

'Headliners' Arrive In Chicago For Premiere

Bert Lahr, Joe Everglades Lewis and Bert Wheeler arrive in Chicago Monday for the final hurdle-jumping of "Headliners of '42", which is to have its metropolitan premiere at the Grand Opera House on Wednesday evening (June 10). The tryout performances were given in Grand Rapids, Mich. over the weekend.

It should prove to be quite an event, marking the rebirth of two-day vaudeville in Chicago, a form of mixed entertainment that thrived across the land until 1932. There will be no motion pictures, no chorus and no night club trimmings—real "vodeville" and nothing else.

The program will be presented much the same as those celebrated shows at the New York Palace. It will be presented in two acts and the many attractions are to be seen in the true vaudeville tradition—acrobats, comedians, a dog act, music and continuous fun.

Other than the Messrs. Lahr, Lewis and Wheeler and bill will include Romano Vincent, Hank Ladd, Frances Faye, Lynn, Royce and Vanya, The Biltmorettes, Francetta Malloy, Pegleg Bates and Paul Sydel and Spotty, Patty Orr, from Hollywood, is to appear with Wheeler along with Ladd and Miss Malloy.

Alfred Bloomingdale and Nat Karson are the producers with Karson responsible for the staging. David Mordecai, one of the last musical conductors at the N. Y. Palace, will wave the baton.

Matinees daily are announced, starting next Thursday. There will be an extra midnight performance on Saturdays and a dinner performance at 5:30 on Sundays. Popular prices of 55c to 1.10 will prevail at the matinees and from 55c to \$2.20 at night.

Sgt. John H. Gibbs, Jr. nephew of Miss Frances Biederstand, has landed in Iceland.

U.S. WAR BONDS

About the appliances we advertise nowadays

The appliances we are now advertising are limited to those we have on hand, or those that are made available without interference with war production.

They have all been selected because their normal operation in the home comes at a time of day when our electrical

facilities are more than adequate to meet present power requirements for both war production and civilian use.

Furthermore, we believe that their use in most cases will conserve energy and tend to release home labor for helpful wartime activities.

Young Men's Club To Open Baseball Season Sunday

This Sunday afternoon at 3 o'clock at Sunset Park, the Highland Park Young Men's Club will take the field for its first game of the season. The local nine will be opposed by the Glenview Yankees.

The Young Men's Club decided to sponsor a baseball team after an encouraging number of young men from Highland Park and Highwood turned out for the practice sessions which have been held for the past two weeks. Inasmuch as the Highland Park Crescents and the Highwood Boosters are not operating teams this year, the Young Men's Club nine is the only hardball team in the two towns.

Manager Johnny Fay has announced that any young man is welcome to try out for the team. Practice sessions are held on Wednesday and Friday evenings, at Sunset Park at 6:30 P. M.

Among those likely to appear in the lineup Sunday are first baseman Solly Thurston, catchers Jimmy Mills and Bob Skidmore, 2nd baseman Bill Carrier, shortstop Al Gerken, outfielders Kelly Croke, Al Bertucci and Renzo Mordini, and pitchers J. Davis, Harry Skidmore and Dom La Marro.

REPORT OF CHRISTIAN SCIENCE LESSON SERMON

"Ancient and Modern Necromancy, Alias Mesmerism and Hypnotism, Denounced" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, May 31.

The Golden Text was, "The idols have spoken vanity, and the diviners have seen a lie, and have told false dreams; they comfort in vain." (Zech. 10: 2).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "Let no man deceive you with vain words: For ye were sometimes darkness, but now are ye light in the Lord; walk as children of light: See then that ye walk circumspectly, not as fools, but as wise, Redeeming the time, because the days are evil" (Eph. 5: 6 to :), 8, 15, 16).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christian Scientists must live under the constant pressure of the apostolic command to come out from the material world and be separate. They must renounce aggression, oppression and the pride of power. Christianity, with the crown of Love upon her brow, must be their queen of life" (p. 461).
