A PLEDGE FOR AMERICANS

- I am a citizen of the oldest republic in existence. I am proud of it.
- I take pride in being a free citizen in a free society, but I know that the priceless blessing of liberty is not a heritage, but is won afresh or lost by each generation.
- I therefore pledge myself to all those Americans who have gone before me and to all those who will come after me to do my part and to pass on this Freedom.
- I will listen to no idle rumors. I will repeat no destructive gossip.
- I will support loyally and in friendship all the United Nations who are joined with us in this righteous compact to defeat the Axis powers.
- I know my country must win this war, and I will conduct myself as if I alone bore the responsibility for the victory of Democracy. In the words of a soldier of other days, "I will work, I will save, I will sacrifice, I will endure, I will fight cheerfully and do my utmost as if the issue of the whole struggle depended on me alone."
- I dedicate my self to this cause. I swear that to win it, I will make any sacrifice, however great, and perform any task, however humble.

So help me, God!

A SOUP SUPPER is Easy Meal to prepare on warm day — yet it provides Hot Nourishing Food

says Dorothy Greig

Cream of Chicken Soup, Summer Style, a satisfying soup around which to build supper on a warm day.

Of course, any meal tastes better, and is better, if it includes some hot food to keep digestions happy.

So, on a warm day, when you don't want to spend a lot of time fussing in the kitchen, why not build supper around a hot and savory soup. It tastes good, nourishes and cheers, stimulates digestion—and is perhaps the world's easiest hot dish to prepare. Just open the can, add an equal quantity of milk or water—heat and serve. That plus salad or sandwiches and fruit is a meal.

Hot soup, too, is first aid in a very real sense if you must whike together quick meals at odd hours for a man on war production. It is quickly energizing, helps put heart, spirit and endurance into a man.

Soup is delicious simply served according to the directions on the can. But, on a day that you're feeling adventurous, you might do something like this:

Cream of Chicken Soup, Summer Style

- 2 teaspoons butter
 - 2 teaspoons flour
 - 1 cup milk
 - 1 can condensed chicken soup
 - 1/4 cups fresh milk or light cream
 - 2 tablespoons corn
 - 2 tablespoons fresh tomato, chopped
- Melt the butter in a saucepan, add the flour and cook until frothy. Then add milk and cook until thickened. To this add the chicken soup, corn and chopped fresh tomatoes. Heat several minutes to blend the flavors. Serves 3-4.

For this next one combine two favorites:

Purée Mongole

- 1 can condensed pea soup
 - 1 can condensed tomato soup
 - 1/4 cups fresh milk or light cream
 - 2 tablespoons sherry (optional)
- Empty pea soup into saucepan and stir until smooth. Add the tomato soup, a little at a time, stirring constantly. Add cold milk or cream to mixture. Then heat, stirring constantly. Do not let boil. Remove soup from fire, add the sherry and mix well. Serves 4-4.
