

PERMANENT REGISTRATION

ARTICLE III

Besides urging the voting residents of Waukegan and vicinity to register for Permanent Registration at the County Clerk's office in Waukegan, open daily from 9 A.M. until 5 P.M., Mr. Jay B. Morse is setting up an Auxiliary County Office in the City Hall in Highland Park, Saturday, July 25th. Highland Parkers and others finding it convenient may register any time between 9 A.M. and 9 P.M. Assisting Mr. Morse with the registration will be the following members of the local League of Women Voters: Mrs. Van G. Kirk, Mrs. Monroe Ottenheimer, Mrs. Albert Arenberg, Mrs. A. H. Baum, Mrs. Carleton C. Cummins, Mrs. J. C. Hemmerle, Mrs. Leonard Cohen, Mrs. Leonard Cohen, Mrs. Jay Glidden, Mrs. Orray Knight, Mrs. David Levinson, Mrs. Joseph E. Michaels, Jr., Mrs. Claude Nathan, Mrs. Carl Pfanstiel, Mrs. Charles Puestow and Mrs. Walter Rubens.

So that the great amount of detail work can be satisfactorily handled by the County Clerk's office in time for the November election, Mr. Morse would like to have at least two-thirds of the seventy thousand Lake County voters registered some time during the summer months. If this objective is not achieved the tax payers as well as Mr. Morse will suffer the resulting consequences. With Highland Park as a beginning, Mr. Morse will undoubtedly provide other Auxiliary County Offices in the various communities throughout the County some time in the near future. In the Lake Forest and Lake Bluff, as in Highland Park, the local League of Women Voters will assist him. In the other towns Mr. Morse would welcome an offer from any civic organization that would like to help him with this advance registration.

At the Community Center in Highland Park, on Friday, July 17th, Mr. Morse will conduct a Training Class for the members of the League of Women Voters who will assist on July 25th. Helpers from other communities who are expecting to attend this meeting include Mrs. F. P. Hixon of Lake Forest, Mrs. John Maloney of Lake Bluff, Mrs. J. L. Stangenberg of Barrington, and Mrs. Jay Allan of Fox Lake. The meeting will begin at 10 A.M.

Naturalized citizens are reminded that they must have their naturalization papers with them when they register. Those whose parents married before 1922 must have their father's naturalization papers, and wives married before 1922 must bring their husbands' papers.

All married women must register under their own first names, their maiden names, and their husbands' names. Thus Mrs. John Smith must sign herself Mary Brown Smith and register accordingly.

Gardeners know that they must wage a constant war against plant diseases, plant pests. It is as much a part of gardening as planting and cultivating. Plant enemies seem to have spread and to have increased in proportion to the increase in movement of other forces of our daily living,—transportation, etc. Weather conditions affect their increase, many thriving in the dampness.

At the Highland Park Public Library there are a number of books which contain helpful suggestions in regard to combating garden pests:

- Plant Doctor—Westcott
- Spraying, Dusting and Fumigating Plants—Mason
- Manual of Vegetable-Garden Diseases—Chupp
- Manual of Injurious Insects—Herrick
- Insect Menace—Howard
- Leaf-mining Insects—Needham
- Insects and Diseases of Ornamental Trees and Shrubs—Felt
- Manual of Weeds—Georgia

New books are constantly being added to the library's collection. A few of the timely ones, recently added: *Your car is Made to Last*—Bishop
300 Sugar Saving Recipes—Hester
Aircraft Year Book
Washington is Like That—Kiplinger

Adolph, Benito and Hirohito—the three blind mice. Make them run with ten percent of your income in War Bonds every pay day.

Dr. George Lake To Present Poems at Conference

Dr. George Burt Lake, who finds time to write poetry and serve as President of the London Poetry Society's Chicago Chapter, is tucking his latest volume "Acorn of God" in his pocket when he comes down to the Orrington Roof for the Writers' Conference. Dr. Lake, as president of one of the seventeen literary groups cooperating in presiding at the afternoon session on Poetry Day, July 24.

