

Invitations Mailed For Opening of Season's Swing Club

Invitations have been mailed for the swing club dance which will open the sixth year of the organization on Saturday evening, Oct. 3, at the Highland Park Woman's club. The dance, planned by the Highland Park Woman's club, are for sophomores, juniors and seniors at the high school.

A limited number of students from neighboring suburbs are also invited to become members. An equal number of boys and girls will be accepted. The series will include ten dances: Oct. 3, Oct. 31, Nov. 21, Dec. 19 a formal; Jan. 9, Jan. 23, Feb. 6, Feb. 27, Mar. 20, April 17, formal.

Dance Chairman

Chairman of the dances is Mrs. Alonzo Tenny and Mrs. Lindell Petersen is vice chairman in charge of arrangements. Mrs. J. S. Bracken will be in charge of refreshments.

Swing club has operated as a self-supporting "club within a club" for the past five years.

Patrons and patroness include Mr. and Mrs. H. A. Alexander, Mr. and Mrs. George Dana, and B. F. Goodman, Mr. and Mrs. Harry Pertz, Mr. and Mrs. David Sanders, and Mr. and Mrs. Leonard J. Kugel, and Mrs. C. A. Bartlett, Mr. and Mrs. Lindell Petersen, Mr. and Mrs. Claburn Jones, Mr. and Mrs. Robert Morris, Mr. and Mrs. Robin K. MacFadden, Mr. and Mrs. Fredrick O. Toof.

Service Men's Book Committee Is Organized

Reports from army camps at home and overseas reaching the Highland Park Woman's Club indicate that American joke books, cartoon books and collections of American style short stories are almost as welcome to our homesick boys as a letter from home.

Mrs. Fred H. Clutton, in enthusiastic response to this news, has agreed to be general chairman of a special "Service Men's Book Committee" now being organized within the ranks of the Woman's Club. Forty eight members of the club will meet at the clubhouse every third Tuesday morning of the month, and all day every Friday. They will select, clip and arrange reading material for scrapbooks for Service Men.

Mrs. Adolph E. Lundin, chairman, and Mrs. Percy Prior, co-chairman, will have charge of the Tuesday morning meeting. Mrs. Armand V. McPhee, chairman, and Mrs. Louis V. Francoeur, co-chairman, will oversee Friday morning's work. Mrs. Leonard W. Keaster, chairman, and Mrs. Lyle W. Maley, co-chairman, will continue the work on Friday afternoon. Students in the upper grades and high school are invited to join the group on Friday after school. All club members are asked to bring magazines to the clubhouse which is open every morning.

Collect Enough Scrap Metal To Make 54 Battleships

Enough scrap metal has been collected as the result of a three-year intensive campaign by the Chicago and North Western Railway company to meet the scrap metal requirements in constructing fifty-four 35,000-ton battleships or more than 34,700 medium tanks.

This has been disclosed with the announcement by R. L. Williams, chief executive officer of the Chicago and North Western Railway company, that more than 486,000 net tons of scrap metals have been collected by the company since it inaugurated its scrap clean-up campaign approximately three years ago with the outbreak of war in Europe.

"Since the inauguration of the drive, which will continue with undiminished intensity, the North Western has made available 9,749,208 lineal feet, or 116,943 net tons, of second-hand and scrap rail to date," said Williams. "Also included are 111,750 net tons of scrap from retired locomotives and cars as well as 257,343 net tons of

miscellaneous metal scrap, making a total of more than 486,000 net tons. The railway's scrap collection drive during the past three years has been carefully organized to bring all buildings, yards, trackage, locomotives, cars and shop machines under careful scrutiny.

"During this same period, the railway has been conducting a vigorous drive to conserve rubber and other critical materials," he said. "This has included the systematic reclamation and repairing for re-use of many articles as well as research to develop substitutes for many of the most critical materials."

High School P. T. A. Holds First Meeting

The first meeting of the Highland Park high school P.T.A. will be held Thursday, Oct. 1, in the high school. Tea will be served in the cafeteria at 3 o'clock, followed by individual conferences with the teachers in their classrooms.

At 3:45 o'clock a general meeting will be held in the English clubroom at which time Dr. Harold Spears, superintendent of the high school, will address the group on a "Survey of the School Year."

