Game Room

For the past three months the United States army has been using part of the Community Center game room for a construction office for building the U. S. O. Center.

This building is now completed and the room is being refitted with game tables, ping-pong tables, shuffleboard and other game equipment.

The room will be open after school for grade school boys and girls, and in the evening for older boys and girls and adults. Facilities of the game room are free to all young people of the community.

YOUR INCOME TAX

Some of the items that are deductible from gross income to determine net income are listed in this article. Lack of space prevents a full explanation of the various deductions. If in doubt on any item consult the nearest collector of internal revenue, deputy collector or internal revenue agent.

Typical business expenses of a mercantile establishment are amounts paid for advertising, hire of clerks and other employees, rent, light, heat, water, stationery, stamps, telephone, property insurance and delivery expenses.

A professional man may deduct all necessary expenses in the pursuit of his profession.

A loss arising from "fires, storms, shipwrecks, or other casualty" need not be connected with the taxpayer's trade or business. If his home or his automobile is destroyed by fire he

Nation's Youth Bolster Men Behind U. S. Guns

CHICAGO—(Special)—Every thirty days Illinois NYA supplies 1,800 of the national total of 36,400 shop-trained NYA youth who join the battle of production behind the men behind U. S. guns, according to a report just made public by Aubrey Williams, administrator of the National Youth Administration.

"Under the defense program the NYA makes available practical shop experience to youth between 17 and 24 years of age," the report states.

"Emphasis is placed on preparation of workers to do the jobs required in ship building, aviation, machine tools and the mechanized branches of the armed forces. Young men are groomed for war production jobs by doing similar jobs on NYA projects. From February 1, 1941, to December 1, 1941, a total of 17,695 Illinois youth have gone from NYA projects to jobs in private industry."

The report indicates a complete streamlining of the NYA program

throughout the country with emphasis on quick basic training along lines where a scarcity of defense workers may be expected in the immediate future.

According to Administrator Williams, a grand total of 374,451 youth went from the NYA program to jobs in private industry from February to December of this year. Total number of youth at present employed nationally in NYA work experience shops and resident centers is 271,000.

may claim a deduction for the loss sustained unless compensated for by insurance or otherwise. Loss of property by theft is an allowable deduction.

In general, taxes are deductible only by the person upon whom they are imposed. Certain taxes are not deductible, such as those assessed against local benefits, and the Federal income tax. The Federal tax of 10% on the retail sale of jewelry, furs, and toilet preparations is not deductible by the purchaser. Other taxes not deductible are those imposed on employees by the Social Security Act, Federal estate and gift taxes and State inheritance, estate, legacy, or succession taxes. The Federal taxes on automobiles, gasoline, cigarettes, and liquor are imposed upon the manufacturer, producer, or importer, and are not deductible by the purchaser or consumer.

Charitable contributions and gifts made by an individual are deductible

within certain limitations, if actually paid within the year. The organizations to which the gift is made, for example a corporation, trust, community chest, fund or foundation must be created in or organized under the law of the United States or any possession of the United States or under the law of any State or Territory, or of the District of Columbia and must be organized and operated exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals. Gifts to an individual are not deductible.

Amounts paid or accrued within the taxable year 1941 as interest on indebtedness are deductible, with certain exceptions, from gross income.

The Internal Revenue Code provides for "a reasonable allowance for the exhaustion, wear and tear of property used in the trade or business, including a reasonable allowance for obsolescence." For convenience such allowance usually is referred to as depreciation.

80-Word Certificates Won By Three Girls

Eighty-word certificates were won by Pat Cole, Pat Ginnelly, and Helen Cassidy as a result of tests recently given in the commercial department.

Betty Richardson won her 60-word certificate.

School to Be Closed On Lincoln's Birthday

There will be no school on Lincoln's birthday a week from tomorrow, Thursday, February 12.

His brother, Don '38, joined the naval service in October, and his station is Navy Pier, Chicago.

Boys Banquet Will Feature Dad-Son Acts

Would you like to see your more talented pals and their dads perform at a banquet? Well, all you boys will have a chance to see this unique form of entertainment, in addition to having an outstanding speaker, at the annual Father and Son banquet Thursday evening, February 26, which is sponsored by the Boys club.

Dr. Clark Kiebler, of Northwestern university, is to be the main speaker of the evening. He is noted as one of the outstanding speakers at the university.

Frank Hotchkiss, Ying Jones, and "Pitty" Barnhart are working as co-chairman of the program and publicity committee. Pete Weber is chairman of the committee working on the menu and decorations.

Adolph Baracani is chairman of the ticket committee, which consists of all the Boys club representatives. Each one will take care of the selling of the tickets in his session.

Senior Class Board Discusses Graduation

Commencement plans were discussed and enlarged upon this morning when the senior class executive board met in the lunchroom.

Due to the national emergency, many new angles pertaining to graduation have arisen. The exercises, for instance, may have to be set back several days, thus enabling students to begin work or enroll in college earlier than usual.

