Highland Park Rotary Club To Organize Youth Service Council

At a meeting held by the Rotary Club last Monday, it was unanimously decided to organize a volunteer Youth Service Council, to serve as part of the Youth Service Committee.

This group, under the leadership of Ed Menke, includes Ed Knox, Dr. Nichols, Mr. A. Cliff Speer and Iver Wendall.

The council will take a most active part by giving personal time and energy to the many youth functions and problems of youth in the community. Some of its activities will consist of the following:

1. Making speeches on vocational guidance or other timely selected subjects before youth gatherings.
2. Assisting at youth functions when called upon by the Community Center, schools, churches, etc.
3. Rotating in attendance at weekly meetings of Rotary Boy Scout Troop No. 30.
4. Presiding at Boy Scouts' Court of Honor.
5. Organizing or helping organize city-wide track meet.
6. Helping organize and conduct city-wide lobby show.
7. Assisting in judging contests at schools.
8. Helping organize boys clubs when there is a need.
9. Assisting in combating youth delinquency. Delinquents to be paroled by Police Chief Kopp to Rotarians who will keep check on individual. Character education.
10. Other related activities such as helping underprivileged children, crippled children and to cooperate with existing agencies in aiding youth especially when brought upon by war conditions.

The above volunteer group is being organized now and will soon be announced as officially in operation. The customary financial help to the Boy Scouts, Girl Scouts and Community Center will be the same as heretofore.

It was pointed out that our Student Loan Fund, while not being a part of the Youth Service Committee, has nevertheless been an effective means of helping some of our boys.

Legion Plans for Armistice Day

Commander Arthur Johnson of the Dumaresq Spencer post, American Legion of Highland Park, has announced a full program of activities in observance of Armistice day, Nov. 11. On Sunday, Nov. 7, at 11 a.m. members of the Legion and Auxiliary will attend divine services at the Bethany Evangelical church, Laurel and McGovern streets. It is customary for the members of the post and auxiliary members to attend a Highland Park church in a body on the Sunday preceding Armistice day. Legion members will meet at the Legion headquarters, 21 N. Sheridan road at 10:30 a.m. and will proceed with the colors to the Bethany church shortly thereafter.

On Thursday, Nov. 11 (Armistice day) a brief outdoor ceremony will be held shortly before 11 a.m. at the foot of the flag pole on Central and St. Johns avenue. Promptly at the stroke of 11 o'clock a firing squad will take over and taps will be sounded in respect to the memory of our fallen heroes of World War I and II.

On Armistice day evening at 7:30 o'clock all Legion members of the post are invited to attend a special program being arranged under the supervision of the entertainment committee consisting of Arthur Swanson, Harry Eichler, Miller Schreiner, George Abernathy and L. B. McCaffrey, at the Legion hall in the Masonic temple building. Open invitations are extended to all service men of Highland Park who may be stationed at nearby military reservations, as well as any service men home on furlough on this day to attend this meeting. Honorably discharged service men are welcome also. The committee has announced a full program of vaudeville acts and refreshments for all.

Bethany Church Plans Tithing Festival November 10

Members and friends of the Bethany Evangelical church are planning the third annual Harvest Tithing festival to be held in the church parlors on Wednesday, Nov. 10, at 6:45 p.m.

It is customary not to reveal the details of the evening program but the committee in charge guarantees interesting entertainment. One feature of the program is previously disclosed and that is the name of the speaker who this year will be the Rev. Lester R. Minion, pastor of the Irving Park Methodist church of Chicago.

The ladies of the church are arranging for the dinner, and the men of the Brotherhood are responsible for the decorations. Because of the rationing, regulations reservations for the dinner must be made early.

In connection with the dinner and program the annual Harvest Tithing offering will be received.

Committees which have been working on this project are: General chairman, Dr. E. D. Fritsch; program committee, W. E. Meierhoff, Mrs. J. Mannings, George Bray; dinner committee, the Philathea class with Mrs. Leslie Brand as president; decorating committee, E. Kuehne, C. Fellowship Club Hears Major E. R. Schuele on November 10

"What Your Son Faces" is the subject of Major Ernst R. Schuele, F.A., ordinance officer at Fort Sheridan, when he addresses the first fall meeting of Men's Fellowship club of the Presbyterian church, Wednesday, Nov. 10, at the parish house.

