

U. S. O. Club  
N. C. C. S. Operated  
428 Railway Ave., Highwood, Ill.

Sharing in the proceeds of the annual ball of the Knights of Columbus on Oct. 10 at the Drake hotel will be the Highwood U.S.O. club, 428 Railway avenue. The grand ballroom, the Gold Coast room and the French room of the Drake will be taken over by the three thousand K. C.'s concerned in an entertainment for war service and to observe Columbus day. Henry L. Phoenix is chairman. The local club will benefit equally with the Chicago N.C.C.S.—operated unit, Roy P. Bedore, director, announces.

Thanksgiving not being too far away, the club is already making plans for its celebration. The Women's Catholic Order of Foresters will be hostesses at the Nov. 25 party, when turkey will be on the menu.

Entertaining on the past Saturday were members of the Highwood defense corps, who served doughnuts and cookies while apples were given out through the courtesy of Mrs. Walter Heller of Flowalt farm.

Providing refreshments were the Misses Gertrude Wagner of Lake Bluff, president, Verle Breed, Enis Amidei, Pauline Costo, Helen Unger, Virginia Wagner, Marie Leonardi, Helen Colo, Myrtle Christopher, Stella Ostrand, Mary Jane Davis, Carmella Rossi, Clara Innocenzi, Bridge Mor-dini, Kathryn Ariano, Lillian, Frieda and Sarah Glass, Louise Baracani, Olga Cantagallo, Nellie and Nora Mahoney, Marian McLeran, Gloria Linari and Lena Azzi and Mrs. Peter Barbaglia, all of Highwood.

Chaperons that evening were the Mes. Mary Somenzi, Sante Bernardi, Adelina Lucchi, Angelo Colo and Theo Minorini, Mr. and Mrs. Paul J. Muzik of Highwood, John F. Cunningham of Lake Forest, Stanley Pankman and Mrs. Mary Zafine of Highland Park.

Contributors to the cookie jar last week included Rudy's bakery in Highwood and the Jewel Tea Company of Highland Park.

Invite Chess Players To Community Center

Beginning chess players, as well as experienced, are invited to the regular chess club meetings at the Community center on Thursday evenings at 7:30 o'clock, starting Oct. 8.

This club has been meeting regularly ever since the center was opened.

Defense Workers Being Fingerprinted By High School Staff

The staff of the Highland Park high school has been making contribution to the civilian defense program by fingerprinting the civilian defense workers. The job is being done under the supervision of A.E. Wolters, assistant principal and dean of boys at the high school. He has announced that by the end of September the entire list of air raid wardens should be covered.

The task of fingerprinting Highland Park's civilian defense workers was begun on Sept. 14. In order to avoid long waiting lines, a definite schedule is set up by Mr. Wolters and his assistants. The division and sector heads were notified by letter of the night and the hour when the wardens of each sector were to appear at the high school. Three typists and three finger-pressers were on hand each night, and took well over a hundred prints a week.

The auxiliary firemen and policemen had been fingerprinted previously. The members of the office staff will probably be next, to be followed by Phillip Cole's demolition and rescue squads. Mr. Wolters has emphasized the fact that the cooperation of the civilian defense workers in meeting their appointments is important in carrying out the program.

North Shore Army Day Set for Oct. 31

The Fort Knox and Camp Grant stations of the United States Army will be honored on Saturday Oct. 31 in connection with the only all-army classic in this area when the Camp Grant and Fort Knox football teams clash at Dyche stadium.

Twelve North Shore towns have issued a proclamation declaring Oct. 31 North Shore Army day and will join in celebrating with military drills and bands to make this a gala occasion when the two football teams, together with large contingents of soldiers from the tank unit at Fort Knox and various units stationed at Camp Grant will be honor guests at Dyche stadium.

SALVAGED CANS TO BE SHIPPED OCT. 16

All who have been saving prepared tin cans and who have not put them out for collection are urged to do so. Highland Park's first car of salvaged cans is to be set on the freight siding Oct. 16, at which date all cans for that shipment are to be turned in.