Announce Drive to Recruit 3,000 Women As Nurse's Aides

A drive to recruit more than 3,000 nurses' aides in the Chicago area during the month of September has been announced by Joseph M. Cudahy, vice-chairman of the Chicago chapter of the Red Cross.

The nurse's aides recruited by the Red Cross will be trained in local hospitals so they can help graduate nurses there, and release many of them for duty with the armed forces, Mr. Cudahy said.

Nurse's Aides also serve in OCD casualty stations, first aid posts and base hospitals in the event of disaster or enemy action, and go out with OCD medical squads to help give emergency medical attention to air raid or sabotage victims.

OCD block captains have been asked to recruit in two nominations for nurse's aides from each block. Complete information on the nurse's aide and her duties and training can be secured from the local OCD office, or Red Cross headquarters, 529 S. Wabash avenue, Mr. Cudahy said.

Requirements for nurse's aide training are simple: American citizenship, 18 to 50 years of age, a high school education, and good health. It takes three years of training to make a graduate nurse, but only 85 hours in classrooms and wards to make a nurse's aide, Mr. Cudahy pointed out. For every four nurse's aides trained, one graduate nurse is released for duty with the armed forces, he said.

Local nurse's aides are: Claire Benneke, 171 Laurel ave.; Mrs. Emily Cunningham, 2445 Old Briar road; Mrs. Elizabeth Loeb, 611 Waverly avenue; Eleanor McGraw, (Mrs. Durmont W.), 428 N. Sheridan road; Miss Mary E. O'Connell, 628 S. Linden avenue; Patricia S. Roenberg (Mrs. James) 6928 Oglesby avenue, and Mrs. Jane P. Sheehan, Quarters 95-B, Fort Sheridan.

PHILATELIC SOCIETY HOLDS FIRST MEETING

The first meeting of the fall season was held by the North Suburban Philatelic society Tuesday evening at the Community center. Walter Rice is president of the club and C. A. Sanborn is secretary-treasurer. Meetings are held the second and fourth Tuesdays of each month.

Creative Writers to Open Fifth Year On October 8

The fifth year's program of the North Shore Creative Writers' guild opens at the Highland Park Y.W.C.A. on Thursday morning, Oct. 8. Members as well as anyone interested in writing as a hobby may attend the first meeting free of charge.

Those who like to hear the anonymous manuscripts discussed but do not wish to enter any, are welcome. Rowena Bennett will continue to head the group.

A luncheon program will be announced next week and will follow the Oct. 8 meeting.

Each registrant for the 10 week course is entitled to bring a service man's wife as her guest to each session. Information may be secured from North Shore libraries or by phoning the Y.W.C.A., H. P. 675.

Highwood Social Service To Meet

The Highwood Social Service will meet Monday, Oct. 5 at the Highwood city hall at 8 o'clock. Members are urged to attend, as plans will be made for the campaign to raise funds.

There will be an election of officers and presidents of all organizations are requested to see that their representatives are present at the meeting.

Falls While Playing In School; Hip Broken

Anne Bradley, the 13-year-old daughter of Mr. and Mrs. Mahlon Ogden Bradley, 287 Central ave., fell while playing in the Elm Place school gymnasium last Wednesday and broke her hip.

Anne was taken to the Highland Park hospital, where her condition is reported as being as good as can be expected.

RUMMAGE SALE AT BETHANY CHURCH

A rummage sale will be held at Bethany Evangelical church on Laurel and St. Johns avenue on Oct. 6 and 7. Call H. P. 115 or H. P. 3459 and articles for the sale will be picked up.

Weeds

Victory gardeners, who spent the summer pulling, cutting and generally fighting weeds, will agree that a weed is a plant that isn't wanted—where it is. An exhibit of 175 of these "saboteurs of the salad plots" is being shown at the Museum of the Chicago Academy of Sciences in Lincoln Park. This display, which has been set up with the cooperation of Anna Pederson Kummer, honorary curator of botany at the Academy, is designed to show relationships among the plants and to allow for easy identification of most of the weeds common to the Chicago Area. Prof that a weed is not necessarily ugly is the inclusion of such showy plants as New England aster and goldenrod.

The exhibit will remain on display for five weeks; there is no admission charge at any time.

