Hugh B. Suttle At Goodfellow Field, Texas

Having completed the first step of his training as a pilot in the fighting Army Air Corps, Aviation Cadet Hugh Bradshaw Suttle of Highland Park, has arrived at Goodfellow Field basic flying school, San Angelo, Texas, to begin the intermediate phase of his flight instruction.

At Goodfellow Field, typical of the Air Corps, newest, war-expanded, training centers, he will graduate to the cockpit of a speedy, 350 horsepower, BT-13A trainer, learning to master aerobatics, formation, cross country, instrument, and night flying.

Ground school instruction will include courses in radio code, weather, engine maintenance, and military law. From Goodfellow, Cadet Suttle will go on to an advanced school to specialize in pursuit, bombardment, or observation flying, and win the coveted wings and bars of a flying lieutenant in the Army Air Corps.

Cadet Suttle is the son of Mr. and Mrs. David M. Suttle, 807 Lincoln avenue, Highland Park. He received his primary flight training at Ballinger, Texas.

16th Annual Flower Show May 14-17

The Garden Club of Illinois, Inc., a federation of 150 garden clubs all over Illinois, with a membership of 10,000 will present its Sixteenth Annual Chicago Flower Show May 14th through 17th at Thornhill Farm, adjoining The Morton Arboretum, three miles south of Glen Ellyn. This will be the first large flower show staged outdoors in this country.

For the past ten years the Chicago Flower Show has been given at Navy Pier late in March, and plans were well under way and an interesting schedule worked out when Navy Pier was taken over by the Government for Aviation Activities. Mrs. O. W. Dynes, past president of the National Council of State Garden Clubs and general chairman of the Chicago Flower Show for the past several years, canvassed every possibility in Chicago for another site for the show, but they were all unsuitable or inadequate.

The Garden Club of Illinois for some time has been considering a great outdoor show, with gardens planted directly in the ground. Mrs. Joseph M. Cahaly, daughter of Joy Morton, founder of The Morton Arboretum, and granddaughter of J. Sterling Morton, the originator of Arbor Day, and a member of the Executive Committee of the Chicago Flower Show, with her brother, Sterling Morton, offered the use of the half-mile driveway at Thornhill Farm, the estate of the late Joy Morton which adjoins The Morton Arboretum, as the site of the 1942 Chicago Flower Show, which was accepted with great enthusiasm by the Garden Club of Illinois.

The great Chelsea show in England is an outdoor show and has been famous throughout the world for many years, but this is the first outdoor flower show of national importance to be staged in the United States.

Entrants in the show are:
North Shore Garden Club
President: Mrs. Benjamin Stein, 175 Hazel Ave., Glencoe, Chairman: Mrs. Richard Uhlman, 1431 Oakmont Rd., Highland Park.
Exhibits in 1942 Chicago Flower Show. Major—Garden. Minor—Wall Vase or Wall Pocket.
Ravinia Garden Club
President: Mrs. Theodore Uehling, 2277 Lincolnwood Rd., Highland Park, Ill. Chairman: Mrs. Arthur T. Fathauer, 679 Carol Court, Highland Park, Ill.

Exhibits in 1942 Chicago Flower Show. Half-Major Exhibit—Buffet Table. Minor Exhibits—Arrangement in uniform type container for dining table. Twin Arrangements—Arrangement in horizontal manner suitable for mantel.

PROTECT THE BLOOM OF YOUTH WITH AUTOMATIC HOT WATER

Hot water has always been an essential in protecting health. Dishes, clothes and body must be kept clean and these jobs require plenty of constant hot water. Relief from pain depends upon hot water when you want it. An automatic gas water heater always stands ready with an unlimited supply of hot water at just the right temperature to help preserve the bloom of youth.

Once the pilot is lit, there is no more tank lighting . . . no waiting. Just a twist of the wrist will bring an abundance of convenient and comforting hot water.

Perhaps it would be wise to purchase your automatic gas water heater now while they are available. Metal is precious to our nation in this all-out war effort and gas water heaters may be impossible to get later.
