

Workers Urgently Needed By Local Red Cross Unit

Workers are urgently needed by the Highland Park unit of the American Red Cross, according to the new president, Mrs. William White.

The production of millions of surgical dressings of various types is a task which requires the work of Red Cross volunteers.

It has been stated that 8,000,000 dressings are needed by January and one-half a million a month are now being made.

Night class for teachers or employed persons, surgical dressings only, is being planned.

Workers on surgical dressings are in great demand, according to the chairmen, Mrs. Louis Schultz and Mrs. Malcolm Vail.

At the present time no more knitters are needed, as the quota for knitted materials has been filled.

Workers on surgical dressings are in great demand, according to the chairmen, Mrs. Louis Schultz and Mrs. Malcolm Vail.

Anyone having any questions or criticisms pertaining to the Red Cross may contact the Red Cross headquarters or any of the chairmen.

Women Voters Now Studying Public Health

At the moment the Highland Park League of Women Voters is placing a preponderance of emphasis on public health, a subject which will be the concern of a field trip, a meeting of the League school, and the November monthly meeting.

On Monday, Nov. 9, replacing the usual weekly meeting of the League school, will occur a field trip to the new Lake County hospital and the new County Home for the Aged.

Objective of the trip is to obtain answers to these questions:

- 1. What does the County do for its citizens' health? 2. Who administers these services? 3. How much of our money is spent for public health, and where does it come from? 4. Has the war affected the need for public health services?

League members and non-members who are interested in making the trip should congregate at the Highland Park library auditorium at 1 p. m.

The field trip is intended as a background for the general question, "Is Public Health Protection in Lake County Adequate?" which will be the subject of the following League school session, held Monday, Nov. 16, and the regular monthly meeting occurring Wednesday, Nov. 18.

The speaker planned for the November monthly meeting is Dr. W. J. Menke of Woodstock, who is district health superintendent of District No. 2 of the Department of Public Health of the State of Illinois.

Anyone having any questions or criticisms pertaining to the Red Cross may contact the Red Cross headquarters or any of the chairmen.

H. P. USO NEWS

"Target for Tonight," produced in England by the Crown Film unit, directed by Harry Watt with the full cooperation of the pilots, observers, gunners and ground staff of Bomber Command of the R. A. F., will be presented at the Highland Park U. S. O. Friday evening, Nov. 6, at 7:30 o'clock.

"Target for Tonight" depicts an actual air raid by the Bomber Command of the Royal Air Force. The picture begins with new aerial photographs of enemy territory brought back by reconnaissance planes. These disclose the objective to be raided. Then comes the staff planning, routine of preparing the bombers, getting weather reports, instructing the crews, and the tension of the evening take-off.

This is the first of a series of official war films of U. S. allies, made available by the U. S. Government Office of War Information.

Sunday night, Nov. 8, two outstanding entertainment features are planned at the Highland Park U. S. O. club.

Marilyn Foster, of Chicago, soloist, will appear at 7:15 p. m. and Mr. and Mrs. Ireland, magicians, in an hour of mystifying magic, 7:30 to 8:30 p. m.

SATURDAY, Nov. 7— Variety show 8:15 p. m. Photo and Craft shops open. Dancing 9 p. m. to 11 p. m. Hostess groups 4 and 6, E. Krueger and M. Hanson, chairmen. Refreshments 9:30 p. m. Overnight sleeping including breakfast, 35c.

SUNDAY, Nov. 8— Breakfast 9 a. m. Buffet supper 6:30. Marilyn Foster, soloist, 7:15 p. m. Ireland—Magician, 7:30 to 8:30 p. m. Craft shop instruction by Ed Brandriff. Photo shop open. Dance orchestra 8:30 to 11 p. m.

MONDAY, Nov. 9— Instruction night, schedule same as Nov. 2.

Complete Plans for Presentation of Play

Mrs. M. E. Maiman, president of the Mother's club, has announced that plans have been completed for the presentation of "The Singing Saints of Hicksville," which will be given by the Musart club at the "Y" on Tuesday evening, Nov. 10, at 8 o'clock.

Ensign Bede Is Assigned to Duty At Foreign Base

Ensign Alan H. Bede, (s.c.), of the Navy Supply Corps reserve, who resides at 1813 Rice street, Highland Park, is one of 181 young officers who graduated on Oct. 30 from the Navy Supply Corps school at Harvard university.

Boys' Club Starts At Center Nov. 6

For the purpose of organizing and talking over plans for the year, the Community center Boys' club will meet at 7 o'clock on Friday evening, Nov. 6. The club is for boys of grammar school age. Among their activities are games in the squash court, boxing lessons, tournaments, craft activities and civilian defense.

Any boy in Highland Park is welcome to join the club.

MALLINCKRODT STUDENTS PLAN FALL FESTIVAL

The students and sisters of Mallinckrodt high school, 1041 Ridge road, Wilmette, are preparing their annual fall festival and turkey dinner sponsored by the Mothers' club to be held Sunday, Nov. 15. Mrs. M. Hogan is president of the "M" Mothers' club.

Local Students Pledged to Societies at Northwestern U.

