Mail Xmas Gifts In November, Walker Urges

Delivery of the annual flood of Christmas gifts and cards on time, always a serious problem, "will be more than a problem this year—it will be an impossibility—unless Christmas mailings are made largely in November," Postmaster General Frank C. Walker warned today.

"Transportation facilities are burdened to the limit with war materials and personnel, and the Postal Service has sent more than 31,000 experienced employees into the army and navy," Mr. Walker said. "The only solution to the Christmas problem is: MAIL IN NOVEMBER. Mark your parcels, 'DO NOT OPEN UNTIL CHRISTMAS.' That is the only way to avoid disappointment on Christmas day not only for many civilians but also for millions of members of the armed forces who are still in this country.

"It is also the only way to avoid the possibility of a Christmas emergency in the transportation and postal services. If the public will cooperate by mailing their Christmas parcels DURING NOVEMBER, we can handle a small volume of light, last minute mailings, such as cards, up to December 10—but we can do that and avoid an emergency only if November is really 'Christmas Mailing Month.'"

Postal officials pointed out that the volume of mail now is far above any previous records, that railway cars by the hundreds have been diverted to war service and that the air lines have only about half as many planes as they once operated.

There is another reason for shopping and mailing earlier than ever before. Retail stores are short-handed. Purchasers can avoid shopping in crowded stores, long waits for service, and other inconveniences of late shopping if they buy now. They will also doubtless have a better choice of merchandise than will be available later.

Postmaster General Walker observed that his warning is not an attempt to tell the public what to do; it is only an advance notification of what will happen if they wait late. He feels that the public is entitled to the facts, and that when they know them, they will decide to MAIL IN NOVEMBER.

Community War Fund Needs \$9,850 To Complete Drive

Still short \$9,850 of the \$75,000 goal as of Wednesday noon, Community and War Fund officials will make every effort this week-end to secure reports from all outstanding prospects before beginning a canvass of subscribers who have not increased their support this year to meet the needs of U.S.O. and the other National and War Fund agencies as well as those citizens who have given nothing toward the support of the united campaign.

A total of \$65,152 in subscriptions had been received from 3,220 subscribers up to Wednesday noon.

"This is a splendid response," Chairman Earl E. Sproul said in announcing the standing yesterday, "and we are proud of the record our volunteer workers have made. There are only a comparatively few prospects yet to be reported upon to make our coverage record 100% complete. The principal difficulty which has kept us from reaching our goal is that all too many of our subscribers while formerly Chest supporters have failed to add anything for support of the U.S.O. and the other National War Relief Agencies. Pledged \$36,000

"In undertaking our campaign this year," Mr. Sproul continued, "we pledged the U.S.O. and National War Fund to raise \$30,000 in Highland Park as this community's share of their national needs. We took this step rather than have these agencies come into the community and make separate solicitations. We feel that many of our subscribers have not understood the situation or they would have readily added to their former support of the Community Chest a gift for U.S.O. and the War Fund agencies. This additional support is what we have counted upon to make our goal.

"We plan, therefore, to give every subscriber who has not given support for U.S.O. and the War Relief agencies an opportunity to do so during the coming week. We hope the response will be prompt and liberal in order that we keep our pledge to U.S.O. and the National War Fund."

It is the hope of campaign officials that the campaign will be completed before November 25 and the cooperation of every citizen in making it possible is being urged. Campaign headquarters at 11 S. St. Johns avenue will be open daily from 9 a. m. to 5 p. m. for the convenience of all citizens, who have not yet given their share for U.S.O. and the War Fund agencies.

Consumer Cooperation To Be Discussed At Community House

Consumer Cooperation—what it is and what it is not—will be the theme of a meeting to which the public is invited at the Highland Park Community house on Tuesday, Nov. 16, at 8 p. m. This meeting is sponsored by a local committee consisting of Mrs. Carroll Binder, Mrs. Frank L. Vennig, Mrs. Everett Fontaine, with Mrs. Baker Brownell as chairman.

What the nearly twenty thousand coops in this country with approximately twelve million members handling over a billion dollars worth of business for themselves are doing will be the subject of two short talks preceding the showing of the film, "Here Is Tomorrow." The production of this film involved over six thousand miles of travel to photograph warehouses, feed and seed mills, hatcheries, stores, service stations, refineries, oil wells, from New York to Kansas. Following the showing of the film there will be opportunity for questions and discussion.

The committee has asked "Mr. X" to be in charge of group games and a social hour following the program for recreation has been an important part of the coop movement in many countries. There is no admission charge.

ARMISTICE DAY

Once again we mark the anniversary of Armistice Day—a glorious mile-stone, but darkened by the memory of those young lives for which the Armistice came too late.

Yet need a lifetime be always measured in years? May it not be measured also by abundance? We recall one life of only nineteen years' duration, so rich, so full, that it overflowed in song.

By courtesy of the New York Herald-Tribune this poem, already familiar to many, is presented below:

HIGH FLIGHT

Oh, I have slipped the surly bonds of earth,
And danced the skies on laughter-silvered wings;
Sunward I've climbed and joined the tumbling mirth
Of sun-split clouds—and done a hundred things
You have not dreamed of—wheeled and soared and swung
High in the sunlit silence. Hov'ring there,
I've chased the shouting wind along and flung
My eager craft through footless halls of air.
Up, up the long delirious, burning blue
I've topped the wind-swept heights with easy grace,
Where never lark nor even eagle flew;
And, while, with silent, lifting mind I've trod
The high, untrampled sanctity of space,
Put out my hand, and touched the face of God.
