To continue to carry on this work, as well as to meet new needs of the times, such as calls from U.S.O., Community Center, etc. the chapter has given a card party every year at this time, which serves not only to welcome friends who have been parted all summer, but provides the funds for the various philanthropies.

Chocolate Mousse A New, Easier Way!

DON'T let hot weather get you down. Here's an easy-to-prepare dessert that will keep the whole family cheerful and cool.

A delicious Chocolate Mousse, made with three simple ingredients and just a "twist of the wrist." It's as easy as that, because most of the work is done by your refrigerator.

And, of course, it is important to remember the vital part played by chocolate in the country's nutritional program, because of its high food values.

In addition to the benefits to be derived from chocolate itself, there is another plus value in this tasty dessert. The National Nutrition Program recommends the consumption of at least three or four eggs a week per person, cooked in any way or in prepared dishes. Here's a delightful way to comply with this requirement.

MOUSSE AU CHOCOLAT
1/2 7-oz. package Semi-Sweet Chocolate, melted
3 tablespoon water
3 eggs, separated

Add chocolate to water and melt over hot water. Stir until smooth. Remove from heat and add egg yolks one at a time, beating well after each addition.

Beat egg whites until stiff. Fold gently into chocolate-egg mixture. Spoon delicately into sherbet glasses, and chill until firm.

Yield: 6 servings.
