

Woman's Club Program Promises Interesting Year

The Highland Park Woman's club begins its forty-seventh year under the leadership of its president, Mrs. Claburn E. Jones, with its primary effort projected toward those activities which will hasten the coming of peace to the world and the return of sons, daughters and husbands to the home front.

The program, under the direction of Mrs. B. K. Goodman is planned to correlate with this war activity and bring to the members a broader understanding of contemporary world events. A preview discloses an enticing array of talent.

Serious programs have been spiced with fine entertainment, at intervals calculated to relieve the strain of the continuous war effort. Mrs. Goodman has consented to carry on as chairman of the Program committee replacing Mrs. Alonzo G. Tenney, whose plans are uncertain for the coming year.

The club is extremely fortunate in obtaining as entertainer for the meeting of October 17, Miss Frances Homer, distinguished dramatic artist who will present a program of character sketches of unusual charm and merit.

On Oct. 31, the chief of staff of the Vocational Guidance and Adjustment clinic for war veterans at DePaul university, Dr. J. L. Rosenstein, psychologist, will give the members an insight on how to live happily and realistically in an increasingly complex and discordant world. This date is a fifth Tuesday, and by special action of the board of directors, takes the place of the regular first Tuesday in November, which is election day.

The evening program on Nov. 21 brings back to Highland Park the brilliant war correspondent, Bruce Thomas. He is now in Europe and comes to us immediately upon his return to interpret the current situation there. Chester M. Tobin, who has spent over 12 years in the Near and Far East, will address the club on Dec. 5 on "The Coming Peace Table." The Christmas program on Dec. 19 and the one for Jan. 2 have not yet been definitely settled.

Elizabeth Mann Borgese, a daughter of Thomas Mann, and wife of the famous exiled Italian author, G. A. Borgese, brings her inspiring lecture, "Women and the Future" on Jan. 16. The world's most traveled woman, Aloha Baker, comes on Feb. 6 to show her films on the South Pacific and Australia. This is really a travel lecture, but apropos to a better understanding of our war strategy. A program of pure entertainment is scheduled for Feb. 20, in the person of James B. Pond, with his amazing and amusing tales of adventures behind the scenes with world celebrities.

Our thoughts will be directed on March to the current state of affairs in the Far East, by the well-known analyst of international affairs, Newton H. Bell. The lecture on March 20 will present an interesting digression into the world of science, when Dr. Luther Gable, famed radium physicist, will demonstrate before the club "How to Have Fun with Black Light." The Spring Musical on April 3 will be a most unusual program, which will be announced in full later, as will the plans for the last luncheon meeting.

The president, Mrs. Claburn E. Jones, is assisted this coming year by the following very capable board of directors:

Mrs. Lyle W. Maley, first vice-president and chairman, Revisions committee; Mrs. Clarence J. Bassler, second vice-president and chairman Membership committee; Mrs. Oliver E. Weed, corresponding secretary and chairman Yearbook committee; Mrs. Armand V. McPhee, treasurer; Mrs. Carroll A. Bartlett, financial secretary; Mrs. Charles J. The tin can stockpile at the East Chicago detinning plant for this area has reached an alarmingly new low level at the end of August, it was reported by Mrs. Walter J. Kelly, chairman of the Chicago tin salvage committee.

"Some allowance can be made for the use of seasonal fresh fruit and vegetables, but there are still tons and tons of cans being thrown away, that should be contributed to the war effort," said Mrs. Kelly.

Need Tin After War End
"Housewives are warned by the War Production board that no matter how soon the war in Europe ends, tin will still be in demand to make armaments, ships and planes, and for the packing of medical supplies to be sent to our wounded at all fighting fronts.

1000 Tons Less Tin Weekly
A drop of 1000 tons a week in the last local tin can collection is reported by Mrs. Carlton G. Cummins, tin can chairman for Highland Park. The August 16 carload of 32,110 tons included collections for five weeks from Highland Park, 9200; Fort Sheridan, 19,800; Deerfield, 1500; Lake Forest 1610.

