VOTE FOR

DENISON B. HULL

* * REPUBLICAN CANDIDATE

CONGRESSMAN-AT-LARGE * PRIMARIES APR. 14

WILL NOT

"BILL" SMITH

When voters send a man to the legislature they are entitled to know what they may expect of him in a general way. Of course a legislator doesn't know what he MAY be called upon to vote FOR or AGAINST ... BUT, he should have a defined policy as to his general attitude on things.

And so, for your guidance in considering MY candidacy, I'll outline a few points which may indicate to those who are not personally acquainted with me, the sort of a man they are supporting if they vote for ME. Thus, if I go to the legislature from the 8th district

you can depend on my word that:

Attend sessions of legislature with utmost regularity.

I WILL vigorously oppose legislation I believe inimical to the best interests of the people; and will vigorously support legislation I believe is FOR their interests.

I WILL be honest, courageous and conscientious.

I WILL consider my district as ONE unit, and will be unwilling to favor one county as against the others, for, a state representative represents ALL THREE counties.

I WILL courageously work against legislation which seeks to relieve the various units of our counties of their rights to handle their own affairs-in other words, I believe in HOME RULE and will do all I can to retain at least that part of it which is left in our state.

WILL courageously support any effort to repeal that most atrocious "registration act" which becomes effective in June and which I'm later going to detail to voters who, as a whole, do not understand its import in rural districts.

WILL maintain an office in Waukegan where voters of the district can easily contact me at all times or find out where I can be located this is a service an earnest office-holder owes to his constituents. Eighth district voters haven't had this convenience in many, many years.

I WILL NOT

I WILL NOT be a "yes man" -I never was one and just COULDN'T BE ONE.

I WILL ALLOW NO INDI-VIDUAL OR GROUP of individuals to influence my vote against what I deem best for the whole district.

I WILL NOT "pussyfoot" on

I WILL NOT "walk out," or fear standing up and voting on bills that may have conflicting points of value-I'll use MY BEST JUDGMENT and trust that it is correct,

I WILL NOT support legislation tending to RAISE TAXES until I have some assurance it is necessary as a defense measure and even then I'll insist that economical dispersal of funds must be made in a more SANE and effective manner.

WILL NOT support any effort to carry out a suggested plan now under way of IN-CREASING the sales tax again from the present TWO cents back to THREE cents. (I believe if the money collected under the TWO cents tax was more carefully, allocated, it would fulfill the purpose it was intended for).

I WILL ALWAYS TRY to reflect credit on my district by my strict attention to pending legislation and study with care bills that are up for action-and, I believe, my experience SHOULD and DOES enable me to ably digest those bills so I'll always know WHAT I'm voting for or against.

REPORT OF CHRISTIAN SCIENCE **LESSON-SERMON**

"Reality" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, March

The Golden Text was, "A good man out of the good treasure of his heart bringeth forth that which is good" (Luke 6:45).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Abide in me, and I in you. As the branch cannot bear fruit of itself, except it Of Stupey-Smith abide in the vine; no more can ye, except ye abide in me. These things have I spoken unto you, that my joy might remain in you, and that your joy might be full" (John

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "This is the doctrine of Christian Science: that divine Love cannot be deprived of its manifestation, or object; that joy cannot be turned | the welfare work of the unit . into sorrow, for sorrow is not the master of joy; that good can never produce evil; that matter can never produce mind nor life result in death. The perfect man-governed by God, his perfect Principle-is sinless and eternal" (p. 304).

Need Tools at USO Club Work Room

Sold ers and sailors of this area who have a hobby are being given the opportunity to continue it at the Highland Park Service Men's club. Charless Bartell, well known local man, is working hard to get equipment for the work shop, crafts room and dark room. The things most needed in the shop are a jig saw, a buffer, a drill press, buzz saw and grinder. If you have any of these tools in your workshop that you do not use, please get in touch with Mr. Bartell or Nick Young at the Highland Park U. S. O. Your gift to this splendid organization will be appreciated.

Last Saturday, five Chicago carpenters gave up their day to come out and build a dark room. There are now three dark rooms at the club.

Tools and supplies of all description are needed and wanted, says Mr. Bartell and Nick Young, executive director of theh U. S. O. openings, about 1/4 inch in diameter, in both ends of Clear Brook Eggs. Blow out the contents. (Scramble 'em for Easter Breakfast.) Then close up one opening in each eggshell with melted paraffin. With a paper funnel, fill each shell with a different fruit gelatine. Let gelatine become firm. Dip eggs for a moment in warm water and peel off the shell. Serve these sparkling gelatine "eggs" on beds of out-up fruit in lettuce nests.
