League Stresses Need To Collect Taxes Soon

With indications that there is growing opposition to the withholding tax in the Senate, the Illinois League of Women Voters is intensifying its efforts to arouse the public to the need to start the collection of next year's tax as soon as possible.

As voted by the House the withholding tax will take 5% of a person's income in 1943 in payment of 1942 taxes, and in addition the taxpayer will have to pay in 1943 all of his 1942 obligations; in 1944, 10% of taxable income will be withheld and the taxpayer will have to pay the remainder of his 1943 tax obligations; in 1945 the system will be completely in operation: 10% of income will be withheld and the additional tax payment will be the individual's total tax bill less the part paid through the 10% of income withheld the previous year.

"With the tax bill two and a half billion dollars short of the minimum required, we continue to believe that lowered exemptions and the withholding tax are necessary if we are to avoid the sales tax," said Mrs. Florence Fifer Bohrer, President of the Illinois League of Women Voters. Mrs. Bohrer continued, "The cry that the withholding tax would cost too much to administer is offset by the fact that it has been estimated that it would take twice as many people to administer a sales tax as a withholding tax."

The League of Women Voters believes that the objective should be taxes enough to meet the fullest possible extent of the cost of the war and to lighten the post-war debt, as well as taxes enough to decrease the inflationary funds now in the hands of the public to spend.

Alpha Delta Pi Luncheon To Be Held Monday

North Shore Alumnae of Alpha Delta Pi sorority will meet and be entertained with an "out of the garden" luncheon at the home of Mrs. Robert N. Du Puis, Red Haw Road in Northbrook on Monday, August 17 at one o'clock. Mrs. Erwin A. Schacht of 1940 Sherman Avenue, Evanston will be co-hostess.

Mrs. Du Puis will literally pluck the luncheon right out of her "Victory Garden", and among the delicacies included on her menu are corn-on-the-cob, home grown tomatoes, and water-melon.

Members are asked to wear slacks or other active-sport clothes so that they may comfortably avail themselves of the bicycles and out-door games provided by the hostess. Checkers, badminton, and other sports will be available as well as bridge for those who are less athletic-minded.

Highwood USO Club

Operated by N. C. C. S.

428 Railway Ave., Highwood, Ill.

A number of improvements are being made at the Highwood N.C.C.S.-operated USO club, 428 Railway ave., Roy P. Bedore, director, announces. The F.W.A. has built wooden lockers and benches for the shower room, a checkroom table for the lounge and storage and book shelves.

Under construction also is a recording booth for the operation of the recording machine, which arrived from Washington, D. C., recently. Because of wartime restrictions there are certain regulations governing the use of the apparatus; No recordings are made in a foreign language since inflections are deceiving at times, no information concerning military units, military equipment or movement of troops can be recorded, no recording can be sent abroad and some member of the staff must oversee the making of the disc, which is furnished at a price of ten cents to all service men.

The blackout on Wednesday caused a change in program this week at the clubhouse—the midweek dance was held a day earlier, with Mrs. Roy E. Wyle of Highland Park and Glencoe in charge of the party. Mrs. Wyle will be in charge of the formal dance planned for September.

"The Family Upstairs" is the new play on which Military Players are working at the Railway ave. center. Both Pvt. Bob Umans of New York, director, and Clayton B. Hayes of Shamokin, Pa., who are assuming parts in the drama, have done the roles professionally. Mrs. E. I. Payne of Chicago, free lance radio actress, will play the mother.

Members of the Wilmette Knights of Columbus will be hosts at the Wednesday, Sept. 2, dance, at which time they will furnish hot dogs for the boys. This is their first venture at the Highwood club.

IF YOU MUST USE SUGAR SUBSTITUTES

Remember this is simply the way to use substitutes for sugar in baked foods when it is necessary. We do not say that cakes, cookies, etc., baked with these substitutes are "just as good" as those made with sugar. We merely say that by following these directions you will get acceptable products. But sugar will give the best results.

In Quick Breads
In Quick Breads containing only a small amount of sugar (1/4 cup), use white corn syrup or honey in place of the sugar. In recipes with more sugar, substitute for 1/2 sugar and reduce the liquid as in cake (see below). Add syrup or honey with egg and liquid if "muffin" method is used. If "cake" method, beat it into shortening and sugar as for cakes.

In Yeast Doughs
Use white corn syrup or honey in place of sugar (same amount). If dough seems sticky to handle use a little extra flour.

