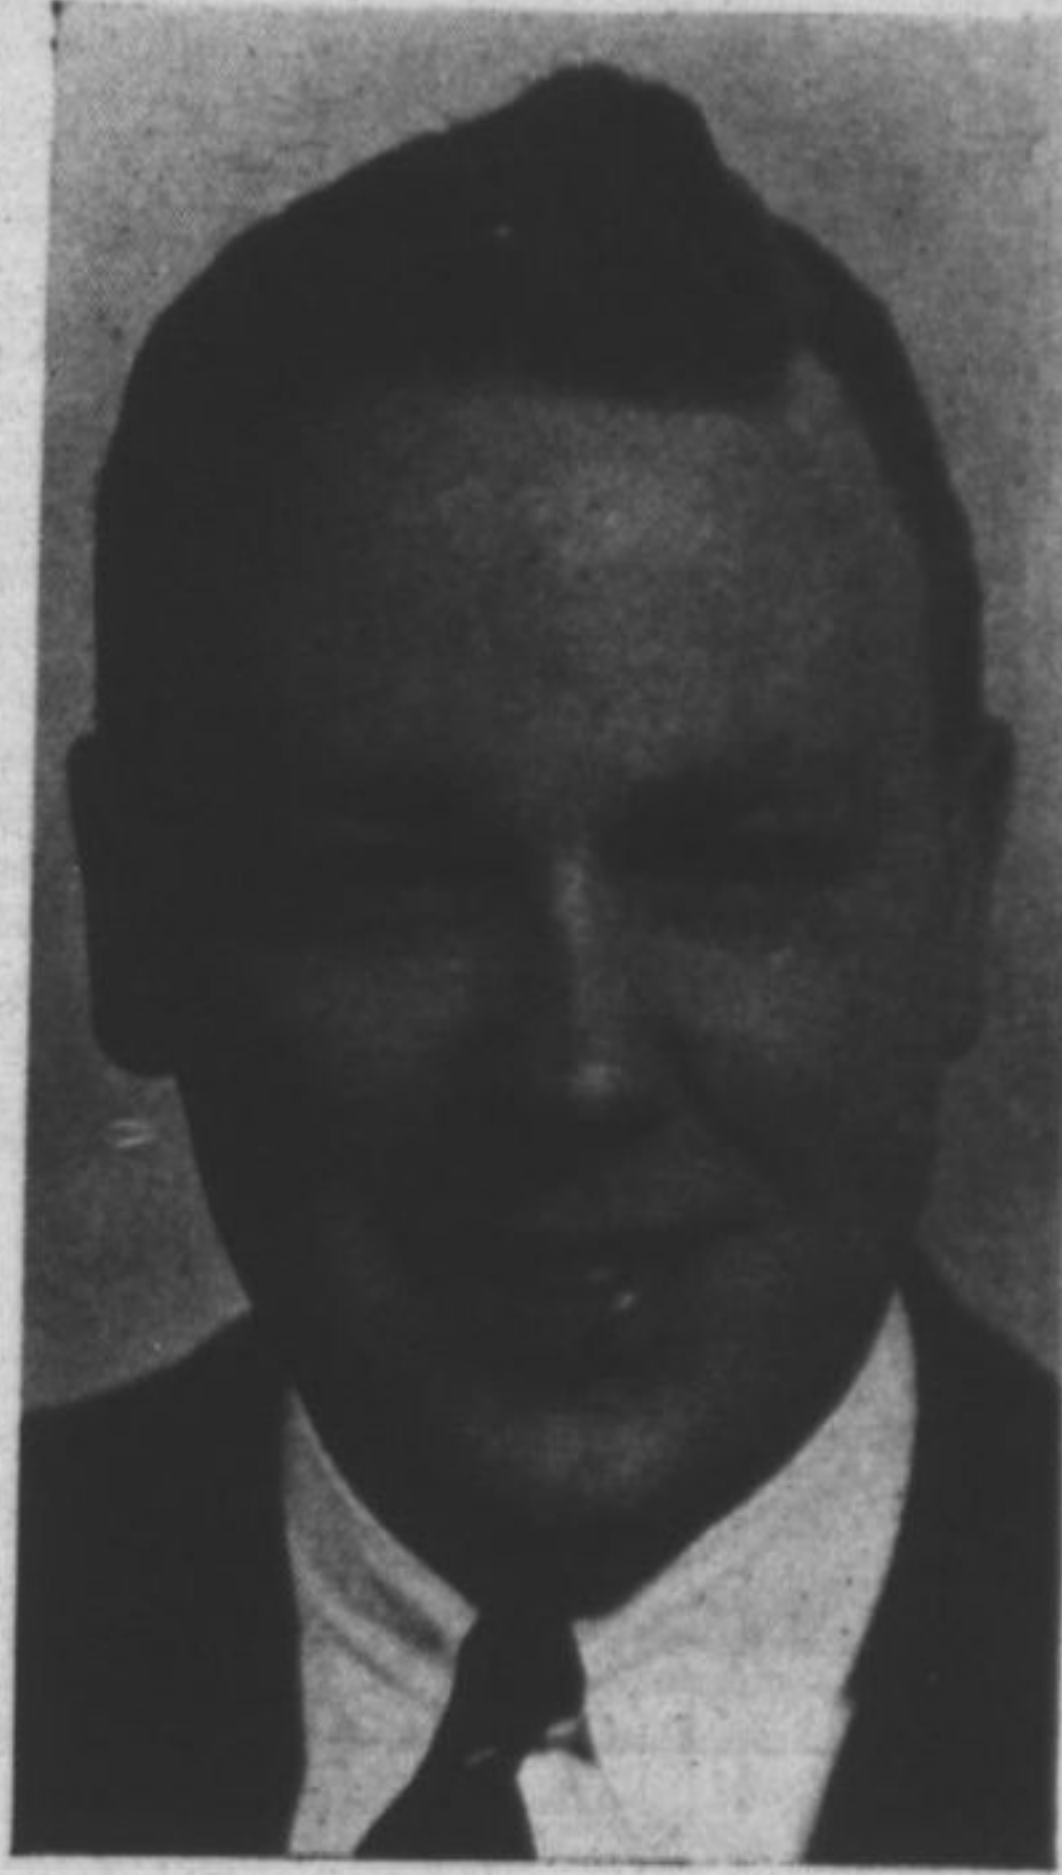

To be sure the recreational facilities will appeal to all ages, arrangements have been made to include handicrafts, story hours, trips to the Cubs and Sox ball games, picnics, hikes, and visits to other playgrounds for competitive sporting events.

It is the intent of the playground staff this summer to carry on the swimming project as in former years, so that by the end of the season, in mid August, every child taking advantage of the instruction offered will be able to swim. Experienced instructors have been secured to do this work and it is hoped that parents in the community will urge their children to attend these classes. Baseball teams for both boys and girls will be organized on all the playgrounds and will play a regular schedule of games in which sportsmanship as well as skill will be stressed.

Instructors will be on the playgrounds next Monday morning at which time the children may register and information will be given as to the schedule for the remainder of the week. A schedule of activities for the playgrounds will appear in The Press each week. There is no charge for any of the playground projects offered by the Park Board on the playgrounds.

Dr. J. A. Butterworth Elected President Of H. P. Lions Club

Dr. James A. Butterworth was elected president of the Highland Park Lions club, at a meeting held Thursday noon at the Sunset Valley Country club. Dr. Butterworth succeeds Arthur Snipes.

Dr. J. A. Butterworth

Other officers elected were: Max Suess, first vice-president; Clifford R. Moran, second vice-president; Dr. Samuel R. Banfield, third vice-president; Henry Eitner, secretary; William Seguin, treasurer; Harry Roberts, Lion tamer; Gordon Leonard, tail twister; Hans Bahr and Leslie Brand, directors.

