## GRAPEVINE By GRACIOUS

Wonder who the gay young blade is that drives his jalopy up and down Central avenue late at night, making terrific racket? Better take it easy, fellow, the neighbors are complaining.

Someone took \$20 from the home of Mrs. Leslie A. Johnson, 302 N. St. Johns avenue, Thursday. Seems the robber didn't want the jewelry that was laying around the dresser. (Choozey huh?)

Have you seen spots before your eyes lately? It may be a local gal who was missing from her home last Saturday. Her husband, who was out looking for her, said she was wearing a polka dot dress. (Also said she had had a couple of "nips")

What well known Highland Park interior decorator, somewhat new in our midst, has his workroom so filled that he is looking for work four weeks in advance?

Don't forget to make reservations for the first dinner-dance at Moraine-on-the-Lake, August 1. Carl Sands' orchestra will play.

## Dodge gives you FULL-FLOATING RIDE and ALL-FLUID DRIVE

There aren't any sails, or masts, or sea-rigging on Dodge—but she's got mighty propellers amidships. She's the smoothest thing afloat—on the highway. Her power ebbs and flows without the jerks or jolts that go with shifting when you don't want to shift, or clutching when you don't choose to clutch. Dodges float, all right—but they'll float at terrific speed; they're steady and sturdy and low to the ground—they steer a true course.

They are full of features made famous by time. They lead in buoyant riding ease all their own—as you'll find for yourself when you call back your first joys of driving in these cars that almost drive themselves.