G. M. "PRODUCES" TONS OF SCRAP

Scrap piles in two of the ninety war plants of General Motors. Above, a worker is cutting up old metal with a torch preparatory to shipping to steel mills. At right, a giant electro-magnet adds another hunk of steel to another scrap pile.

DETROIT—An intensive scrap drive in General Motors war plants from Connecticut to California has already increased the nation's stockpile by a total of 531,000,000 pounds of iron, steel, copper, aluminum and other metals essential to the war effort.

Enough old metal to provide the scrap necessary to build two 35,000-ton battleships has been turned up in plant "attics" by General Motors "waste warriors" since Jan. 1, 1942. This is in addition to the normal flow of production scrap.

In one plant a virtual mine was discovered alongside a rail-

road siding where cast iron borings had been dumped for years prior to shipping. In another a bronze eagle cast 30 years ago was unearthed. An electro-magnet rigged beneath a truck picks up loose metal in the yard of still another G.M. war plant, while several divisions have shipped to mill and smelter tons of railway rails which had served as parking lot bumpers.

All G.M. divisions have organized salvage units, and every square foot of buildings and yards is being combed for "dormant metal."

Sixth Annual Series Of Dances To Be Resumed Oct. 3

October 3 marks the beginning of the sixth annual series of Swing club dances planned by the Highland Park Woman's club for sophomores, juniors and seniors of the Highland Park high school.

"Swing club will assume a position of greater community importance this year," states Mrs. Alonzo Tenney, chairman, "as it will continue the normal functions of relaxation and entertainment for young people of high school age during these abnormal times."

Started 5 Years Ago

Originated within the ranks of the Woman's club, Swing club has operated as a self supporting "club within a club" for the past five years.

Highland Park sophomores, juniors and seniors and a limited number of students from neighboring suburbs are invited to become members. An equal number of boys and girls will be accepted. The series includes ten dances: Oct. 3, Oct. 31, Nov. 21, Dec. 19, (formal), Jan. 9, Jan. 23, Feb. 6, Feb. 27, Mar. 20, and 17 (formal). Andy Jacobs and his swing band will furnish the music for the first party.

Mrs. Alonzo Tenney, chairman, and Mrs. Lindell Petersen, vice-chairman, are in charge of arrangements. Mrs. J. S. Bracken will be in charge of refreshments.

Patrons and patronesses include Mr. and Mrs. H. A. Alexander, Mr. and Mrs. George Dana, Mr. and Mrs. B. F. Goodman, Mr. and Mrs. Harry Pertz, Mr. and Mrs. David Sanders, Mr. and Mrs. C. A. Bartlett, Mr. and Mrs. Leonard J. Kugel, Mr. and Mrs. Lindell Petersen, Mr. and Mrs. Claburn Jones, Mr. and Mrs. Robert Morris, Mr. and Mrs. Robin K. MacFadden, Mr. and Mrs. Frederick O. Toof.

USO-Salvation Army

Mrs. Benjamin Rosenthal chose as a birthday gift, last Friday, a spread for the servicemen of the unit. With a "Happy Birthday To You" the guests proceeded to do full justice to the food, from Italian spaghetti and meatballs to ice cream and cake. The serviceman trio—Bailey, Wyatt and Crowe—rendered with "Rubber Dolly" and other numbers, and Pfc. Adelard Mascualre favored with songs in French and English.

The gold lettering machine recently installed has been kept in constant use. Initials on pens, bill-folds and wallets serve as a means of identification as well as a pleasing decoration. Service in lettering is given on Monday, Thursday and Saturday evenings.

Instruction in crafts is given to the wives of servicemen each Monday, Wednesday and Saturday afternoon. Thursday, Oct. 1, The feature of the evening will be an instrumental trio—the Garions of Highwood. Coffee club at 10 o'clock.

Friday, Oct. 2, Movie night. Coffee at 10.

Saturday, Oct. 3, Keeno and prizes with Mrs. B. J. Rosenthal. Coffee at 10.

Sunday, Oct. 4, Open house all day. Vespers at 7 p.m. with the Highland Park Methodist church. Coffee at 10.

Monday, Oct. 5, Special music. Coffee club at 10.