Major Schuele is an expert on identification of the Japs and Germans. He is well known for his observation of enemy tricks, guns, camouflage and other details of identification.

Illustrated Lecture

His lecture will be illustrated with posters showing the uniforms of the men our boys are fighting and the equipment they use. Major Schuele is an army man of 32 years service and served overseas with an artillery unit in the last war.

In addition to this program, the club will present a new film, in technicolor, of a northern fishing trip. Reservation must be made early because of food coupon limitations.

Voters League Sponsors Talks By Legislators

The meeting, which will include talks by Senator Ray Paddock, Representative Nick Keller, Rep. Harold Kelsy, and Rep. Thomas Bolger, and a reception, for them, is open to the public.

"We are hoping there will be a large attendance of interested citizens at our meeting," states Mrs. Louis Haller, president of the league. "We too seldom meet the men who represent us in state and local offices, and the contact we have with them at election time is apt to be inadequate on both sides."

Special letters of invitation were sent this week by the Highland Park League of Women Voters to their reception on Wednesday, Nov. 17, for our state legislators. The general purpose of the meeting is to afford Highland Park citizens a general picture of the way the legislative mill works and to provide an opportunity for the public to meet their representatives in an informal way.

Those who will receive special invitations are the following: The mayors of Highland Park and Highwood and the members of their councils and their wives; the Deerfield township officials including the township supervisors on the Lake County board and their wives; the Democratic and Republican precinct committeemen and their wives; the commander of the American Legion; the president of the Chamber of Commerce, and some individuals in organizations who might be particularly interested in government.

Mrs. Edith Miles Todd, 433 So. Sheridan Rd., was struck and fatally injured by a train at the Lincoln Ave. crossing, Saturday.

Home Place to Mold Boys' Lives Judge Tells Women

"As you would teach, you must also do," Judge J. M. Braude, head of the Boys' court in Chicago, told members of the Highland Park Woman's club Tuesday when he spoke on "Youth and the Homefront."

From his vast experience in dealing with delinquent youth, the judge outlined six items which tend to get boys into trouble with the law. They are: Destructive toys which children are allowed to play with and make it easier for the grown boy when he first uses a real gun; improper literature, including the so-called comic books and "funny" papers and detective magazines, gangster movies and radio shows; the "jalopy" automobile; idleness and unemployment, and an unpleasant home life.

It is up to the families, according to Judge Braude, to influence a boy's life by attempting to regulate his mode of living; by providing a pleasant atmosphere in the home and by straining his life with the right kind of entertainment.

All cases which come into Judge Braude's Boys' court are problems which can be solved. It is for this reason that he invariably sends the boy to the psychiatrist's office for a consultation, although the judge believes the job of straightening out the boy should be done before he is taken into court. It is often too late then, although he mentioned several cases in which the boy became a good citizen after he was made to see his mistakes and given a chance to prove his ability to "go straight."

"But," Judge Braude stressed, "Crime prevention must begin in the high chair and not in the electric chair. An ounce of prevention is still worth a ton of cure."

He believes in treating each case which comes into his court as a special problem, acknowledges the fact that a majority of the delinquents are mentally ill and depressed, and he attempts to conduct his court as a sort of clinic where boys' lives are straightened out.

Salvage Drive Yields 18 Tons Of Waste Paper

Eighteen tons of waste paper was collected in the five day city-wide salvage pick-up, Oct. 25 to Oct. 30.

"Highland Parkers have backed the war effort in this drive to the utmost," states Mrs. Nathan Corwith Jr., salvage chairman, "especially when the total is weighed with the 150 tons of paper collected by the schools and other agencies, and taken out of Highland Park for reprocessing in the two months before the drive."

Metal and iron scrap collected in the drive is being sorted; figures on the total will be announced next week.

