

Thank you!... Thank you!... Thank you!

The men and women of our telephone team are doing their best to please you — in spite of serious war shortages that make perfect service difficult and at times impossible.

Through it all, we are getting many kind words from telephone users, war-plant officials and government agencies, high-ranking officers of the Army and Navy, railroads and news-

papers and training schools, the FBI and the USO and others. Some are from soldiers and sailors who have had special help from Illinois Bell operators or other telephone workers.

You may be sure that our people will continue to carry on with the same efficiency. They know that fine telephone service here at home is one of the nation's vital war assets.

Don't Let His Home Front Down!

Here Are Our Home Front Facts

The plight of the sick, the crippled, the aged, the handicapped and the orphaned is more serious in wartime than ever before. Boomtime payrolls do not ease their burdens. Everything they need costs more. Money does not go as far as it did last year. This year the local welfare agencies supported by the Community Chest will receive approximately the same amount as was raised a year ago; but actually in terms of what a dollar will buy, they are getting less.

Our local welfare agencies include child care organizations, infant welfare, hospital, settlement home and a family welfare agency especially equipped to meet the particular needs of our community.

War breeds its own harvest of crime, delinquency, mental ills, illegitimacy, child neglect, desertion and family breakdown. These are added to the constant burden carried by the agencies supported by the Community Chest in normal times. **These Local Agencies Need Your Support More Than Ever Before.**

SHOW YOU CARE!

By doubling your support to the Community and War Fund Campaign now under way. Your subscription will not only sustain the home front agencies, but it will provide Highland Park's share of the money needed by the National War Fund for the USO and for the relief of our fighting allies in stricken lands.
