WHAT'S Cooking

We get dozens of calls which ask, "When will Servel Gas Refrigerators be available?" My friends like their Servel (sometimes called Electrolux) and we have decided to make our next one a GAS refrigerator."

We are pleased to learn that the hundreds of Servels on the North Shore are giving such fine service. Naturally the NO MOVING PARTS design means longer life and lower repair costs. Right now we can not predict when the new models will be available, but Servel is a wide awake outfit so we feel confident they will be one of the first on the market. American Business magazine mentions a new 35-ton, 51-foot I. B. M. office machine which will solve almost any mathematical problem. The machine is in use by the Navy solving intricate mathematical problems.

Our New Guinea Sea Bees report that the South Sea cannibals love their fellow man—with or without gravy.

Then there was the youngster who said he was at the awkward age — too young to swear and too old to cry.

It was hard to tell whether the youngsters were more thrilled with the jeeps, guns, trucks, and the tank destroyer which was on display at the Garden Show last week-end, or whether the oldsters registered more enthusiasm over the fine vegetables and flowers on display. It was a fine show.

Amendments to Rent Regulations

Mr. Norman Nicholson, branch office manager of the Lake County rent office, with headquarters in the Post Office building, Waukegan, announced the following amendments to the Rent Regulation.

Security Deposits

Under amendments to the Rent Regulations for houses and for hotels and rooming houses, effective Sept. 1, 1944.

Collection of security deposits, including payments of rent in advance, and retention of such deposits and advance payments previously collected are prohibited, except in connection with houses or apartments in existence on March 1, 1942, which had an established practice for such deposits or payments at that time. There the March 1, 1942 practice may be continued.

On petitions of landlords, the local rent office is authorized to enter an order authorizing a security deposit, not in excess of $10, to secure the return of movable articles, such as keys, ice trays, etc.

The term, "security deposits," in addition to its usual meaning, includes any payment of rent in advance, except of one month's rent.

Mr. Nicholson asks that tenants who have paid security deposits are asked to report such cases to the Waukegan Rent office, located in the Waukegan post office building.

I, C. F. Grant, hereby certify that I am Collector of the Park District of Highland Park, Lake County, Illinois, and that the foregoing is a true and correct list of all the lands, town lots, and real property upon which special assessments or installments thereof or interest thereon, remain unpaid, the names of the owners, if known, and the total amount of special assessments due thereon for the years 1931 to 1944 inclusive.

Dated at Highland Park, Lake County, Illinois, this 7th day of September, A. D. 1944.

C. F. GRANT,
Collector of the Park District of Highland Park, Lake County, Illinois.

Protect School Children By Driving With Care

More than 1,100,000 school children are crossing streets and highways to and from classrooms and it is the duty of motorists to drive carefully to prevent injury to them, Secretary of State Richard Yates Rowe said recently in a release issued by his automobile department.

Parents were urged to instruct their children to cross the streets and roadways cautiously and to obey the school patrols. Cooperation on the part of both motorists and parents will do much to keep casualties to a minimum, he said.

Drivers should be exceptionally careful driving slowly through school zones, where children are concentrated and keeping the car under complete control.

Do not pass any school bus which has stopped on the highway for the purpose of receiving or discharging any school children as it is a violation of the motor vehicle laws of Illinois.

The motorist should stop his vehicle and shall not pass a school bus while children are alighting from or boarding it, Secretary Rowe said.

Few New "Down Under" Homes

Melbourne, Australia, has a population of 1,076,000. In 1940 home building in this city was valued at $21,000,000. Last year, because of shortages of labor and material, home building expenditures totaled $39,000. About enough for 12 six-room houses. To help meet the acute shortage in housing which will have to be faced after the war, the Victorian State Housing commission has drafted a five-year program, providing for 50,000 houses at an estimated cost of $150,000,000.

Overheard during the first night on Guam:

A soft southern voice sharply challenged "halt," then "give the password."

The password was given but the southern voice was not satisfied. It said, "Ah think you're a damn old Japanese."

The other voice answered "Aw, Ah ain't any such thing," and the argument went on briefly.
