

### Selective Service To Use System Of Pre-Medical Exams

Paul G. Armstrong, State Director of Selective Service, announced today that beginning December 15 the System in this state will use the pre-medical examination plan. Selective Service registrants who are classed in 1-A will receive their final type physical examination by a United States Army Medical Board and if they are found qualified for military service they will be returned to their homes for not less than ten days for the purpose of settling their affairs before they are inducted into the Army. It is not expected that any of these men so examined in December will be inducted before January 5.

The Director also pointed out that the present local board medical examination facilities will not be abandoned. Local board physicians will function as advisors to their local boards and will check registrants for obvious disqualifying disabilities.

### Antioch Bank To Pay Ten Cent Dividend

Arthur C. Lueder, state Auditor of Public Accounts, announced today that he has authorized the State Bank of Antioch, Antioch, Illinois, to pay a dividend of 10 per cent amounting to \$16,041.51 on waived deposits.

Following the banking moratorium of March 1933, the depositors of this bank waived 50 per cent of their deposits, thus enabling the bank to resume business. The total waived amounted to \$160,415.09.

### Telephone Company Anticipating Many Xmas Day Calls

Part of the Christmas rush that is not seen by most of us is the enormous increase in telephone calls to other cities. Long Distance telephone traffic throughout the nation is going to skyrocket this Christmas, according to Illinois Bell Telephone Company. "There will be some delays on these calls in spite of everything that can be done to speed them," the company stated. "Since these are abnormal times, people who wish to extend holiday greetings to distant friends and relatives may avoid the Christmas rush by calling a day or two before or after December 25 this year."

"Last year Long Distance calls to many points were six times normal."

"There are hundreds of thousands more men in our military and naval forces this year as well as workers in defense plants who are far removed from their former localities and who will want to be in touch with their families and friends."

"We will have hundreds of extra operators and other extra employees on duty. New facilities have been added and we will have more circuits than ever. Telephone people expect to do all that is humanly possible to see that calls go through. However, it is impossible to expand the telephone system to six times its normal capacity for one day in the year and we know that some Long Distance calls will be delayed in spite of all we can do."

This is the fourth payment to the depositors on the amount waived.

### Y.W.C.A. Notes

The Emanon League and "Just Us Girls" Club will meet together Tuesday night, December 16, at the Y.W.C.A., 374 Laurel Avenue, to celebrate their annual Christmas party.

Miss Tula Fiochi, Clara Melchiorre, and Fried Glass are in charge of the evening's entertainment. Miss Margery Maechtle, Marge Hansen, Lila and Lela Letson, and Mary and Betty Cunningham are in charge of the refreshments. Following games in the Assembly Hall, gifts will be exchanged around the big Christmas tree in the living room. Refreshments will be served from a candle-light table.

These two clubs are cooperating in furnishing a Christmas basket including food, clothing, and gifts, to a family recommended by the Social Service Committee of Highland Park.

**Friendship Club Xmas Party**  
Thirty members of the Friendship Club and their sponsors, Mrs. George Prindle and Mrs. Theodore Fischer will gather at the Y.W.C.A. at 6:30 p.m. Thursday, December 18, to celebrate with a Christmas dinner and evening of games. The evening's activities will be climaxed by an exchange of gifts.

Dinner arrangements are being handled by Miss Marie Wheat, Aileen Member and Margaret Brennan. Miss Susan Goschey is planning the recreation for the evening.

**Party for Member's Children**  
On Sunday, December 21, the Y.W.C.A. Assembly Hall will be thrown open to members of the Saturday Evening Club who are giving a Christmas party for their children.

Special games are being planned in which both parents and children can participate. Santa Claus will be present to distribute gifts among the children followed by refreshments.

**Caroling—Open House**  
Tentative plans are under way to hold an Open-House for service men on Sunday afternoon, December 21, in the Y.W.C.A., 374 Laurel Avenue.

Christmas caroling will be held at the Library Park after which the Service Men are invited to drop into the Y.W.C.A. for Open House festivities.

**Mothers' Club Xmas Party**  
Special arrangements are being made for the Mothers' Club annual Christmas party for their children to be held Monday, December 22, 2 to 4 p.m., which will be held in the Y.W.C.A. Assembly Hall.

Santa Claus will be here to assist the mothers in entertaining the children, and to see that each one receives a gift. Refreshments and singing will close the afternoon's activities.

**Christmas Tree Bedecked with Flags**  
One of the most unusual Christmas trees in the community is the flag room of the Y.W.C.A. Small flags of bedecked tree standing in the living room every different nation wave merrily—democratically—from its branches, lending a colorful decorative note to the somber green branches. At the foot of the tree is a large basket to which all of the club groups are contributing canned foods and gifts for the Dorcas Home.

Visitors are invited to drop in and see the tree at any time.

### Red Cross Aiding Persons Trying To Find War Victims

The American Red Cross is accepting inquiries from individuals seeking information relative to the safety and welfare of their relatives in the war zones, members of the armed forces as well as civilians, it has been announced by James B. Forgan, chairman of the Chicago Chapter.