At the meeting held today, the club was entertained with crime from an ex-criminal, R. W. (Razor) Fenton. Fenton decided to "go straight" after 23 years as a pick pocket and bank bunco man. Robert Roeber was in charge of the program.

League of Women Voters Complete Book Of County Survey

After the 32 members of the Highland Park League of Women Voters working on the County Survey had interviewed the county and township officials; had studied tax reports, audit sheets, and state laws; had visited each tax-supported county institutions; and had finally condensed their material into a 53-page mimeographed pamphlet, the remaining job of securing purchasing readers of the book should not be difficult.

Any resident of Lake county will find the "Survey of Lake County and Deerfield Township" interesting reading; and certainly those citizens who pretend to keep up with local developments will discover things that no individual working alone could possibly have unearthed.

The booklet is handy in that it is divided into sections and so can be picked up and read piece-meal when a few minutes' time permit. It is indexed so that a student of a particular subject can refer to that portion of the pamphlet easily. Anyone purchasing a copy will find himself reading portions of it aloud to friends and family to prove a debatable point.

In the foreword of the Survey appears the explanation of why the league prepared this report. The reason was twofold: "first, to present to the membership of the Highland Park League an accurate, impartial, factual picture of the government for which they, as citizens, are responsible; and, secondly, to demonstrate that league members practice what they preach. They believe a continuing political education is necessary to the success of a democratic form of government so that an increasing number of citizens will base their opinions on fact and use their opportunities as voters to make these opinions effective."

In order to accomplish the latter purpose the local league is assuming over half the cost of mimeographing the material it's committee members so faithfully obtained. Thus copies of the Survey can be procured by the general public for only ten cents. Those who haven't been contacted may call Mrs. Myron Gutman direct. Her phone is H. P. 4315.

Publicity chairman,
Mrs. G. K. Hardacre,

Senator B. K. Wheeler To Speak at Rally Here, Sunday, June 22

The first meeting of the Highland Park chapter of the America First committee was such a huge success that they are going to stage a big North Shore Rally, Sunday, June 22 at 8 p.m. at the Highland Park High School auditorium. Senator Burton K. Wheeler of Montana will be the main speaker. He has been one of the leading speakers throughout the country for the America First committee.

General Robert E. Wood, the National Acting Chairman of the America First committee will preside.

The meeting is free and open to the public.

ANNUAL MEETING OF CHRISTIAN SCIENCE AT BOSTON, JUNE 2

BOSTON, Mass., June 2—Some 6,000 Christian Scientists from many parts of the world gathered in annual meeting today in Boston were called upon by The Christian Science Board of Directors to consecrate themselves to the defense of the democratic system of government as the best human instrument for preserving the basic rights of mankind to "life, liberty, and the pursuit of happiness."

In thus definitely allying this world-wide religious movement with the defenders of democracy everywhere, the Directors stated that it was their conviction that if social and political freedom is to be preserved "democratic forms of government must be maintained."

Directors' Report

The occasion for the stirring message of the Directors was the annual meeting of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts. The Directors stated: "We are moved not by a desire to voice our own views, but to let the world know that we share with our Leader, Mary Baker Eddy, her confidence in the immortality of the sentiment expressed in the Declaration of Independence that 'man is endowed with certain inalienable rights, among which are life, liberty and the pursuit of happiness.'"

Incoming President

John Randall Dunn

The Directors also announced the election of John Randall Dunn of Boston and Centerville, Mass., as President of The Mother Church for the ensuing year. The chief duty of the President is to preside at the Annual Meeting.

The new President is the son of James Randall Dunn, long identified with the United States Immigration Service. He is a native of Massillon, Ohio, receiving his schooling there and in San Francisco and from private tutors. For a few years he was in the service of the government, but gave up his work for the healing ministry of Christian Science. He has served this movement many years in a large variety of positions including First Reader of The Mother Church and as a Christian Science lecturer, during which he carried the message of Christian Science into all parts of the world.
