FIRST CHURCH OF CHRIST, SCIENTIST
 347 Hazel avenue

This Church is a branch of The Mother Church, The First Church of Christ, Scientist, Boston, Mass.

The Sunday morning service is held at 11 o'clock, and the Wednesday evening meeting, which includes testimonies of Christian Science healing, is at 8 o'clock. The subject for this week's lesson Sunday, March 19, "Matter," is "The Science of Mind." Small children are cared for during Sunday church service.

Sunday School is open to pupils up to the age of 18, and is held Sunday morning at 9:30.

A free public reading room is maintained by this church at 43 N. Sheridan road, which is open daily from 9:30 o'clock in the morning to 9 o'clock in the afternoon and on Saturdays until 9 o'clock. On Sunday afternoon it is open from 2:30 to 5:30. Here the Bible and all authorized Christian Science literature may be read, borrowed or purchased.

Community Center Activities

Calendar
 Friday, March 17—
 7 p.m., Center's Boys' club.
 8 p.m., Sunset Terrace Association.
 Saturday, March 18—
 9:30 a.m., Crafts club.
 2 p.m., Model Airplane club.
 8 p.m., Party, Mrs. J. Stein.
 Monday, March 20—
 4 p.m., Elm Place dance club.
 7:30 p.m., Teen age dance committee.

 Mr. and Mrs. Paul D. Shipley, 640 Cloverdale avenue, boy, March 14.
 Mr. and Mrs. Bernard Bevan, 312 N. Green Bay road, boy, March 15.

Baby Son Born to P. O., Mrs. Innocenzi

Oliver Innocenzi, third class petty officer, and Mrs. O. Innocenzi announce the arrival of a son, Richard Allen, at the Lake Forest hospital February 24. Mr. Innocenzi is with the coast guard in Galveston, Texas, and is now home on a two weeks' leave. Mrs. Innocenzi is the former Erma Ponsi of Highland Park.

Girl Scouts Learn Archery Technique

Each Tuesday evening between 4 and 5:30 p.m., at the Elm Place school recreation room, a group of Girl Scouts are learning techniques of archery. Mrs. Eloise J. Weil, who has many times received awards for her skill in archery, instructs the girls. Ten Girl Scouts have already signed up for the class. They are:

Jane Arenberg, Ailene Barker, Margaret King, Joan Lempinen, Lois Lindholm, Anne Marie Greenwood, Nancy McKinley, Barbara Thebes, Jacqueline Weil, Nancy Ryan.

Annual Convention Held By D.A.R.

The annual convention of the Daughters of the American Revolution was held at the Drake hotel in Chicago March 15 and 16. Mrs. John Dille, chairman of the National Defense committee, spoke at the two-day conference.

Paul Edwards, who has just returned from 15 months work with the Red Cross as field director in England was included in the list of speakers.

Representatives of the North Shore chapter, D.A.R., were Mrs. Johnson, regent, Mrs. William Embecker, Mrs. William Melohn and Mrs. Albert Peterson of Highland Park and Mrs. Rogers of Lake Forest.

Pvt. Harry Nielsen of 112 Elm street, Highwood, has been transferred from Fort Benjamin Harrison, Ind., to A.G.T.U., Camp Lee, Va., where he will undergo a band course.

Red Cross

(Continued from page 1)

performing here and overseas in this war there would be little hesitation about contributing generously to the support of this wonderful organization. If God permits me to return to the North Shore after this terrible conflict, I shall consider it a privilege to recall publicly the debt of gratitude owing the Red Cross.

Outlines Rules
 For the benefit of Red Cross workers now engaged in the present drive for funds, Mr. Hardacre outlined a method to follow.

"Workers can't put themselves in the position to arbitrarily tell people what to give to the Red Cross," stated Mr. Hardacre. "However, by adroit suggestions and building up the values of the Red Cross services, workers may influence the amount of gifts given by many people."

According to Mr. Hardacre, a 50 per cent increase over last year should be given, and for those who did not donate last year, a minimum of \$5 should be contributed.

For every \$1 given to the Red Cross, at least \$9 in unpaid work and effort is given by volunteers. He stressed the hours given by such volunteer workers as Mrs. Edward A. Smith, senior staff assistant and her many associates.

At the conclusion of Mr. Hardacre's talk to the workers, refreshments were served by the canteen corps.