Ten per cent of your income in War Bonds will help to build the planes and tanks that will insure defeat of Hitler and his Axis partners.

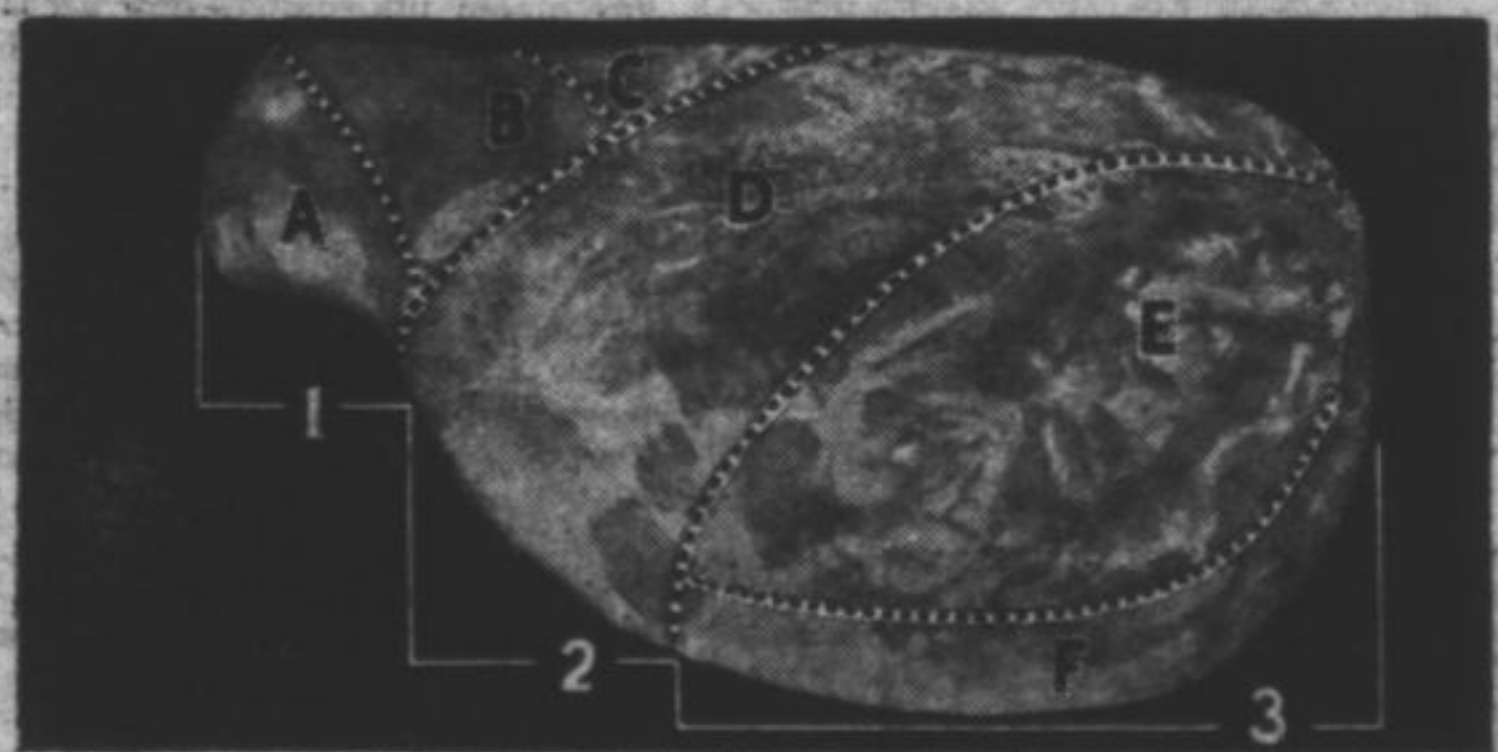

WILSON'S WEEKLY World Famous RECIPES By George Rector

Food Consultant to Wilson & Co

SEVEN LITTLE MEALS AND HOW THEY GREW

Let me show you how a small family can save money buying a whole Wilson's Certified Smoked Ham. If your family numbers four or five, buy a 12 to 15 pound ham. Now you're set for 7 delicious meals. Want to see how it's done?