Tuesday, Oct. 6, Nickelodion night—old time movies. Special instruction in hobby and camera craft. Coffee.

Successful Scrap Iron Drive Is Concluded

Highwood's scrap iron drive was successfully concluded this week, according to Joe Lenzini. Notices will be posted telling when another drive will start.

During the month of October, Highwood will conduct a tin can drive. Citizens will be notified through the schools as to when the tin cans will be collected. Proceeds will go to the Highwood civilian defense corps, of which George Kenry is coordinator.

Trenton to Open Studios Oct. 1

Louise Trenton, teacher of voice, sight singing and speech, reopens her

studio at 102 N. Sheridan road and in the Fine Arts building, Chicago, on Oct. 1.

Voice will be taught privately, but sight singing and speech adapt themselves to class instruction.

LET'S SHARE OUR CARS AND SPARE OUR TIRES

How about it, neighbor?

WILSON'S WEEKLY  
World Famous  
RECIPES By George Rector  
Food Consultant to Wilson & Co.

THE FAMILY MARCHES IN

'Tis about the time of the year we start to move indoors and settle into our favorite easy chair for another winter—a different winter this time with Dad on the night shift and Mother busy with war work. But it's the same old winter when it comes to getting three meals for a hungry family every single day. Here's one geared to the times, nutritious, speedy, economical.

WAR WORKER'S "QUICKEN" SUPPER  
CRISP WILSON'S CERTIFIED BACON SLICES  
TOMATO HALVES (Pan-fried)  
FRIED CORN  
EGG SALAD  
CROSTINI  
ENRICHED BREAD  
FRUIT TARTS  
WILSON'S CERTIFIED AMERICAN CHEESE WEDGES

Idea One: Chopped crisp bacon, mixed with chopped raw vegetables—is a dandy salad suggestion. Wilson's Certified Salad Dressing is right here.

Idea Two: Brown hot in bacon drippings until well seared with brown, and serve with braised Cole Slaw, Veal Steaks for a happy home dinner. Don't count on any left-overs.

SAVING SENNE (or Cents)

The rind helps keep bacon flavor in. Try Wilson's Certified Sliced-to-the-Rind Bacon or the two-pound package Family Style Bacon (where the bacon has been sliced off the rind, but packed upright on the rind). Both these sliced bacon are "rind-protected." Both are sliced slightly thicker, making them Makeast Dishes for quick wartime meals.

TRY MAKIN' WITH BACON

You'll find that a slab of Wilson's Certified Bacon is the Bright Orange Wrapper will pay full dividends in good eating.

WILSON GETS THE HED ...

If you find it temporarily difficult to get your favorite Wilson's Certified meat products, remember, the American homemaker's formula food standards for all-around dependability, in freshness and goodness, for years have been those carrying the Wilson & Co. name. They are the most investment your food dollar can make.

Your friend, George Rector

Bomb 'em with JUNK

Let's blast Japan—and Germany—and Italy—with the chain lightning of destruction that can be built from the scrap in our cellars, attics and garages, on our farms and in our places of business.

Scrap iron and steel, other metals, rubber and waste materials. It will all be used to make tanks, ships, planes and the fighting weapons our boys must have. It is needed at once.

Sell it to a junk dealer—give it to a charity or collection agency—take it yourself to the nearest collection point—or consult the Local Salvage Committee... If you live on a farm, and have found no means of disposing of your junk, get in touch with the County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

WAR PRODUCTION BOARD

This message approved by Conservation Division

JUNK NEEDED FOR WAR  
Scrap Iron and Steel  
Needed for all machines and arms of war. Fifty per cent of every tank, ship and gun is made of scrap iron and steel.  
Other Metals—Rubber—Bags—Manila Rope—Burlap Bags  
Needed for making bombs, fuses, mines, missiles, planes for Japan; gas masks; barrage balloons; wiping rags for guns; parachute flares; insulation for electric wiring.  
WASTE COOKING FAT—Strain into a large tin can and REUSE ONLY IN CERTAIN LOCALITIES—Waste paper and tin cans—wanted only as announced locally.  
NOT NEEDED (at this time)—Razor blades—glass.