Gloria B. Jensen, Margaret K. Jones, Betty S. Riser, Ruth A. Schulte, Robert A. Stancliffe and Daniel R. Whitney, of Highland Park were among the students at Northwestern university who were pledged to campus fraternities and sororities at the conclusion of formal rushing recently.

Miss Jensen, daughter of Mr. and Mrs. Leo D. Jensen, 746 Braeside road, was pledged Delta Gamma sorority.

Miss Jones, daughter of Mrs. Florence T. Jones, 324 Roger Williams, was pledged Pi Beta Phi sorority. A graduate of Highland Park high school, she is a junior in the school of commerce.

Miss Riser, daughter of Mr. and Mrs. Walter J. Riser, 727 Braeside road, was pledged Kappa Delta sorority. A graduate of Niles Township high school in Skokie, Ill., she is a freshman in the school of liberal arts.

Miss Schulte, daughter of Mr. and Mrs. Bernard Frank Schulte, 1311 Sheridan road, was pledged Kappa Delta sorority. A graduate of Highland Park high school, she is a freshman in the school of liberal arts.

Stancliffe, son of Mr. and Mrs. J. B. Stancliffe, 510 Hawthorne lane, was pledged Phi Kappa Psi fraternity. A graduate of St. John's military academy at Delafield, Wis., he is a freshman in the school of liberal arts.

Whitney, son of Mr. and Mrs. Arthur C. Whitney, 111 Dale avenue, was pledged Delta Upsilon fraternity. A graduate of Highland Park high school, he is a sophomore in the school of commerce.

Trans. Committee Sends Letters to All Prospective Riders

The Transportation committee has announced that all letters to prospective group riders will be in the mail this week. These letters will be sent to each motorist who has requested a group of one kind or another, and will list other people in the immediate neighborhood who could logically cooperate in a particular driving group.

"If upon receipt of these letters," said Mr. Robert Leopold, "people will immediately contact each other, these indicated groups may become operative without delay. The ultimate success of our group riding program is dependent upon the initiative of the individual motorists in working out the details of their particular groups."

As an indication of this initiative, Mr. Leopold pointed out that Kenneth Lacy, transportation coordinator for Zone 11 and president of Old Elm Civic association, has called a meeting of his entire district for Monday night, Nov. 9, at the Community Center for the purpose of working out all group riding problems.

It is hoped that similar meetings will be held by other civic associations.

Organize Community Unit

"We will attempt," said Mr. Lacy, "to organize the whole community into a coherent unit for work on all important matters of local and national significance. The 'share-the-ride' groups being of immediate importance, will be given major attention at this meeting. Organization of shopping, school, church and club meeting groups will be undertaken at this time."

Officers Elected By Woman's Auxiliary Of Local Hospital

The Woman's auxiliary of the Highland Park hospital held its annual meeting and election of officers on Oct. 14. The following were elected to office:

President, Mrs. Horace Vaile; vice president, Mrs. Francis M. Knight; recording secretary, Mrs. James M. Carrys; corresponding secretary, Mrs. Ralph Mack; treasurer, Mrs. William T. Jones; social service, Mrs. John Wing; surgical dressings, Mrs. Maurice Graves; house committee, Mrs. Charles Rubens; sewing, Mrs. Morley Reading; nurses home, Mrs. Ralph Bard Jr.; luncheon committee, Mrs. Robert Carver; Memorial and Happy Day funds, Mrs. Edward Weil.

An expression of appreciation was extended Mrs. George Baldwin, the outgoing president, for her leadership and efforts during the past two years.

The next meeting will be held Wednesday, Nov. 11, at 10 a. m. in the Trinity parish house. Luncheon will be served.

Story on Armored Cars Written By Local Boy in 1900

"The First Automobile Gun" by Master John Farnsley Reddick (aged 9) was published in the league section of St. Nicholas, July, 1900, and copied by newspapers.

John Reddick was a member at that time of the training class cadets of the college preparatory military academy located in Highland Park in MacPherson's garage.

In his article, he described the first motor propelled combat car in the world which was built by private enterprise at the suggestion of young Reddick. Later Major Reddick recommended that caterpillar tractors be adapted to armored combat cars to overcome barbed wires and machine gun nests.

While enroute to Chattanooga from Atlanta in a private railway car, Major Reddick convinced Gen. Leonard Wood that armored tractors in force would win the war.

In 1910, two armored combat cars called "Balloon Destroyers" manned by cadets of the Lake Geneva Military Academy made the 2,850 mile Glidden tour from Cincinnati to Dallas, and in 1915, a caravan of eight N. M. A. military cars made a test trip to Los Angeles via the San Francisco fair and Lincoln highway without a mishap.

The original "horseless gun carriage," from which these panzer cars developed can be seen in the museum of the Northwestern Military and Naval academy at Lake Geneva, Wis. Early in the war Maj. C. R. Yates, Royal Irish regiment, was sent to Lake Geneva to report on motor propelled combat cars and to instruct in trench warfare.

Among the local N. M. A. alumni are William A. Alexander, George C. Baldwin, Edward U. Beneke, Arnold C. Bremer, Daniel Fish Davis, Parker Clinton Fielder, George William Keller, Jr., and Robert L. Lautmann.

