

Raymond E. Kuehne Will Begin Army Flight Training

With his pre-flight training behind him, Raymond E. Kuehne, son of Mr. and Mrs. Ernest H. Kuehne, 607 Glenview Ave., Highland Park, left the Air Corps Replacement Training Center (Aircrow) at Kelly Field, Texas, this week to begin flight training.

He is a member of the first wartime class to complete the basic military training and ground school instruction at this Replacement Center. The class was assigned to various primary flying schools located in the Gulf Coast Air Corps Training Center Area.

At the Replacement Center his training has been all on the drill field and in the classroom, but now he will have a chance to prove what he can do in the cockpit.

Ministers Week February 2-5

The Chicago Theological Seminary will act as host to 300 ministers of all Protestant denominations from the Chicago area and 16 states of the mid-West at its 11th annual Ministers' Week, February 2 to 5. The theme for the week will be "Spiritual Resources for These Times." The highlight of the four day conference will be the presentation of the 1942 series of Alden-Tuthill Lectures by Kenneth Scott Latourette, Professor of Missions and Oriental History in Yale University.

Mrs. Helen Allen

Funeral services were held Friday morning from Seguin and Logan funeral chapel for Mrs. Helen Allen, 73, who died Wednesday at the Lake County General hospital after a long illness. Interment was in Acacia Park cemetery. Surviving are her husband, Thomas, two sons, Leonard, Evanston and William of Lake Forest and three daughters, Mrs. Ellsworth Sheridan, Highland, Mrs. Louis Brackman, Buffalo, N. Y. and Miss Edith Allen, Evanston.

Accelerate Program At Lake Forest

An accelerated program at Lake Forest College in response to the wartime needs of its student body has been announced by President Herbert McComb Moore.

Registration has been advanced to Saturday, February 7, in order to save several days in opening the second semester. Second semester classes will meet on Monday, February 9. Students already enrolled at the college will register January 20-23, while the current semester classes are still in session.

Second semester work may be concluded sometime in May, according to a proposed calendar revision which omits the Easter recess and other holidays.

Early closing of the spring semester is planned in preparation for a possible summer session at Lake Forest College. This arrangement would reduce the period of attendance required for graduation and make it possible for men to complete a full college course before they are eligible for army or navy service.

Courses to better prepare Lake Forest College students for positions of responsibility in this crisis have been added to the coming semester's curriculum. Trigonometry and algebra courses required for navy enlistment and courses in military and naval history will be scheduled. The business administration courses already given by the college qualify graduates as ensigns in the ordnance and supply corps of the navy.

MRS. LOUISE E. SAATHOFF

Mrs. Louise E. Saathoff, 81, died Sunday morning at the home of her son, William H. Saathoff, 18 South Second street. Services will be held in Chenoa, her former home. Surviving are two sons, William and George E., three grandchildren and two great-grandchildren. Her husband preceded her in death two years ago.

Lake County Collects 89.1 Percent of Tax

Lake county collected 89.1 per cent of its current tax levy in 1940, with back taxes bringing total collections up to 94.7 per cent, while all 102 Illinois counties averaged 96.4 per cent current collections and 98.4 per cent total collections, according to a survey made public here by Barcus, Kindred and Company, specialists in Illinois municipal bonds.

That state-wide tax collections are continuing at a high level is indicated by the fact that in 1940 only seven counties had total collections less than 90 per cent. In 82 counties total collections were better than 95 per cent of the current levy. Lake county's tax rate was 51 cents

Scout Advancement Well Above Average

The National Council Boy Scouts of America has had an objective in advancement. For a local Council Organization, not more than 50% of its Scout membership Tenderfeet at any one time, and not less than 25% First Class rank and above. That includes Star, Life and Eagle ranks.

As of December 31, 1941 the North Shore Area Council had 45.7% of its Scouts Tenderfeet, and 30.3% First Class and above. This is a record of which Scouts and Scout Leaders in the North Shore Area Council take justifiable pride.

per hundred compared with a 49 cents average of all the counties in the state. Its assessed valuation was \$79,827,820 as against a \$17,917,792 state-wide average.

Red Cross Quota Half Collected

The 100,000 volunteer workers in Chicago's Red Cross War Relief drive had as their objective this week (starting Jan. 25) the half-way mark toward their \$3,750,000 goal. The official total of all subscriptions to date stood at \$1,532,921 or 41 per cent of the quota, James B. Forgan, general chairman of the campaign reported, leaving \$337,500 to be secured for the 50 per cent accomplishment.

With organization work in the three divisions of the campaign completed, however, Mr. Forgan said the pace of the drive is materially accelerating. Pledge cards, he said, have now been sent to 517 business and industrial firms with a total of 1,068,976 employees in the three-county area covered by the Red Cross chapter. In many cases, these have already been distributed and the first returns coming in to the Emergency War Fund headquarters at 105 South La Salle street, he reported, indicate a general acceptance of the campaign slogan of "one day's pay for those who are fighting."

