Those who have made appointments are asked to keep them.

**Issue Rules**

In order to insure clear plasma from the blood donation, the following instructions are offered:

1. Avoid all fats or fatty foods for four hours before reporting. This includes milk, cream, cheese, meats, ice cream, butter, fried food, mayonnaise, salad oil, eggs and nuts. (It is recommended that you have a light meal of fat-free food made up of toast—without butter—and jelly, coffee or tea without cream, crackers and fruit.)
2. Keep your appointment. Since the donor schedule must be made up in advance, each last-minute cancellation means one less pint of blood, or one less life saved. If circumstances arise which make it unavoidable that you cancel, please do so at your earliest opportunity. Perhaps it won't be too late to find someone else to take your place.

### Give Blood At Chicago Center

The following persons from Highland Park gave their blood at the Red Cross Blood Donor service, 5 N. Wabash avenue, Chicago, during the period from July 17 to 19:

Henry O. Stenson, 1827 Deerfield road; Robert Bussard, 7 Beech lane, third time donor; Howell W. Murray, 31 N. Linden avenue, fourth time donor; Myron Hexter, 1324 Jordan avenue, fourth time donor, and Herbert Hilding, 1241 S. St. Johns avenue, eighth time donor.

### Ration All Stoves Starting This Month

Nation-wide rationing of domestic heating and cooking stoves goes into effect on Aug. 24. Beginning with that date, all consumer purchases of rationed stoves must be made with a certificate obtained at local War Price and Rationing boards.

Total national quota, based on the number of stoves to be manufactured and made available as reported to O. P. A. by the War Production board, will be divided among O. P. A. regions, districts and boards according to these factors: Past use of stoves, population shifts, fuel supplies, etc.

## Resident Bishop In Far East To Speak Here Sunday

At the Highland Park Presbyterian church, the pulpit will be occupied next Sunday by Bishop Edwin F. Lee, resident bishop of the Methodist church in the Far East until the Japanese occupation. Bishop Lee will speak on the subject "An Effective Free Church in a Changing World."

Bishop Lee, in charge of the work of the Methodist church in the Philippines and Malaya, was compelled to evacuate from Singapore on Jan. 30, with Mrs. Lee and twenty-four other American missionaries, when the Japanese army was only 15 miles away. Singapore had been steadily bombed since Dec. 8, 1941.

Evacuated at the urgent advice of the United States Consul General and of native Methodist leaders, the party experienced an air raid by twenty-seven Japanese bombing planes while on the small American freighter tied up to the wharf in Singapore. The freighter later took them to Batavia, Java. Sixty-six days' travel, forty-six of them on three different ships, finally landed them in San Francisco on Easter evening after an anxious voyage.

Behind them, Bishop Lee and his missionaries left the work of the church for 125,000 Methodists in 600 congregations in the hands of the native workers.

"No scorched-earth policy destroyed the values of Christianity implanted in the hearts of men, women and children in the Philippines, Malaya, Sarawak and Sumatra," Bishop Lee said upon his arrival in this country.

He expects to return to his work immediately upon the conclusion of hostilities to continue directing the efforts of the twenty-three Methodist district superintendents in the Singapore-Manila area, of which number nineteen are nationals: Filipino, Chinese, East Indian and Batak.

Elected a missionary bishop in 1928 at the Methodist conference, Bishop Lee has had his headquarters in Singapore since then. He has served as missionary, pastor and district superintendent in Batavia, Kuala Lumpur, Manila and Singapore from 1910-15 and from 1924-28.

During the present period of Bishop Lee's enforced absence from his Singapore-Manila area, he is making Chicago his headquarters.

A cordial invitation is extended to all to attend this service.

### Ration Reminder

Gasoline—In states outside the eastern shortage area A-7 coupons are valid through September 21. "B" and "C" coupons expire according to dates on individual books. All gasoline coupons in the possession of car owners must be endorsed with the owner's license number and state of registration.

Fuel Oil—Period 5 coupons in old ratons remain valid through September 30. Period coupons in new ratons are valid now. Occupants of oil heated homes are urged to return their applications for next year's fuel oil to their ration boards promptly and when issued new ratons to place orders with their dealers for summer fill-ups.

Sugar—Stamp No. 14 good for five pounds through October. Stamps Nos. 15 and 16 are good for 5 pounds each for home canning purposes through October 31. Housewives may apply to their local ration boards for more if necessary.

Shoes—Stamp No. 18 (1 pair) is valid through October 31.

Stoves—Consumer purchases of rationed stoves must be with a certificate obtained at local war price and rationing boards.

Meat etc.—Red stamps "T," "U," "V" and "W" valid through August 31. "X" valid through October 2. "Y" becomes valid August 29, "Z" becomes valid September 5, and both remain valid through October 2.