Marjorie Barrows, author of "Pulitzer Prize Poems" and many juvenile books, is most proud of her ten cent store edition of "Two Hundred Best Poems for Boys and Girls" which sells a million copies each year, so when Dr. Lake introduces her she will talk on "Poetic Justice for All Children".

Arna Bontemps, who will read from his new anthology "Golden Slippers", will be announced by Dr. Lake as a novelist and editor as well, highly recommended by John T. Frederick, conductor of "Of Men and Books" who is also on the Poetry Day program.

Peter DeVires, associate editor of Poetry Magazine will talk on "Poets in Watrime" when Dr. Lake presents this young editor and author. Before dismissing the session for its campus walk to the Deering Library Gardens where Lew Saret and Baker Brownell of Highland Park will be among the Northwestern Authors at Home, it is hoped Dr. Lake will read some of his own verse from his newest and fourth volume.

As all of the programs the sessions may be attended by readers and lovers of poetry as well as writers of verse. Rowena Bennett of Ravinia leader of the Manuscript Workshop meeting each morning at 9:30 will have an especially enthusiastic group on Poetry morning. Tickets may be secured in advance for the entire session, including evening programs so that the last minute crowds around the registration desk may be avoided. Programs with registration information may be consulted at public libraries or the Highland Park Y.W.C.A.

Red Cross Gets Wool For 25,000 Garments

Due to the rapid increase in the size of the armed forces, the Chicago Chapter of the American Red Cross has been given an emergency order by the Army and Navy for more than 25,000 knitted wool helmets, mufflers and gloves, it was announced today by Mrs. Edward L. Ryerson, Chairman of the Red Cross Volunteer Production Corps here.

This will be the first time that the Chicago Chapter has had large quantities of wool to give out to volunteer knitters, Mrs. Ryerson said. Since this is strictly an emergency order, all the garments must be completed by August 15.

To meet this emergency order, experienced knitters may be registered and withdraw the necessary wool from the Red Cross headquarters at 616 S. Michigan avenue, Chicago, Mrs. Ryerson stated. Sufficient wool for each piece to be knitted will be ready and packaged.

To accommodate knitters, the Red Cross Production Department will remain open until 6 p.m. every evening this week, and until noon Saturday, Mrs. Ryerson said.

CHRISTIAN SCIENCE CHURCHES

"Sacrament" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, July 12.

The Golden Text was, "Let a man examine himself, and so let him eat of that bread, and drink of that cup" (1 Cor. 11:28).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "But when the morning was now come, Jesus stood on the shore; but the disciples knew not that it was Jesus. As soon then as they were come to land, they saw a fire of coals there, and fish laid thereon, and bread. Jesus saith unto them, Come and dine. And none of the disciples durst ask him, Who art thou? knowing that it was the Lord" (John 21:4, 9, 12).

The Lesson-Sermon also included the following passages from the Christian Science textbook "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "This spiritual meeting with our Lord in the dawn of a new light is the morning meal which Christian Scientists commemorate. They celebrate their Lord's victory over death, his probation in the flesh after death, his exemplification of human probation, and his spiritual and final ascension above matter, or the flesh, when he rose out of material sight" (p. 35).

DON'T CALL WASHINGTON—unless you must!

- * With the war effort of 27 United Nations centered upon it, Washington is probably the busiest city in the world. It is fast outgrowing its physical limits—and its telephone facilities.

Since Pearl Harbor, Long Distance telephone traffic in and out of Washington has jumped 48½%. Calls of vital importance sometimes get caught in the crush.

New construction would normally take care of the increased load. But copper, rubber and aluminum are even more critically needed for the fighting fronts.

So we must ask you to cut down on every possible Washington call—so that Army, Navy and Government can have clear "talk-tracks" to get America's biggest job done. We know we can count on your co-operation.

These suggestions, offered especially for Washington, also apply to other busy cities across the country.

1. As far as possible, avoid all Long Distance calls not directly related to the war effort.
2. If you must make a Long Distance call, place it in the off-peak hours—

5 P. M. TO 7 P. M.
9 P. M. TO 9 A. M.**
