

NEWS OF LAKE COUNTY

by Knight N. Day

This department will be an occasional feature of The NEW Highland Park Press. Its purpose is to give our readers such information about our County government as will enable them to glimpse a clearer picture of events and personalities which should be of interest to every voter and tax payer.

During recent years Highland Park, after a long period of lethargy, has demonstrated an increasing civic consciousness. We have taken a long step toward putting our own household in order, by seeing to it that we have city officials whose sense of community responsibility is expressed in constructive action for the good of the city as a whole.

But Highland Park, with its almost 16,000 citizens, is an important entity in a larger picture. We pay a substantial share of tax money into the County treasury.

It is only right and natural that we should want to know, where our money is spent, who spends it, and what we get back for it.

The Press, politically will be forth-rightly Republican. This does not mean, however, that it will owe blind allegiance to any clique or machine. It will weigh and measure candidates and public officials on their record of integrity and performance.

For work well done there will be recognition and generous praise. For neglect and slipshod public service there will be stinging rebuke. All to the end that Highland Park may share in a greater measure, not only the responsibilities of Lake County citizenship, but in its many and important privileges.

And so, from time to time as occasion warrants, you will read in this column, biographical sketches about the men who hold and administer Lake County offices. Thru these comments, it is hoped, you will be able to gain an undistorted view of their records of service, unbiased by the heat and excitement of a political campaign.

You will also read here about things that are ordinarily known only to the few "insiders" who think they run things to suit themselves.

In a word, from now on readers of The Press will listen in on the "hush-hush" discussions which the tradition of American politics has made a part of our governmental economy.

So don't fail to read NEWS OF LAKE COUNTY. You will find it only in The Highland Park Press.

WILSON'S Weekly RECIPES

Remember those long, dark, winter days when you promised yourself that come summer you were going to cook less and get out of doors more? I firmly believe that Wilson's Certified Tender Made Ham is the answer to the homemaker's prayer for easy-to-prepare meals. This accommodating ham comes ready to eat. Or it can be heated in five minutes per pound. To make your shopping easier, bear in mind that only Wilson & Co. makes Tender Made Ham, it's "the ham you cut with a fork."

WILSON'S Certified Tender Made HAM

LESS SHOPPING AND COOKING—GRAND MEALS!

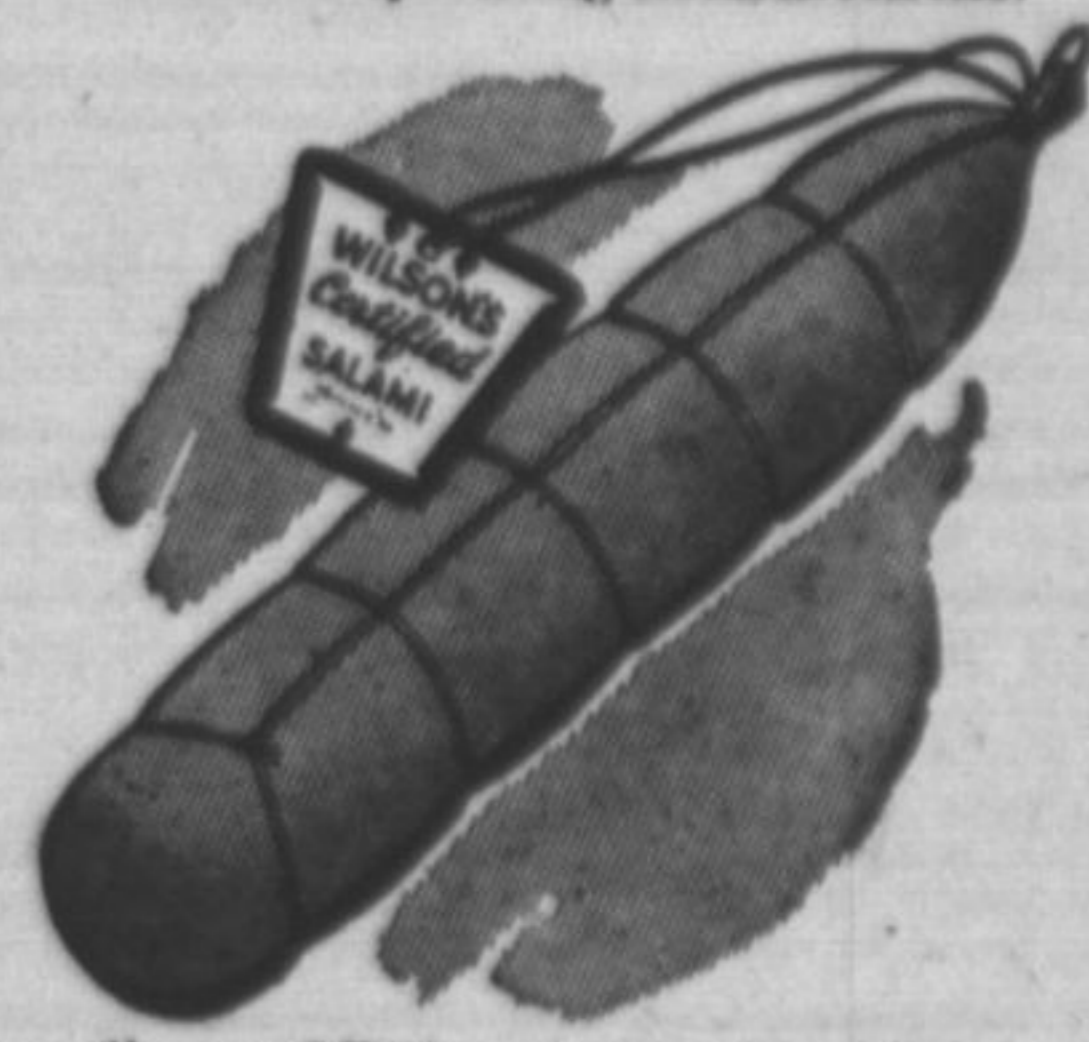

A Wilson's Certified Tender Made Ham will provide more work-free delicious dishes than any other one purchase you can make! From one ham you can have (count 'em) all these different delicacies: cold slices, baked ham, frizzled breakfast ham, a broiled platter of juicy ham steaks, hot toasted sandwiches in cream sauce, choice "ham and" salads, and picnic dishes galore. What meals, what a ham!

THAT ARTIST'S TOUCH

Vary your salads by adding to salad dressing flavor variants such as fruit juice, chopped nuts, olives, etc. This flavor blending makes artists out of plain cooks. Always start with perfect salad dressing. I can recommend Wilson's Mayonnaise and Wilson's Salad Dressing because I know the quality ingredients that go into both and I think they are of the highest quality.

NEW LIFE FOR MENUS
Browse around among Wilson's Certified Ready-to-serve meats. Learn to know and serve them all. Buy them with confidence. They are made of finest meats in sparkling clean kitchens.

Some of Wilson's Certified Dry Sausages are richly smoked. Others are air dried as they were in Europe (Wilson's dry them in washed air). This process evaporates the moisture and gives a concentrated nourishing food at modest cost. Wilson's Certified Salami is firm textured, somewhat hard, and highly seasoned. Its tangy flavor pops up sandwiches and cold platters.

Wilson's Certified Cervelat (summer sausage to you) is finely chopped, dark in color, and delicately spiced (no garlic). Try it in salads, creamed soups and with scrambled Clear Brook Eggs. Wilson's Certified Bologna is a real aristocrat. It is made of tender juicy lean pork and beef. It is good sliced or fried. Delicious with hot slaw or hot potato salad.
