Campaign Organization Under Way

Progress in the organization of the campaign was announced by President Richard A. Keblon. At a meeting of the special gifts committee held on Sunday, Sept. 19, more than forty volunteer workers, who will solicit the larger gifts in the campaign, completed their organization and work in this division was begun yesterday.

Earl E. Sproul, general chairman of the campaign committee, announced the acceptance of Arthur F. Marquette, 109 Lakeview terrace, as chairman of the publicity committee. Mr. Marquette is a member of the advertising firm of Sherman-Marquette, Chicago. Mr. Marquette, with the assistance of other local advertising men, is planning a thorough and extensive publicity campaign to assist the workers in raising their quotas.

Mr. Sproul also announced the appointment of Charles I. Bates, 1880 Lyman court, as a vice chairman of the general campaign. The other chairmen are J. Willis Gleason, H. Bowen Stair, E. A. Menke and James T. MacMurphy. Each of the vice chairmen are busy at present organizing the district solicitation committees.

Campaign headquarters for the Community and War Fund will open the end of this week at 11 South St. Johns avenue, through the courtesy of Baird and Warner, who are donating the building at that address for use during the campaign.

Conduct Bible Class At Church

The Bible class at the Evangelical church for young people of the ages of eleven to fourteen will begin on Saturday Oct. 2, at 10:30 a.m. The aim of the one hour periods will be to keep step with the motto, "Get Acquainted with Bible Teachings."

Attendance in the class will not mean church membership, necessarily. From the opening date on, meetings will be on Wednesday at 4 p.m. and on Saturday at 10:30 a.m.

Bring Parents And Teachers Into Closer Relationship

Believing that parents of high school students will welcome more opportunities to gain direct information regarding the curricular activities of the many departments of the local high school, the 21 members of the P.T.A. board, decided at last week's meeting to adhere closely to the tenets set forth in Article 2, Section I, of the organization's constitution which reads:

"The object of this association is to bring parents and teachers into closer relationship, thereby advancing the moral, intellectual and physical welfare of the pupils and promoting a deeper interest concerning educational matters in the community."

Mothers of freshman students will receive personal invitations from Mrs. G. D. Stone, new P.T.A. president, to attend the "get-acquainted tea" which opens the year's activities on Oct. 14, from 3 to 5 p.m. in the school cafeteria.

At the conclusion of the social hour and a brief business meeting, Dr. Harold Spears, school principal, will show where the thinking of the teachers and the parents overlap in his address on "Some Important Things that Parents and Teachers Face This Year."

Arrangements for programs to be featured throughout the year are in the hands of Mrs. George Hartman, program chairman.

As hospitality chairman, Mrs. Edward W. Knox has charge of the teas; and social chairman, Mrs. Harry Van Ornum will schedule the hostesses for all meetings.

Appeal Made for Waste Paper In Salvage Drive

An urgent appeal to business men in the Chicago area to place their influence behind the national waste paper salvage drive has been voiced by Walter P. Paepcke, president of the Container Corporation of America.

"Of increasing concern to government officials," Mr. Paepcke said, "military agencies, and industrialists has been the growing shortage of paperboard containers and packages. The total demand this year is estimated at about 8 million tons, but at its present rate of operations the industry will be able to produce only about 7 1/2 million tons of product, and the situation seems to become more critical each week. This shortage has been caused by the increasing demands of our war industries."

"Specifically, I urge the business men of the Chicago area to lend their support to this campaign in every way possible. Every commercial and industrial user of paper or paperboard products should make sure that all useful waste is finding its way into channels of salvage and trade. Every business man can add his individual weight to the consumer salvage program, which will solicit the cooperation of every household, and encourage schools, Boy Scouts, churches, and organized charities in their efforts to supplement the activities of the waste material dealers."

Invite Jewish Soldiers to Attend Religious Worship

In its traditional observance of the Jewish High Holy days beginning at sundown, Sept. 29, the North Shore community has made special provision for Jewish men at Fort Sheridan and adjacent stations, to join them in religious worship at Glencoe temple, Lincoln and Vernon avenues, Glencoe.

The High Holy day services of Sept. 29 and 30 mark the beginning of the year 5704 in the Hebrew calendar. Known as Rosh Hashanah, they open a sacred period of prayer and worship ending with Yom Kippur, the Day of Atonement on Oct. 9.

In keeping with the occasion, the North Shore U.S.O.-J.W.B. Army and Navy committee has completed arrangements to provide home hospitality for the many boys who because of intensive training schedules will be unable to join their families. Service men wishing to avail themselves of this invitation may call Bert Horowitz, director, U.S.O.-J.W.B. at the U.S.O. club, 428 Railway avenue, Highwood.

Condition of Ellis Richardson Said to Be Improved

The condition of Ellis Richardson, 17, daughter of Chief Petty Officer and Mrs. Wilson Richardson, 644 Michigan avenue, is reported as being very much improved since she was stricken with a rare nerve disease last Wednesday evening.