Tom Cameron '38 has just been promoted to the rank of sergeant in the army. He has been in the army ten months and is stationed at Camp Forrest, Tennessee.

Boy Scouts Celebrate Birthday

America is a big country. And yet, in almost every city, town and hamlet in the United States you will find a Boy Scout, or a man who was a Boy Scout. With a total of 10 million men and boys who are, or have been Scouts or Scouters during the life of the Boy Scouts of America it is hard to imagine many places where you would not find one or more Scouts.

Scouts are celebrating this week—they are celebrating the thirty-second anniversary of the founding of the Movement in America. The Boy Scouts of this community are part of this gigantic, Nation-wide birthday week.

In a very real sense this birthday celebration should be our celebration. We will be so much the better if we keep Scouting alive and vigorous.

Character and citizenship, the air and purpose of all Scouting activities are the real life blood of this and any other democratic community. These boys we see carrying on their Scouting and "good turn" activities are going to take our places some day. They can receive no finer training than Scouting affords them for citizenship in a free country.

Their course will be true—their heads high—because they stand by the Scout Oath and Law which reads:

"On my honor I will do my best—
To do my duty to God and my country, and to obey the Scout Law.
To help other people at all times.
To keep myself physically strong, mentally awake and morally straight."

Comm. Cobb Speaks to Jr.-Sr. Boys Friday

Junior and senior boys who intend to go to college and are interested in the R. O. T. C. of the navy will have an opportunity to learn the requirements of such a course Friday morning in the English clubroom. Commander S. D. A. Cobb, professor of naval science at Northwestern University, will talk on "Naval R. O. T. C. as a Training in Defense."

After graduating from Annapolis and serving in the navy during the World War, Commander Cobb retired from active service two years ago to enter private business. When the present emergency arose, he re-enlisted for duty, and was appointed as commander of the Naval R. O. T. C. at Northwestern, one of the twenty-eight major colleges in the U. S. having such training.

Dana Corrough Teacher in Vocational Dept.

Mr. Dana Corrough, Highland Park has been secured on a temporary basis to take over the classes in mechanical drawing and mathematics in the vocational department.

To take a position as a Civil Service Commission examiner, Mr. Davitt resigned his position in the department at the end of the first semester. He left for Washington, D. C. where he is stationed, a few days later.

Return Game With Morton On Our Court

Our basketball team will play a return match with Morton on our court this Friday, February 6.

Morton, which gave our boys a bad beating the last time, have lost their two stars through graduation. Because of this situation and the fact that the game will be played on our court, our boys will have a good chance to obtain revenge.

Morton has always had a good basketball team every year. This year it was picked to win the Suburban and to be a contender in the State meet. Their loss to Evanston has made them vulnerable and they will be out to win the game with us.

The game should be an exciting one.

Tanksters Meet Waukegan Friday

The high school swimmers will travel to Waukegan this Friday, February 6, at 4 p. m.

Morton's teams have never won many suburban meets, but they have always given their opponents a close fight.

Our team feels that it will have a good chance of winning if more points can be made in the 100-yd. free style. We can count on Pete Florsheim and Tim Starrels to come through with their fine performances, as well as the other boys.

Having beaten them once before, the boys are sure they will repeat.

"Daffynitions"
Breakfast—An affair of a hand groping out from behind a newspaper.
Traffic light—A little green light that changes to red as your car approaches.

New York Heartbeat

Sallies in Our Alley: The strict new parking regulations inspired this one . . . Jimmy Dorsey's drummer came late for rehearsals—with the excuse that he got a summons for passing a traffic light . . . "Well," said Dorsey, "that's a poor excuse. Why didn't you stop for it?" . . . "What!" exclaimed the drummer, "and take a chance on getting a parking ticket?" . . . The other night several scribes were wondering about a green-with-envy columnist's war record . . . "He was with Herbert Hoover's Food Commission," explained a vet . . . "Yeh," said another, as the crowd rocked with laughter, "he was the only casualty—when a chocolate cream puff exploded in his face."

Carole Lombard, one of the stars the 48 stars will always be proud of, died in active service selling defense bonds. Actors and actresses, directors, producers, cameramen, electricians and members from all the allied theatrical professions, have enlisted in some branch of the service. Giving their energy, time and money to playing benefits, buying tickets for them and entertaining Soldiers, Sailors, Marines, and the Coast Guard, etc.

And it was only a few months ago when some Senators tried to stain the movie industry by alleging it was un-American!

One thing we are sure of. There must have been a wreath sent by the Army to Carole—inscribed with the highest compliment the Army can give a woman. To wit: "She was a Gentleman!"

There's a Hollywood couple who want to get a divorce, but they can't agree on who gets custody of the spare tire.