Processed Foods—Blue stamps, "R," "S" and "T" remain valid September 20. "U," "V" and "W" become valid September 1 and remain valid through October 20.

### Mail Christmas Gifts to Navy, Marines, Early

Christmas gifts to personnel serving in the navy or marine corps stationed overseas should be sent between September 15 and November 1.

This period has been designated by the Navy Department in cooperation with the Post Office Department to facilitate delivery. Friends and relatives are urged to mail packages as early as possible.

Parcels must not exceed five pounds in weight.

### CALL FOR MORE NURSES

Many American hospitals cannot maintain normal standards of service today because of the lack of nurses. A year from now America will need 359,000 nurses or 100,000 more than are now available. Of this number 60,000 will be needed for the armed forces, and 293,000 for civilian needs. Because of the limited facilities, the maximum that can be trained within this period is 65,000.

## SCHOOLS TO OPEN

All Highland Park schools, both elementary and high school, will open on Wednesday, September 8. See next week's Press for details.

### Ask Customers To Conserve Use Of Fuel Gas

"We shall be forced to ask our customers to conserve their use of fuel gas next winter the same as they last winter, and if we get the same degree of co-operation as we received from our customers last year, we'll get through the winter," said Tom Clark, district manager of North Shore Gas company.

Because of the fact dependable fuel gas service is needed at Great Lakes Naval station, Fort Sheridan, Lake County war industries as well as in thousands of homes of war workers and other North Shore residents, fuel gas service is closely regulated by the War Production board. New heating loads have been frozen for 18 months and voluntary conservation is required in order to prevent definite rationing of fuel gas. In fact, these conditions exist in almost all parts of the United States.

Following reorganization of North Shore Gas company in early 1942, A. W. Conover was elected president of the company. Plans were immediately laid to meet the war-time conditions which were facing the company. Extra war loads limited reserve plant capacity, increasing fuel and labor costs with frozen gas rates were some of the problems facing the new management. In fact a serious breakdown had occurred before the new management took over. Pipe and other gas plant machinery became more difficult to acquire but a substantial rehabilitation has been carried on for the past 18 months to cut down gas leakage and provide more dependable service. Forty-four men (and one girl) from the organization have gone into military service so it has been necessary to adjust service in some respects such as bi-monthly meter reading and scheduling service calls by districts.

Nearly two million gallons of oil and approximately 190,000 tons of coal go into a year's production of fuel gas and coke at the company's Waukegan plants. In addition to price increases there have been purchasing and transportation problems in connection with fuel. However, over half of the season's coal has come in by lake boats and a good supply of oil and butane is being brought in so it is thought that sufficient fuel will be available if everyone limits the use of gas house heating, gas water heating, and other uses of fuel gas.

It is suggested that residents should start now to insulate, weather strip, install storm windows, fix leaky hot water faucets, and then start out with a 65 deg. F temperature next fall so you can become accustomed to it. This government advice applies to all forms of heat since all fuels must be conserved to aid in our war effort.

## Archery Club Members Instruct At Local USO

In July, the Highland Park Archery club gave an exhibition and demonstration at the Highland Park U. S. O. This sport was so well received at that time that it has been added as a regular feature on the club program. Members of the Archery club have agreed to instruct service men and G. S. O. girls in the use of bows and arrows. The first meeting of this Archery club will take place on Thursday, Aug. 26, in the downstairs recreation room. Plans have been made for the club to meet every Thursday thereafter. Dr. George L. Well, president of the Highland Park Archery club, and Miss Marge Hanson, member of the U. S. O. Service council, are assuming the responsibility for the archery program.

Also on Thursday, Aug. 26, a travelogue color film will be shown in the main recreation room.

On the same date, under the leadership of Miss Polly Gochenour, six girls of the Highland Park G. S. O. will be on duty while the two-man Japanese sub is on display in Highland Park to sell war bonds and stamps. Aiding Miss Gochenour will be Margie Wolviler, Dotty Hobbs, Barbara Bede, Dotty Wright and Edwena Benson.

On Friday, Aug. 27, the post band will be here to play for the dancing and members of the Chicago Electrophonic orchestra will present a concert. Mrs. Dryden Eberhart will be the soloist.

On Saturday, Aug. 28, there will be another horseback riding group. This sport has grown rapidly in the favor of the service men and G. S. O. girls, until now, instead of one night a week there is a possibility that regular groups will ride on Wednesday and Saturday. Miss Hazel Weaver of the Service council supervises the horseback riding program.

Regular tennis games are another feature of Saturday's program, and many service men's wives and G. S. O. girls attend regularly.

The Highland Park club provides sleeping facilities for 50 service men every Saturday night. These facilities are offered to the men at the reduced rate of 35 cents and include cots with clean sheets and pillow cases, blankets, towels and soap, and shower, and a breakfast on Sunday morning.

