## Nathaniel Will Enrolled At U. of Kentucky

A drop in enrollment that totaled 491 fewer students than registered for the fall term of the 1941 school year, was recorded when regular registration period for the fall quarter of the 1942 school year at the University of Kentucky closed Wednesday, Sept. 30. ARTUR RUBINSTEIN

A favorite tale concerns the congressman who sat next to him at a Washington dinner after Rubenstein had played at the White House. This was in 1921, shortly after the death of Caruso. The congressman, suspicious of any stranger outside his bailiwick, was monosyllabic throughout the meal.

Political etiquette, however, made it necessary for him to make at least one bit of conversation that was interesting but not incriminating. Over the coffee, the sally arrived when the congressman turned to Rubenstein and said: "Now that Caruso is dead, do you think music will continue?"