In Custard-Type Desserts
In custards, cornstarch and bread puddings, in cream pie fillings, etc., use corn syrup or honey in place of sugar (same amount) and reduce liquid 1/4 cup for each cup of syrup or honey used.

In Canned Fruit or Berry Pies
White syrup can be substituted for 1/2 the sugar if the liquid (juice) is reduced 4 tsp. per cup of syrup.

In Fresh Fruit or Berry Pies
Where liquid cannot be reduced, light corn syrup can also be substituted for 1/2 the sugar; but the flour must be increased 4 tsp. for each cup of syrup used.

In Cookies
Use 1/2 the usual amount of sugar called for to cream with the shortening. Substitute corn syrup for the remaining sugar... beating it into the creamed shortening and sugar very gradually and thoroughly before blending in the eggs. Dark syrup may be used in chocolate, spice and ginger cookies; but light cookies require the white syrup. In all cases, reduce the liquid 1/4 cup for each cup of syrup used. In recipes that contain less than 1/4 cup liquid, increase the flour until the dough will handle according to directions. Chill dough.

In Butter Cakes
Use 1/2 the amount of sugar called for to cream with the shortening. Substitute white corn syrup for the remaining sugar called for. (Dark syrup may be used in chocolate, molasses, and spice cakes... but we cannot guarantee perfect results in light cakes unless pure white syrup is used.) Beat syrup into creamed shortening and sugar very gradually and thoroughly before gradually beating in well beaten eggs (use large eggs). Reduce the liquid 1/4 cup for each cup of syrup used. In Egg White Cakes, fold in stiffly beaten whites (beaten just before adding) quickly and gently.

NOTE: In measuring syrup, take care to measure level (not over-full). Syrup is apt to round up a bit due to surface tension. Grease pans extra well. Cakes made with syrup are especially moist. Test carefully to be sure cake is thoroughly baked.

TABLE SHOWING SUBSTITUTION OF SYRUP AND REDUCTION OF LIQUID IN CAKE RECIPES

If Recipe Calls For	Amounts of Sugar And Syrup To Use	To Reduce Liquid: Measure Amount of Liquid Recipe Calls For. Then Take Out
1 cup sugar	1/2 cup of each	2 tbsp. liquid
1 1/4 cups sugar	3/4 cup of each	2 1/2 tbsp. liquid
1 1/2 cups sugar	3/4 cup of each	3 tbsp. liquid
1 3/4 cups sugar	1 cup of each	3 1/2 tbsp. liquid
2 cups sugar	1 cup of each	4 tbsp. liquid

In Sponge and Angel Food Cakes
The substitution of syrup for sugar is not satisfactory.

Second Vote Monday To Validate Taxes of District 108

Another tax validating election will be held by the board of education of school district No. 108 Monday.

By a vote of 79 for and four against, the rate of one and one-half per cent for educational purposes and one-half per cent for building purposes was validated.

The election Monday will be for the validation of a rate of one and four-fifths per cent for educational purposes.

A recent decision of the Illinois Supreme court, in which through a cloud

on numerous school districts in Illinois, including the Highland Park district, necessitated the elections.

The rates being validated involve no increase over the taxes which residents of the district have been paying for a number of years.

Voters in the section served by the West Ridge and Lincoln schools will vote at Lincoln school and those in the Ravinia and Braeside sections will vote at Ravinia school. Polls will be open from noon until 7 p.m.

TO SAVE VITAL WAR MATERIALS— ★ ★ ★ ★ ★ ★ ★ ★

You may be asked to share your telephone line with others

● If you have a one or a two-party line now, it may become necessary to put additional persons on your line, for the duration. This is a necessary war measure.

● Even by this means, it may not be possible to stretch telephone facilities far enough to serve everyone.

● Uncle Sam's need for copper, tin, rubber and other critical raw materials must be met first. This means that expansion of telephone lines must be cut to an absolute minimum. In this way thousands of tons of vital metals will be saved for America's Victory Drive.

● We know, of course, that with more persons on the line your service will not be as convenient as before. But we are at war — and this temporary arrangement is the only way that necessary service can be provided for as many as possible.

● A friendly spirit of "share and share alike" will enable you and the others on the line to have telephone service that will still be ten times better than service to be had in any Axis country.

● If it should become necessary to change your grade of service, your monthly rate will be adjusted accordingly. However, before any steps are taken, one of our representatives will communicate with you.