Notes of an Innocent Bystander

The Wireless: Sec. Knox's release to the newscasters, that it was stupid to bank on a crash in Germany, was good advice. Nobody is going to whip Hitler but his enemies, he reminded. Berlin wants us to imagine it is in trouble and uncover our chins . . . Just the same, it was nice to read in Anne O'Hare McCormick's Times spot that foreign broadcasts are reaching the ears of stay-at-home Heinies . . . Joe Louis at least got a laugh out of licking Buddy Baer. He told Eddie Cantor why he donated his share

of the gate to the Navy. "When I go overseas," said Private Joe, "I want a boat under me" . . . "The Court of Missing Heirs" is hunting for a 79-year-old man to give him \$2,700. "What fun can a man that old have with \$2,700?" queried a listener . . . "What fun can a man that old have?" corrected a blue-pencil . . . Every week radio is full of shows helping this and that worthy cause. The theatrical profession should be proud of its contributions. Actors are always first and anxious to help, although they were the first to suffer when the government started cutting relief expenses. Remember?

The Story Tellers: H. Hoover played target for the book reviewers' arrows. He made a book out of his recent Statepost piece, called "America's First Crusade," ignoring Pearl Harbor. The Stuff was penned in 1934-35 when the Roosevelt trouncing was smarting acutely. The critics were stunned to discover that the Pacific battles apparently hadn't budged his opinions . . . There is a timely article, in Collier's called "Don't Believe a Word of It." It tells how the gullible are needled into disunity tricks by shooting off their mouths on planted slanders against our defense . . . L.A.R. Wylie spreads a nifty tale across the pages of Liberty. It concerns people who believe that "it's better to have a broken neck than a bowed one."

The Front Pages: The most cheering war story of the week told about the Chinese victory at Changsha. The Chinese teased the foe into a trap by feigning weakness, then turned and ruined them . . . The Chinese press has grounds for squawking. China doesn't think Japan should be undersold. What does it matter what part of the world the Axis is trounced in, it inquires, objecting to Germany taking the first beating . . . "From the Land of Silent People," a war book by Robert St. John, is getting big handclaps. He was an AP staffer in Yugoslavia when the wolves came, and it's all in the book . . . Edward Doherty, one of the dailies, now a Liberty writer, recalls his reporting-days-beguilingly in "Gail and Honey."

The Big Parade: The Girl From Stockholm going into the Stanley Theater to see "The Girl From Leningrad"—Greta Garbo . . . Mrs. FDR, who originated the slogan, "Let's Grind Down the Axis"—but is too modest to accept credit for it . . . Marie Oberon, being introduced by that monicker and correcting: "Don't you mean Mrs. Alexander Korda?" . . . The D. Topplings (S. Henie) at all the sinful places—hoping to run into (but hard!) the colymers who had them dividing.

WILSON'S Weekly RECIPES

"Working every single day May be new to all the other Workers in this U. S. A. But it's old, old stuff to Mother."

So runs a new jingle. But, seriously, who puts in longer hours than the homemaker? Who makes a more vital daily contribution to our nation's great health-for-defense program?

George Rector
Food Consultant for Wilson & Co.

MEAT THRIFT TIPS

It is the well-informed shopper who gets the most for her food money.

For example, in buying ham, remember that the longer meat must be baked, the more it shrinks. You pay for those wasted pounds. But you can't see them.

HOW TO PREVENT THIS WASTE

Ask your dealer for a Wilson's Certified Tender Made Ham. It comes ready to serve. Or you can serve it hot and juicy by heating it in your oven for only five minutes to the pound. Thus there's no wasteful shrinkage—more meat to serve.

EACH POUND COSTS LESS

A whole ham costs less per pound. Buy it whenever you can. Make money-saving dishes like creamed ham, ham hash, ham loaf. Use the bone for delicious dried pea or bean soup. Use the richly-flavored fat to add interest and food value to vegetables and potatoes.

Looking back over your childhood, it's the tremendous trifles you remember—such as the touch of decoration mother gave to holiday meals. So here's a suggestion for Lincoln's birthday—

Follow my recipe enclosed with Wilson's Certified Tender Made Ham (the ham you cut with a fork—and only Wilson & Co. makes it).

When the ham is done, remove the skin. Stick cloves in the fat to make an American flag. Melt red jelly in a double boiler. Pour it over the ham and return to the oven to glaze. Some feast, this!

A DOLLAR DINNER TO SERVE FOUR

Casserole of Wilson's Certified Pure Pork Sausages with sauerkraut, seasoned with caraway seeds.
Potato Dumplings
Carrot and Cabbage Salad
Apple Brown Betty

SAUSAGE HINTS

Choose the ones that are made of all choice pork (no cereal filling) and where the seasoning is a perfect blend of spices. Wilson's Certified Pure Pork Sausages fill this bill exactly.
Simmer sausage links for five minutes in water before browning them. (Keeps 'em plump.)

BUY DEFENSE BONDS

Rector Recommends . . .
Short ribs of Wilson's Cota Seald Beef. It requires no imagination to grasp why Cota Seald Beef, Lamb and Veal (which have had all their fresh goodness sealed in with a coating of edible gelatine) are super-clean, super-fine in flavor, super-fresh.

See you next week. G. R.
