

Girl Scouts Will Sponsor Showing Of Motion Picture

Girl Scouts of Highland Park will sponsor a showing of the movie "Volunteers for Victory—The Girls Scouts in Wartime" at the Alcyon theater February 22 to 26, inclusive, according to Mrs. Roy O. Nereim, commissioner of the Highland Park Girl Scouts. This picture will be shown in conjunction with "Lassie Comes Home" through Friday and with "My Kingdom for a Cook" on Saturday.

"Thinking Day"
More than 660 registered Girl Scouts and adults are planning to attend the movie since Feb. 22 is nationally observed by Girl Scouts as "Thinking Day" when the pennies are collected for the Juliette Low fund. This fund is used during war-time for the rehabilitation of the children of the Allied Nations.

The film, "Volunteers for Victory," which has been seen by almost a million persons in thirty-nine states, has been acclaimed as one of the best short films on children's programs produced during the war. It shows, in contrast to films of children in European countries, how well-organized children's groups can be trained in the ways of democracy, and how children can be trained for service today and tomorrow.

If you are in other war work do not apply

Did you notice the newspapers' account of the fuel gas shortage in Ohio during last week's cold wave? New war loads make conservation necessary in natural gas as well as manufactured gas in many areas today.

We were fortunate last week and had no trouble but we continue to need your help to eliminate use of gas ranges for kitchen heating. That practice could "floor" us during sub-zero weather.

Mrs. Drybones: "Why, this highball, as you call it, tastes just like the cough medicine my husband has been taking regularly for thirty years."

Any of us would gladly miss a day's pay to help some wounded service man. All right, let's remember that when Red Cross calls next month. O.K.?

It is easy to escape criticism: Do nothing, say nothing, be nothing.

THEY'RE SCARCE!

It's wartime wisdom to take care of your electric iron!

1. Keep cord away from hot iron. Plug cord into iron first, then outlet. Remove from outlet first, then from plug. If cord gets too hot, have iron and cord inspected immediately. DISCONNECT IRON WHEN YOU LEAVE ROOM.
2. Do not iron over burns or other hard objects.
3. Keep bottom clean. When iron is cool, wipe with damp cloth. If necessary use soap suds or mild cleanser first. Never scrape or dip in water.
4. Do not drop iron. This is how most damage occurs.
5. After iron cools, put it away where it won't gather dust.
6. Do not over-heat iron. Have right temperature for each garment.
7. Do not press down. Heat—not pressure—smooths clothes.