Rabbi To Speak On 'Unsung Heroes'

In his sermon at North Shore Congregation Israel on Sunday morning, Nov. 8, Rabbi Charles E. Shulman will pay tribute to the "Unsung Heroes of the War." His sermon will be devoted to a consideration of those not in the newspaper dispatches and their importance in the world of today and tomorrow.

Rabbi Shulman conducts services at North Shore Congregation Israel every Sunday morning at 11 o'clock. The temple is located at the corner of Lincoln and Vernon avenues in Glencoe. Visitors are always cordially welcome.

GEORGE RECTOR SAYS—"SURE, WE'LL SHARE THE MEAT"

Facts About Our Government's "Share the Meat" Campaign

America grew great on the spirit of sharing. Now, every homemaker in America has an opportunity to serve her country by cooperating with the Government's voluntary "Share the Meat" program

They Must Have Meat

Our fighting men must have meat to help keep them "the best-fed fighting men in the world." Our fighting Allies must have meat for strength, health and morale. Then, too, all of us on the "home front" need the nutrients found in meat—its proteins, B vitamins, and minerals.

Of the world's record 24 billion pounds of meat America will produce in 1943, our Government will need 6 1/2 billion pounds. The supply of meat available for civilian consumption, after the requirements of our Army, our Navy and our Allies are met, will be 3 1/4 billion pounds less than the abnormal demand due to the increased buying power of the public.

It is for this reason that our Government asks everyone to "Share the Meat"—beef, pork, veal, lamb and mutton—and to limit themselves voluntarily to 2 1/4 pounds weekly for each member of the family over 12 years of age, 1 1/4 pounds weekly for children from 6 to 12 years of age, and 3/4 pound for younger children, old people and other light meat eaters.

Help Win the War

Self-discipline by American civilians—staying within the allowances set—will help win the war. Actually 2 1/4 pounds of meat per week is but little less than the average American consumed during 1939.

Some Meats Not Rationed

Under the voluntary rationing plan, there are a number of good nutritious meats which are not limited.

For example, you will be able to buy plenty of such important, nutritious meats as hearts, livers, kidneys, sweetbreads, ox joints, pork feet, ox tongue, and others, as well as all poultry. And, if you have ever eaten a delicious baked heart, stuffed with tasty dressing; a liver stew; liver and dumplings or a kidney stew, you realize that there are endless possibilities for using these meats to supplement the week's menu and stretch your fresh and cured meat allowance.

Meat Stretchers

There are many interesting ways by which you can stretch your meat and serve delicious, wholesome meals every day. I hope to give you many suggestions in the days to come. No resourceful homemaker need see her family lack meat-eating pleasures or all the nourishing food they need.

To the people in England, China,

Russia and in the homes of our enemies, the everyday meals you serve would be sumptuous feasts.

"SHARE THE MEAT"

It is imperative that the American people begin to restrict themselves at once, for this reason:

Since October first, dealers—including your own—and public eating places have been restricted to approximately 20% less meat than they received during this same period last year.

The American Way

Your Government is depending upon you to be fair—to conduct your own purchases and uses of meat so that your neighbors and friends can have their portion, too. This is the patriotic thing to do. Of course, should the Government decide to ration meat by the use of coupon books or otherwise, your purchases will be regulated.

Under the voluntary "Share the Meat" plan, if meat is eaten away from home, that amount should be deducted from home purchases. Note: If you have not been using as much meat as the voluntary plan allows, there is nothing you need do. It is only those who have been accustomed to more than 2 1/4 pounds weekly who are asked to "Share the Meat."

Will You Do It?

Will you serve your country and cooperate in the "Share the Meat" plan in your home—voluntarily—beginning now? Will you do this so that all your friends and neighbors—and the families of those who are employed at heavy work in armament factories, may share and share alike with you? I am sure you will.

Note: My special wartime recipes and "Share the Meat" menus show how to make the most of your meat allowance. They will appear weekly in this newspaper. They are designed to help you to give your family all the health benefits and eating pleasures that meat supplies. Nothing can take the place of meat on the American table. And, remember, nothing can take the place of Wilson's Certified Meats.

George Rector, Food and Nutrition Consultant, Wilson's C. Meats, Inc., Chicago

If you're a heartsick wife — mother — or sweetheart... you'd do a lot to give that boy a better chance to get back safe. Well then... do it!

SOMEONE'S LIFE IS IN YOUR HANDS!

ROUND up your scrap metal—it's needed to make steel. Steel for armor plate to protect him from bombs and bullets. Steel for weapons to help him do the job that must be done before he can come home again.

What happens after that depends on all of us. If production falls and you've not done your part, will you rest easy?

You don't want production figures. It's enough to know that 50% of all new steel is made of scrap—that our steel mills now have only enough scrap in sight to last another 30 days

Next week we're starting a collection drive—to build the biggest stockpile of scrap metal you've ever seen. Then when the mills need it, we'll have it—because you came through... for his sake!

Watch this paper for details of the big scrap drive and what you must do to help NEWSPAPERS' UNITED SCRAP METAL DRIVE