Inquirers are asked to communicate with the chapter in person or by telephone, at 616 South Michigan avenue. The telephone is Wabash 3250. The territory served by the Chicago Chapter includes Cook and DuPage counties and the southern half of Lake county, Illinois.

National headquarters of the Red Cross is working directly with the War, Navy and State departments in forwarding the inquiries to the war zones and obtaining the requested information.

Communications to the Pacific war zones have been seriously disrupted and delay is to be expected in the receipt of messages from those areas, Mr. Forgan warned.

The first attention of Red Cross workers in the war zones is being directed to giving relief to victims of the bombing, but every effort is being made to facilitate communications between families separated by the war, Mr. Forgan has been advised by national Red Cross headquarters.

### Service Men Will Receive Guide Books

Uncle Sam's boys in uniform and their friends and relatives are going to have a real service rendered them. The Work Projects Administration in Illinois, through the Writers Project, will shortly begin a compilation of military area guides, states Chas. P. Casey, Administrator.

These guides, part of the national defense series of the Writers Program, will consist of a number of books, each to contain 18,000 to 25,000 words of text, a map of the continent and a map of the environs. Army officers state there is a need for this type of publication to be prepared by the WPA, and believe it will perform a distinct service. Illinois books will be written for Scott Field, Chanute Field, Camp Grant, Great Lakes Naval Training Station and Fort Sheridan, the latter posts to be combined in one volume. There is a possibility the Scott Field pamphlet will contain information on Jefferson Barracks (Mo.), which is just across the state line.

The main objectives of the guides are: to give the soldier in lively and readable form some conception of the community's background, way of life, customs and traditions; arouse local people to a clearer and more sympathetic understanding of the "guests in uniform" special problems, needs and desires; provide soldiers with a graphic authentic history of their posts; furnish soldiers with all possible information about recreational interests in the vicinity of the camp; and give visitors an informative guide to the post and its activities.

### T. B. Association of Lake County Selling Seals

The National Tuberculosis Association and its 1700 affiliated associations from coast to coast have offered their full services to the U. S. Public Health Service. Dr. Kendal Emerson, Managing director of the National Association, is a telegram to Dr. Thomas Parran, surgeon general of the U. S. Public Health Service, said:

"Realizing the vital significance of maintaining national health under war conditions, the National Tuberculosis Association and its affiliated tuberculosis associations offer the United States Public Health Service all co-operation within its power in carrying out your plans for the protection of the people's health."

### ROOSEVELT URGES SALE

"We must continue to give our full support to the National Tuberculosis Association and its 1700 affiliated organizations throughout the country," said President Roosevelt in an appeal to the public for support of the 35th annual Christmas Seal Sale.

"We must help overcome a disease that still kills more persons between the ages of 15 and 45 than any other cause of death," continued the President. "The anti-tuberculosis campaign has long been a vital part of the foundation of the structure of our country because health is the first requisite of a nation, as well as of an individual."

"This year, above all years we must, and I am sure will, faithfully observe one of our oldest, most worthy American customs—giving health to ourselves and to others through Christmas Seals."

### LAKE COUNTY ASS'N

No duty must be shirked during the present crisis of war by our Lake County Tuberculosis Association. Our work must go on. Our public must be told about the responsibility facing our association and about the serious effect that war may have on tuberculosis control activities. Our work is vitally important in home defense. We wish it were possible to say that more difficult days do not lie ahead, but we know better than that.

It is quite possible that our Association will need even more funds than in the past to carry on its program in Lake County and to meet extra demands in the interest of the health in our community. We must give health to our County to make our State and our Nation strong for defense. As our association is financed by the donations from Christmas Seals we plea with those who have not contributed to be as generous as possible and to send in their contributions early that the Association may prepare its budget for another year.

### Exmoor To Give New Years Party

Exmoor Country Club will hold their annual New Year's Eve Dinner Dance Wednesday, December 31. Cocktails and canapes from eight to ten. Dinner at ten. Dancing from ten until two. No cancellations accepted after December 27th. Please make reservations AT ONCE.

### Navy Looking For Amateur Radio Operators

The Navy Department today issued a call for Amateur Radio Operators and Radio Repair and Service-men. The existing state of war necessitates that they be procured within 60 days for duty as technicians in connection with RADAR, the Navy's new secret device for detecting the approach of enemy aircraft and submarines. Enlistments will be made until RADAR school quotas are filled.

Until now, men with radio training could join the Navy only with initial ratings of Apprentice Seaman at \$21 a month. Under the new plan, qualified applicants between the ages of 17 and 35 may enter the service as Naval Reservists with Petty Officer rank, and receive schooling that will fit them for advanced ratings paying as high as \$99 monthly, plus additional allowances for dependents.

