CHRISTIAN SCIENCE CHURCHES

"God the Preserver of Man" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, June 15.

The Golden Text was, "The eternal God is thy refuge, and underneath are the everlasting arms" (Deuteronomy 33:27).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "He that dwelleth in the secret place of the most High shall abide under the shadow of the Almighty. I will say of the Lord, He is my refuge and my fortress: my God; in him will I trust. He shall cover thee with his feathers, and under his wings shalt thou trust: his truth shall be thy shield and buckler" (Psalms 91: 1, 2, 4).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The divine Mind that made man maintains His own image and likeness. All that really exists is the divine Mind and its idea, and in this Mind the entire being is found harmonious and eternal" (p. 151).