LIONS

At a meeting of the Highland Park Lion's club held last week, Dr. James Butterworth, president, announced the formation of an executive committee composed of six members of the club. The new committee will meet weekly to talk over problems connected with the general committee work of the Lions club. Members of the executive committee are Dr. Butterworth, Lester Brand, Paul Dinkeloo, Henry Eitner, Ray Molendy and William Seguin.

At the first meeting of the executive committee it was decided to divide the work of the Lions club into six major divisions. Chairmen and their assistants of these divisions are as follows:

Program, Dr. Butterworth, chairman; B. E. Christense, W. Isbell, Hans Bahr. Publicity, Lester Brand, chairman; Max Suess, Gene Singer, Leonard Nietzer, Earl Fritsch. Membership, William Seguin, chairman; Ingram Rasmussen, Carl Hansen and Andy Jacobs. Attendance, Henry Eitner, chairman; Dr. Samuel Banfield; H. J. McDonough, Jack Outkrust, John Meyers and Dr. Arthur Wurth. War effort, Ray Molendy, chairman; Paul Beyers, Paul Olson, Robert Roebber, Fred Schweiger, Gordon Leonard and Ingram Rasmussen. Entertainment, Paul Dinkeloo, chairman; Robert Anspach; W. Crow, Robert Pease, and Robert Roebber.

Gerald McDonald

Services were held Sunday morning from St. Mary's church, Lake Forest for Gerald C. MacDonald, Jr., 7 years old, who was instantly killed Wednesday afternoon by the Northwestern streamliner. Jerry was going home on his bicycle at noon for lunch, when he rode his bike through the gates at Roger Williams avenue crossing into the path of the fast southbound train. He is survived by his parents Mr. and Mrs. Gerald C. MacDonald. Mr. MacDonald is director of the bureau of standards for Montgomery Ward and Co.

YOUR INCOME TAX

Many farmers will be liable for filing income tax returns and payment of tax for the first time this year. The term "farmers" includes livestock raisers, fruit and truck growers, and operators of plantations and ranches. Farmers may maintain their records and file their returns of income on either the cash receipts and disbursements basis or on the accrual basis of accounting. A consistent method must, however, be employed. If a cash basis is used, Form 1040F, "Schedule of Farm Income and Expenses" is required to be filled out and filed in conjunction with Form 1040.

Deductions from gross income may be made by farmers as necessary expenses, all amounts expended (other than those constituting capital expenditures) in carrying on the business of farming. Deductions for expenses include such items as cost of feeding and raising livestock (except the value of farm produce grown upon the farm and the labor of the taxpayer); cost of seed, minor repairs to farm buildings (other than the dwelling of the farmer); small tools used up in the course of a year or two; fuel and oil used for farm work; repairs and maintenance of farm machinery; hired laborers and hired machines, and cost of commercial fertilizers the benefit of which is of short duration.

The cost of farm machinery, equipment and farm buildings; amounts expended in the development of farms, orchards and ranches, as well as the amounts expended in the restoration of soil fertility preparatory to actual production of crops and the cost of liming soil to increase productivity over a period of years, are capital expenditures.

Losses incurred in the operation of farms as business enterprises are deductible from gross income. If livestock has been purchased for any purpose, and afterwards dies from disease, exposure or injury, or is killed by order of the authorities of a State or the United States, the actual purchase price of such livestock, less any depreciation allowable as a deduction in respect of such perished livestock, may be deducted as a loss if the loss is not compensated for by insurance or otherwise.

If gross income is ascertained by the use of inventories, no deduction can be taken separately for livestock or products lost during the year.

THE PRESIDENT'S BIRTHDAY FIGHT INFANTILE PARALYSIS

Those attractive coin containers you will see this week near the cash register in almost every store, station and place of business in Highland Park are for your convenience in adding to your dimes to the Fight Against Infantile Paralysis and in this way helping to Celebrate the President's 60th Birthday, January 30th.

ROTARY

N. E. Durbahn, instructor of building and architecture at the Highland Park high school, was the speaker at the regular weekly meeting of the Rotary club held Monday noon at Hotel Moraine. John Oliver was chairman of the program, and introduced the speaker.

THE HIGHLAND PARK PRESS

Actual case histories from the H. L. S. (Home Lighting Service) files:

1. Mrs. B. told me about one of those little family scenes previous evening. Husband complained he had no place to read evening news. He said, "Of all times to etc. etc. etc."

2. Surveyed room with light meter, showed Mrs. B. some modern lighting tricks that cost little and work wonders...

3. Called back week later...my recommendations had been followed. Mrs. B. installed modern 6-way I. E. S. lamp, rearranged furniture so children now share desk lamp (will shortly replace with I. E. S. study lamp), and everybody's happy...I'm proud of our Home Lighting Service!

TAKE ADVANTAGE OF MY SCIENTIFIC TRAINING

Miss Clemens is typical of the carefully chosen, thoroughly trained staff of Public Service Home Lighting Advisors. Call or write your Public Service store—one of these experts will gladly help solve the lighting and furniture arranging problems in your home.
