SAVE FUEL OIL

Around practically all window and door frames set in masonry, a crack will be found, that will get wider as the frames season and the walls settle.

The usual crack in the beginning, one quarter inch wide, in a building contain-ing thirty windows, is equivalent to an opening of more than twelve square feet. This is just an example of the tremendous loss of energy existing in uncaulked buildings. Caulking these cracks is the only means of correcting the trouble.

Don't forget the destruction moisture will cause by rotting or rusting frames, disintegrating walls. Dirt and soot will smudge draperies, walls, furniture and decorations. There is no greater econ-omy than a few dollars spent for CAULK-O-SEAL.

League of Women Voters Launch Membership Drive

With the formulation of the year's program completed and office vacan-cies filled, the Highland Park League of Women Voters is launching on its annual membership drive under the leadership of Mrs. Robert Walker.

"The price for victory, peace, democ-racy, is individual citizen responsibil-ity," states Mrs. Walker, "and thus it is more important than ever that we expand the League membership this year."

Because of lack of gasoline and time, this year the League's campaign will be carried out just by telephon-ing. If interested in joining or in ob-taining additional information about the organization, and have not been telephoned, call Mrs. Walker, 1772, or any member of her committee, who are the following:

Mrs. Pomper, 1086; Mrs. Robert Koretz, 3698; Mrs. Carlton Cummins, 4097; Mrs. Harry Pier, 1993; Mrs. Charles Grimes, 3228; Mrs. Edgar Catter, 746; Mrs. Harold Pfister, 1742; Mrs. Allan Pither, 4940; Mrs. Harold Wampler, 1541; Mrs. George Lyman, 207; Mrs. Theodore Fisher, 2569.

The League is a non-partisan or-ganization. This year it will empha-size its policy of disseminating infor-mation to the public in order to awaken the electorate to its respon-sibilities about what government does or fails to do.