Christian Science Lecture Given Here by Margaret Morrison

A lecture on Christian Science entitled "Christian Science Teaches the Acceptance of Omnipresent Good" was given by Margaret Morrison, C.S., of Chicago Tuesday evening in the First Church of Christ, Scientist, edifice, 387 Hazel avenue. Excerpts from the lecture follow:

"Open thou mine eyes, that I may behold wondrous things out of thy law." So sang the Psalmist. Wondrous things out of God's law are being shown to us today through the teaching of Christian Science as discovered by Mary Baker Eddy, through her consecrated and divinely intelligent study and interpretation of the Bible. Reasoning logically from the premise proclaimed and practiced by Christ Jesus that God, the one and only cause and creator, is Spirit, the inevitable conclusion must be that creation is spiritual—purely spiritual and not a mixture of spirit and matter. Spirit and matter are opposites and cannot mix any more than light and darkness can mix. It follows, then, that man and his activities are purely spiritual, neither material nor a mixture of Spirit and matter.

On page 207 of the Christian Science textbook, "Science and Health with Key to the Scriptures," Mrs. Eddy says: "The spiritual reality is the scientific fact in all things." The spiritual reality or scientific fact brought to light as reality, scientifically meets and corrects all the ills or errors, the sickness, poverty, and war of that idolatrous mind which believes in a god that is a mixture of Spirit and matter, good and evil.

In times of stress and danger, the thoughts of men instinctively turn to prayer, and, even while using the material means at hand for safety, thought rises above those means to God for succor. This indicates that there is in human consciousness a deep and inherent sense of a power above itself, above the inventions of matter, a power to protect and deliver.

"How can one pray aright and experience answered prayer? It is to the teaching of Jesus the Christ that we look for an answer to this question. He has given much clear instruction on this matter by precept and proof. According to the Gospel of St. John, he says, "If ye shall ask anything in my name, I will do it," and, "Whoever ye shall ask the Father in my name, he will give it you."

Important Point
 The important point in prayer, then, is that it be in his "name," not in the name of the man Jesus, which would tend to restrict petition to a person for material needs or desires, but in the "name" or spiritual nature of the Christ, Truth, the saving Principle which Jesus represented and demonstrated. The petition that is in accord with Principle must become a prayer of affirmation, because that which is in accord with Principle is the established reality of all existence. The answer to this purified prayer is ever present to be realized and accepted. Did not Jesus say, "What things soever ye desire, when ye pray, believe that ye receive them, and ye shall have them?" How frequently Jesus began his prayer with these words: "Father, I thank thee." Mrs. Eddy says his "prayers were deep and conscientious protests of Truth—of man's likeness to God and of man's unity with Truth and Love" (Science and Health, p. 12). It is thus that one prays aright. Abiding steadfastly in the realization of God as Spirit and man as Spirit's expression of indestructible Life, one experiences protection and deliverance from evil. Evil is powerless against the Christianity scientific truth that God, Love, alone is power and that this power preserves man in inviolate peace and wholeness, wherever his pathway may lie.

Park District News Items

In a recent issue of "News Letter" of the Illinois Association of Park Districts was featured the following letter written by the Park district of Highland Park to that association as follows:

We address this letter to you for the purpose of laying before you some of our thoughts and suggestions with regard to post-war planning as it affects Park districts, with particular reference to suggested legislation to enable the park districts to work in with post-war planning with more efficient facilities.

The commissioners of the Park district of Highland Park have been giving consideration and study to the question of cooperation with business and the government in connection with post-war planning and providing needed work in the erection of new buildings and the replacement of old buildings and facilities. We are compiling a list of items which are needed in and by the Park district of Highland Park in the way of new buildings and the replacement of old buildings as a contribution to the post-war work. We have certain buildings which, through depreciation and obsolescence, will be practically worthless and which should be entirely replaced. We have others which can be kept up through repairs and maintenance. We will need some new buildings and facilities.

Obligation to Community
 It is the thought of our board of commissioners that we have an obligation to the community to keep up our facilities, to replace old buildings and to provide new; where needed. We also have an obligation to cooperate in post-war plans.

Under the laws of the state of Illinois the war and which should be entirely replaced. Present Illinois law provides that a referendum must be had before any general obligation bonds can be issued by a park district. We are organized under the "Submerged Lands Act" and will not have sufficient funds to enable us to carry out these purposes.

Present Illinois law makes no provision for the levying of any tax for the creation and accumulation of a sinking fund to be used later for improvements and replacements. Present Illinois law provides that a referendum must be had before any general obligation bonds can be issued by a park district. We are organized under the "Submerged Lands Act" and will not have sufficient funds to enable us to carry out these purposes.