THIS IS THE WAY YOU BUY THE HAM
Order a Wilson's Certified Smoked Ham in the Bright Orange Wrapper. Wilson's Certified Ham gives you a ham perfectly cured, tender, mild, and with a flavor so appealing that each meal will taste better than the last. You'll never tire of the mellow goodness of Wilson's Certified Smoked Ham.

THIS IS THE WAY YOU CUT THE HAM
Ask the butcher to cut the whole ham in parts—butt, center, shank (as illustrated 1, 2 and 3).
Then have him split the butt in two parts (e) with bone in, (f) without bone. Next have him cut the shank in three parts (a), (b) and (c).

THIS IS THE WAY YOU COOK THE HAM
Saturday Night: Prepare a New England boiled dinner using the bone half (e). Simmer slowly (allow 30 minutes to the pound). Thirty minutes before serving, add whole carrots, whole onions, potatoes, and green beans.

Sunday Dinner: Bake cut (d) in moderate oven, and just before serving fill peach halves with pecanelli and broil until brown. Serve as garnish for ham. Delicious!

Monday's ham: But no weekday meal here for you. Slice the London half of

the butt in butterfly slices (f) and broil. Fried Clear Brook Eggs and steamed parsley potatoes are suggested.

Ironing Day: And what could be better than the triangular piece (c) of the shank, boiled with cabbage. Simmer the ham, covered, but cook the cabbage quickly and uncovered. Serve ham in center surrounded by cabbage quarters.

Do War Work Wednesday: Make a ham loaf in the morning and have ready to serve when you return home. Use cut (b) for this. Mix together 1 1/4 cups coarsely ground Ham, 1 cup white sauce, 3/4 cup cracker crumbs mixed with 1 teaspoon melted

Clear Brook Butter, 3 beaten Clear Brook Eggs, and 1/2 teaspoon Worcestershire sauce. Form into loaf, place strips of Certified ham over top and bake at 350° F.—for one hour.

Thursday: Use shank piece (a). Simmer until tender. (Save liquor.) Cube lean meat and make a superb-to-remember soup of tomato slices, cubed ham and spaghetti. Season with a little garlic.

Friday's Favorite: In good old fashioned split pea soup. You get all the bones and the liquor from Thursday, remember?

Your friend, George Rector

Bomb 'em with JUNK

Let's blast Japan—and Germany—and Italy—with the chain lightning of destruction that can be built from the scrap in our cellars, attics and garages, on our farms and in our places of business.

Scrap iron and steel, other metals, rubber and waste materials. It will all be used to make tanks, ships, planes and the fighting weapons our boys must have. It is needed at once.

Sell it to a junk dealer—give it to a charity or collection agency—take it yourself to the nearest collection point—or consult the Local Salvage Committee... If you live on a farm, and have found no means of disposing of your junk, get in touch with the County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

This message approved by Conservation Division WAR PRODUCTION BOARD

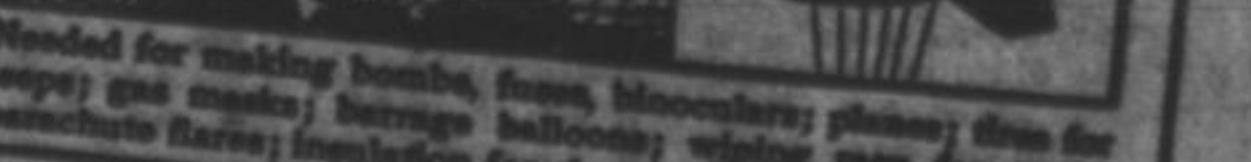

This advertisement paid for by the American Salvage Commission (representing and with funds provided by groups of leading industrial concerns)

JUNK NEEDED FOR WAR Scrap Iron and Steel

Needed for all machines and arms of war. Fifty per cent of every tank, ship and gun is made of scrap iron and steel.

Other Metals—Rubber—Rags—Manila Rope—Burlap Bags

Needed for making bombs, fuses, bladders; planes; dies for tools; gas masks; barrage balloons; wiring; rags for gunny; parachute flares; insulation for electric wiring.

WASTE COOKING FATS—Strain into a large tin can and needed ONLY IN CERTAIN LOCALITIES—Waste paper and NOT NEEDED (at this time)—Razor blades—glass