When Mrs. Richardson returned home, she found her daughter unconscious on the floor. She was completely paralyzed and blind. She was immediately taken to the contagious ward in the Evanston hospital, where it was thought at first that she was a victim of polio. Dr. S. R. Banfield, upon examination, stated that she had active disseminating sclerosis. At the present time, her eyesight has been restored and only her legs are paralyzed.

Chief Richardson, a former police officer, who called home this week, is in the West Indies with the U.S. navy. A son, Wilson Jr., is in training at Farragut, Idaho.

Records For Fighting Men Campaign Will Continue This Month

The records For Our Fighting Men campaign will be continued to the end of September. Many old photograph records have been contributed to be made into new ones for the men and women in our armed forces. All of these will be forwarded to Chicago American Legion headquarters after the campaign ends.

Through his personal efforts at his place of business, in Ravinia, Comrade Battista Carani collected more old records than any other individual. Comrades Rocco Stella and Dulio Biagetti also brought in quite a number.

Past Commander William Acker has written to various civic organizations in Highland Park to enlist their help in a concerted effort to gather all old records available within the next two weeks. They may be left with Harry Eichler, at 378 Central avenue, or brought to the Legion hall.

First Meeting of Green Bay P.T.A. To Be Sept. 24

The Parent-Teacher association of the Green Bay Road school will hold its first meeting of the current school year on Friday, Sept. 24, at 8 p.m.

"Home and School" is the theme chosen for the 1943-1944 season, and at this initial meeting the parents will be given an opportunity to meet and learn to know their children's teachers through informal group conferences which will be held in the class rooms. Parents are urged to attend these group meetings in order to discuss with the teachers the needs and activities of the child in the home and in the school.

After the group meetings, the parents and teachers will gather in the assembly hall where they will be greeted by Principal R. H. Grace. Following this welcome, Mrs. C. M. Butler, president of the P.T.A., will outline plans for the coming school year and will introduce the members of the executive board.

The meeting will be held in the evening so that it will be possible for the fathers to attend.

Refreshments will be served, with the members of the executive board acting as hostesses.

Honor Seven Recent Entrants Into Armed Forces At Church

During the evening a worship service held in the Highwood Methodist church Sunday, September 26, at 7:45 o'clock, the seven recent entrants into the armed forces will be honored. The Rev. Eskil Fredrickson, pastor of the Gross Park Methodist church in Chicago and former pastor and counselor of the young adults in the Highwood church, will speak and dedicate the seven new stars on the service flag.

Additional impression will be given to the service when a soldier stationed at Fort Sheridan brings the service flag to the front of the church at which time the Rev. Fredrickson will respond. Members of the congregation will bring their own response by singing a special song arranged in honor of all men in the service.

In addition to the twelve men from the church already in the service, the seven new members include the following: Lillian Olson, Lillian Madison Nickelson, Phillip Fredrickson, David Olson Jr., Bill Sandberg, Kenneth Olson and Claud Juleit.

Special music will be sung by the girls' choir. Prior to the dedicatory service, the pastor will speak upon a religious topic.

Campaign Chairman A. E. Patton, has announced that the first contingent of Highland Park's 400 War Bond block chairmen began a "whirlwind mopping-up" operation last Sunday which is expected to raise the city's quota of \$712,000 in the Third War Loan.

"Before the end of the month there will not be a single home that has not been called upon, if our plan is successful," Chairman Patton stated.

"We are especially gratified at the reception our block chairmen are receiving," he continued. "Highland Parkers are giving a convincing demonstration of genuine patriotism by extending a hearty welcome to the neighbor who has been assigned to call on them in behalf of the Third War Loan. Best of all they are responding liberally with their dollars."

Campaign headquarters in the City hall are buzzing nightly with activity. Division and sector chairmen keep the telephone ringing as they report progress in their areas. Karl Velde and Ray Erskine, vice-chairman and special advisors to investment purchasers of War Bonds, are following a tight schedule of appointments made for them by block chairmen. Their services are available to those who want to buy other than the E bond series and who need counsel.

"While War Bond sales to date are encouraging," Vice-Chairman Erskine stated, "everyone will have to do his utmost if we live up to our pledge not to fail. The entire Chicago area has its eyes on Highland Park, for we have undertaken a big job and our program is being watched with interest. Our success may furnish the pattern for future bond selling campaigns in smaller cities."

"It should be kept in mind," Vice-Chairman Velde pointed out, "that this is essentially a people's loan to our government. The banks may not purchase securities of this loan. The widest and fullest public participation by all our citizens is necessary. Banks now hold a substantial part of the entire United States debt. Such holdings by banks have the effect of increasing deposits, expanding bank credit, swelling purchasing power, thereby adding to the upward pressure of prices. This Third War Loan, entirely absorbed by the public will tend to retard inflation."

An announcement of the first six days' sales will be made next Saturday on the official score board between the railroad tracks on Central avenue, Chairman Patton stated.