On Sunday, Aug. 29, the feature film, "Fly by Night," will be shown, and there is a possibility that a world famous cellist will give a brief program before the film. As usual, a sandwich and salad supper will be served from 6 to 8 and the A. A. A. T. C. band will be here to play for the dancing. Country dancing is the attraction on Monday evenings.

Since Monday, Aug. 30, is the Monday of the month, there will be a birthday party for all service men whose birthdays fall during the month of August.

The Highland Park American Legion post has arranged for the entertainment and refreshments on Tuesday, Aug. 31. The A. A. A. T. C. dance band will be on hand and there will be feature entertainment.

On Wednesday, Sept. 1, there will be the regular horseback riding group and another color film for the entertainment of those who do not ride.

### Football Team To Start Practice

The Highland Park high school football team will start practice at the athletic field on West Park avenue on Friday, August 27, at 9 a. m.

It is especially important that all incoming freshmen and new students report the first day of practice if possible. All boys interested in football are invited to attend.

### Einbecker Completes Aeronautics Course

William F. Einbecker, Highland Park high school instructor, completed a course in pre-flight aeronautics at Northwestern university this summer.

Five high school and junior college teachers from Chicago and vicinity were among the public school teachers who completed the course. The teachers, all of whom are engaged in teaching aviation subjects, were awarded scholarships by United Air Lines.

### RECEIVES DEGREE AT INDIANA U.

Robert W. Lundin of Highland Park was granted the A.M. degree in psychology at commencement exercises Sunday, August 22, at Indiana university.

## William Leslie Dies of Injuries In Monday Accident

William Leslie, 61, of 127 Prairie avenue, Highwood, driver for the Highland Park division of the Bowman dairy for more than twenty-five years, died late Monday in the Highland Park hospital due to injuries received when his truck collided with a northbound passenger train at Railroad avenue and Washington street, Highwood.

Police said that Leslie had been driving north on Railroad avenue and turned east to cross the tracks at Washington street and had cleared one set of tracks, when the train clipped the rear end of the truck and lugged it across the tracks. Leslie, the said, got free of the cab and was thrown by the spinning truck or by the motor which was loosened and hurled 25 feet through the air.

The southwest gates, according to the story as the police pieced it together, were undamaged although the truck cleared through them and the other gate was broken at the base and not at the point of highway crossing. The spinning truck hit the car of Mrs. Thomas Conolly, 503 Elm place, Highland Park. With her was Mrs. J. Mikel, 216 Sheridan avenue, Highwood. Neither was injured.

Leslie, born in Russia, had lived in Highwood nearly 30 years. He leaves his wife, Anna Marie, and a daughter, Marie.

Deputy Coroner Maurice Perry held an inquest Wednesday at 27 N. Sheridan road.

Funeral services were held today, Thursday, in St. James Catholic church, Highwood, with burial in Sacred Heart cemetery.

## Enroll Children For Kindergarten In District 108

Parents of children entering kindergarten in the Lincoln, Ravinia, Bridge and West Ridge schools are asked to enroll their children in advance of the opening of school. The procedure for this enrollment is to bring the birth certificate of the child to the school board office at the Lincoln school where proper enrollment cards will be made out. Children who will be five years old on or before December 31, 1943, are eligible to enter kindergarten. Advance enrollment will aid the schools in making an efficient opening and will save time for the parents.

Children entering the above schools on transfers from other school districts may register with the building principal on the opening day. Transfer cards should be brought to the principal at this time.

## Religious Schdol At St. John's

Beginning Sept. 15, a school in religious instruction will be conducted by the Rev. G. A. Pahl, Jr. of St. John's church, corner of Green Bay road and Homewood avenue, for boys and girls of the 7th, 8th and 9th grades. This course is open to all children and is offered without cost, except for the purchase of necessary materials. This class will meet each Wednesday afternoon, from 3:30 to 4:30 o'clock.

Those desiring further instruction in preparation for the rite of Confirmation will receive additional instruction on Friday afternoons, at 4 p. m.

## URGES CUT IN LABOR DAY TRAVEL

Stay off trains and inter-city buses Labor Day week-end—this is the plea of Joseph B. Eastman, director of the Office of Defense Transportation. Mr. Eastman, in asking the public to spend Labor week-end at home said that failure to follow this advice might result in travel congestion worse than that experienced over the Fourth of July week-end. Mr. Eastman pointed out that transportation equipment formerly available for holiday travel is now in troop service or used to handle the greatly expanded military and essential civilian traffic.

## CAFE TO OPEN UNDER NEW NAME

The former Sunset Cafe, which has been closed for several weeks in account of fire, will reopen Saturday, August 28, under the name of "Jen's Cozy Nook." The cafe has been entirely redecorated and newly equipped.