Waste paper for conversion into war material continues as one of the most needed contributions to the war effort by the home front. Newspapers should be taken to the schools each week on their collection days which include Tuesday at Lincoln and Wednesday at Ravinia.

One hundred pounds of paper, or metal scrap to heavy to carry, will be picked up by the city trucks, phone Highland Park 1400. Four bundles 12 inches high of newspapers folded in half, weigh 100 pounds. Household with smaller amounts should phone their junior captains, give it to one of the charity trucks, or sell it to the waste paper companies listed in the city directory.

Recanvass Plan Made To Complete War Fund Drive

Instructions for Blood Donors, Nov. 6, 9

Those having appointments to donate blood to the Red Cross Blood bank during its stand at the Women's club, on Saturday, Nov. 6, and Tuesday, Nov. 9, are urged to observe these important instructions:

1. Avoid all fats or fatty foods for four hours before reporting. This includes milk, cream, cheese, meat, ice cream, butter, fried food, mayonnaise, salad oil, eggs, and nuts. It is recommended that you have a light meal of fat-free food made up of toast—without butter—and jelly, coffee or tea without cream, crackers, and fruit.
2. Keep your appointment. Since the donor schedule must necessarily be made up in advance, each last-minute cancellation means one less pint of blood to help save a life. If circumstances arise which make it unavoidable that you cancel, please do so at your earliest opportunity. Perhaps it won't be too late to find someone else to take your place.

Any person between the ages of 18 and 60 can be a Red Cross blood donor. Appointments can be made by phoning H.P. 480. Advance appointments facilitate individual donations and guarantee a steady supply of donors.

The Red Cross Blood Donor service was launched in Feb. 1941, to supply 15,000 pints of blood for the army and navy. This amount rose to 380,000 shortly after Pearl Harbor, and by the end of 1942, the Red Cross had collected 1,300,000 pints of blood for processing into dried plasma and serum albumin, another life-saving blood substitute.

The army and navy then requested an additional 5,000,000 pints of blood to be collected in 1943, bringing to 6,300,000 the number of donations which will have been made to the Red Cross Blood Donor service during the last two years following the entry of the United States into World War II.

'Zoot Suit' Pet At Army Post

A bushy-tailed pet, named "Zoot Suit," has become the firm friend of every man in Ward 1 at the Ft. Sheridan Station Hospital. Taken from a nearby tree a few weeks ago, and fed at first from an eye dropper, he is now, says LaBounty, his constant companion, "strictly G.I." Zoot Suit's present diet consists of nuts, fruits, pencils paper—and even vitamin pills. Nutty, eh?

LaBounty and his squirrely companion will leave the hospital, soon, and head for other quarters. Destination? Strictly a military secret.

With a total subscription of \$63,405 from 3,115 subscribers received as of Wednesday in the Community and War Fund campaign for \$75,000, the campaign committee and officers of the Community Chest met yesterday and formulated plans to secure the \$11,595 additional to meet Highland Park's full campaign quota.

"There are still more than 600 prospects we have had no reports upon," said Earl E. Sproul, chairman of the general campaign, "with a potential subscription of at least \$6,000 to be received from them. Our workers are making every effort this week to get in these outstanding subscriptions which will put us within \$5,000 of our goal."

Plan Recanvass

"To raise the \$5,000 additional which will then be needed, a complete recanvass of all subscribers who have not increased their support of the Community Chest in this campaign so as to assist the U.S.O. and other War Fund agencies, will then be made," it was announced by President Richard A. Keppon of the Community Chest. "We feel that many persons and business firms have not understood that this campaign is a united campaign for the U.S.O. and the War Relief agencies as well as our own Community Chest agencies. We intend to correct any such misunderstanding and give every subscriber who has not yet assisted the War Emergency agencies the opportunity to do so before we close our campaign books."

Two special committees, a woman's committee and men's committee, are now being organized to carry out this recanvass, it was announced at Chest headquarters today. These committees are expected to swing into action by the end of the week.

Chest headquarters at 11 South St. Johns avenue will be open daily from 9 a.m. to 5 p.m. the balance of this month for the convenience of workers and individual subscribers who are urged to turn their reports and subscriptions in promptly.