Applicants should be high school graduates and hold class A or B Amateur Radio Licenses. If they have no license, they may qualify if they have been actively engaged in radio repair or service work, or have had experience in high-frequency design, reception, or transmission.

Those accepted will be given the rate of Radioman, second class, at \$72 monthly—and an additional \$1.15 a day if they have dependents. Pay in all cases is net, since the Navy provides food, quarters, uniforms, and medical and dental care. Enlistment in the Naval Reserve is for the duration of the national emergency.

Other radio enthusiasts who do not possess the qualifications named above may also qualify for specialized RADAR training. They will of necessity be enlisted at a lower rate, but upon successful completion of the RADAR course may be recommended for advancement in rating.

Those "hams" and radio experimenters who enlist in the midwest will probably be sent to eastern Naval Training School (Radio), where they will be given specialized RADAR instruction in ultra-high frequency theory and practice.

Men interested in RADAR can obtain further information by going or writing to the Navy recruiting station or substitution in their vicinity.

The United States Civil Service Commission announces an open competitive examination for SHEET METAL WORKER, \$6.80 to \$7.76 A Day, in the Ordnance Service, War Department, Rock Island Arsenal, Rock Island, Illinois.

Application blanks and full information as to experience and other requirements may be obtained from the Secretary, Board of U. S. Civil Service Examiners, Rock Island Arsenal, Rock Island, Illinois; Secretary, Board of U. S. Civil Service Examiners, at any first- or second-class post office in the States of Illinois, Michigan, and Wisconsin; or the Manager, Seventh U. S. Civil Service District, Post Office Building, Chicago, Illinois.

Applications must be filed with the Secretary, Board of U. S. Civil Service Examiners, Rock Island Arsenal, Rock Island, Illinois, AND WILL BE ACCEPTED UNTIL FURTHER NOTICE.

### WILSON'S Christmas RECIPES

Two four-day holidays ahead! It's real work planning meals for all these meals. Here's a suggestion to make your shopping and meal planning much easier. Order both a Wilson's Certified Turkey and a Wilson's Certified Tender Made Ham.

Then for Christmas dinner serve that glorious combination which made Rector's famous—a slice of turkey on a juicy slice of ham. How these two fine meats enhance each other's flavor! And you have the comforting assurance that you have plenty of delicious meat to see you through until Monday.

**George Rector**  
Food Consultant to Wilson & Co.

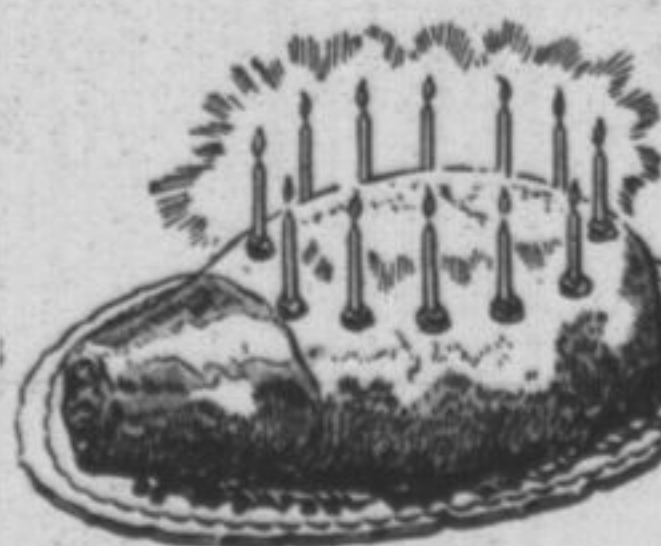

**NEW WAY TO ROAST FOWL**  
Place on a rack, breast side down (so that the juices stay in the white meat). Cover with a cloth moistened with Clear Brook Butter. When bird is half done, turn breast side up.

Of course, you should choose tender poultry to start with. So whether you choose turkey, chicken, goose, or duck, look for the Wilson Certified Label. It is your guarantee that the bird is tender, well-meat, juicy and fine-flavored.

**\*RED AND GREEN COCKTAIL**  
Dice unpeeled red-skinned apples and combine with equal amounts of halved seedless green grapes. Pour sweetened grapefruit juice over this mixture at least half an hour before serving. Decorate each serving with a sprig of mint and crushed green mint candies.

**Christmas Eve Ham**  
If you prefer a ham you bake, order a Wilson's Certified Smoked Ham. If you wish a ham which comes ready to eat, or can be quickly heated, order a Wilson's Certified Tender Made Ham. In either case, prepare and glaze the ham according to the recipe in the package.

**EASY, GAY DECORATION**  
After the ham is glazed, arrange on it in a circle a dozen green birthday candle holders. Put white candles in them, light, and bring the ham to the table in a blaze of Yuletide glory.

And Remember, only Wilson & Co. makes genuine Tender Made Ham, the ham you eat with a fork.

AND NOW, to all members of the world's most important profession—the American homemaker—a merry, merry Christmas. See you next week. G. R.

The Wilson Label protects your table