1. A change which would allow the creation and accumulation of a sinking fund to be used later for construction, replacement and improvement, in other words, for capital expenditures. Such an enabling act would provide a contribution to presently needed inflationary curbs, and accumulation now would make taxation necessary when tax relief may be highly desirable.

2. Authorization to issue general obligation bonds up to 50% of bonding capacity without referendum. This would appear to retain the desirable curb on excessive bonding and yet provide the needed leeway for necessary improvements and emergencies.

Form of Suggestion
 We are submitting this to you in the form of a suggestion only, and with the thought that the association may wish to check this matter with other Illinois park districts and that, at this time, we should start thinking of these matters and preparing for them in a ready way for the next meeting of the legislature, at which such legislation can be passed, whether a special or general session.

We will be glad to have the thoughts and comments of the other members of the association and of the association officials.

Park District of Highland Park
 By: Arthur W. Olson, President
 Roy Miller, Secretary
 Bowen Schumacher, Attorney.

As pointed out in this letter, present laws do not permit the accumulation of funds to care for depreciation such as considered necessary for sound business operation nor the establishment of reserves for improvements. The result is financing by costly borrowing.

It has been the objective of the men who have constituted the Park board in recent years to reduce to a minimum the bonded indebtedness and its accompanying costs. As a result thereof interest costs which fifteen years ago were running close to \$20,000 per year have gradually been reduced to a figure which this year will amount to less than \$3,400.

The move of the commissioners to promote enabling legislation to allow the establishment of reserve funds appears highly desirable and would permit accumulation now for post-war spending and the further reduction in costs of financing.

Bingo Party At Masonic Temple

Royal Neighbors, Camp No. 5126 of Highland Park, will hold a public bingo party Wednesday evening, March 22, at the Masonic temple at 8 o'clock. There will be door prizes and refreshments.

THE HIGHLAND PARK PRESS

H. P. Women

(Continued from page 1)
 Children's clinic, Lake Bluff orphanage, American Red Cross of Highland Park and the Lake County Tuberculosis society. The Blind Service association and the Seeing Eye will be remembered this year for the first time.

The Women's club, for the second year, is defraying all costs of housing the Red Cross surgical dressing unit in the club lounge. Expenses borne by the club are estimated by Mrs. Harry G. Pertz, Victory committee chairman, are approximately \$400 per year.

2,710 pints of blood have been given to the fighting forces by citizens who have made donations during the several visits of the blood donor service to the Highland Park Woman's club. The Victory committee has scheduled the next visit for April 28 and 29 and five additional dates have been arranged. Appointments, incidental costs, hostess responsibilities and publicity have been in charge of the club.

Proceeds from the dessert-bridal and rummage sales which were supported by members, have been located by Mrs. Leonard Keates, finance chairman to the War Emergency fund for defraying expenses incurred by the club's war work.

Daughter Born to Ralph Pottkers

A baby daughter was born to Lietta Comdr. and Mrs. Ralph Pottker Monday, March 13, at the Highland Park hospital. Mrs. Pottker is the former Olga Somenzi, daughter of Mr. and Mrs. Sam Somenzi of 113 North ave., Highwood. The baby has been named Mary Helene. Lieut. Comdr. Pottker is at sea with a fleet of L.C.I.

Mrs. H. Ingraham

(Continued from page 1)
 been vice-president of the U.S.O. since 1941.

Member of Organizations
 A graduate of Vassar college, Mrs. Ingraham is a member of the National Institute of Social Sciences; member of the Representative council, Vassar college, and honorary member of the Junior league of Brooklyn. She is also a member of the Society of Friends and is a writer on education and social work.

The annual meeting that Mrs. Ingraham will address will be held at the Highland Park Y.W.C.A., 274 Laurel avenue on Monday evening, March 27, at 7:45 o'clock. All members and friends of the Y.W.C.A. are cordially invited to attend.

It is not inconvenience, but unexplained inconvenience that will break down public confidence. Paul Garretti, Vice President of General Motors.

That statement sums up our reasons for this little column. During these times we realize our service is not all it would be under normal conditions, but at least we can tell you WHY.

Recently, we have sent out return reply cards following each service call. The cards invite KICKS but imagine our surprise and Thrills when the first group of cards brought back over a dozen COMPLIMENTS.

A good wife always helps her husband with the housework.