Lake Co. Republicans Open Waukegan Office

The Lake County Republican organization, under the leadership of County Chairman John J. Spellman, has opened up headquarters in the Clayton hotel at Waukegan. The headquarters, under the direction of William D. Whyte, campaign manager, will be open every day until after election on November the 7th. One of the most intensive and spirited drives for votes in the history of the county is being planned. Special emphasis is given to the importance of individual precinct organization to carry the message of Republicanism to the people.

More than 10,000 people in Lake county are not registered under the permanent registration act. For the November election, October 9 is the deadline for registration:

If the voter has not already registered,
If the voter has changed his or her residence,
If the voter has changed her name by marriage or otherwise,
If the voter has

Registration lists will be pruned of names that do not belong there. With Dewey, Bricker, Green and Lyons as leaders along with a fine group of state, district and county candidates, there is a militant optimism for victory on Nov. 7, which will increase the usual Republican majority, an increase due to the growing resentment throughout the county over the activity of Sidney Hillman's Political Action committee and due also to the popularity of the vigorous Republican leadership.

Old Timers End Successful Season

Although our Highland Park Old Timers softball team lost their final game of the year to the Army veterinary division team of the Chicago Quartermaster corps by a score of 14-7, they can well lay down their bats and gloves knowing they have achieved a record to be proud of.

Under the capable management of Elmer Therrien, Jr., twelve night games with army and navy service teams were played to capacity crowds at Sunset park for the benefit of the American Red Cross whose uniformed workers under the guidance of Dr. Louis W. Sherwin, Edward Menke, and Mrs. Edward A. Smith collected the sum of \$534.91; in addition, the team collected \$415 at the benefit game for Mrs. Richardson, injured in the July 4th game. In order that the Red Cross would receive every dollar collected the following business firms and organizations paid all the expenses of the team, and thanks to them all is herewith extended, viz:

Neild's Sport Shop, Fells, Shelton's, Garnett's, Edward Menke of Public Service, H. and R. Ansbach, Antes Sign Co., Highland Park Press, Highland Park News, Singer Ptg. Co., Art Olson, Park District of Highland Park.

Without the close cooperation and support of the athletic departments of Glenview Naval air base, Great Lakes Naval training station and particularly the athletic department of Fort Sheridan, headed by Lieut. John Phipps, these games could not have been played.

Appreciation is also extended to the members of the Highland Park Police department who voluntarily gave their services in handling the crowds each game night, and appreciation is certainly extended to the umpire staff who gave their services, and thankless as their job was, they certainly earned a big round of thanks from players and fans alike. This staff consisted of the following: Jimmie De Sango, William Allen, Willis Gherken, Gregory Sheahan, and Ed Morley.

The roster of the Old Timers team who did much to give Highland Park their Friday night entertainment as well as support a most worthy cause is as follows: R. Sheahan, F. J. Lundin, Samuel R. Rosenthal, J. B. Sinclair, Earl E. Sproul, Horace Vail and R. A. Keillon. Budget committee: E. C. George, chairman; J. Mills Easton, Walter Heymann, L. J. Kugel, Mrs. David Levinson, E. A. AMERICAN LEGION TO MEET SEPTEMBER 4

A regular meeting of the Highland Park post of the American Legion will be held Thursday evening, Sept. 14, at 8:15. Committees for the year will be appointed at this meeting.

This is the keynote slogan of Highland Park's third war year Community Chest and War Fund money-raising campaign, officially adopted by the board of directors at the annual meeting held at the Community Center last Friday evening, according to Publicity Chairman Earl E. Sproul.

At the same meeting the board approved the recommendations of the budget committee, submitted by Chairman E. C. George, setting the local quota at \$70,540.

"We are asking the people of Highland Park to keep their porch lights on during the war fund campaign as a welcome sign to the scores of block captains who will be out making house-to-house calls," explained Spencer Keare, general campaign director. Paul G. Armstrong, Illinois state selective service director, warned Saturday that boys who attain their 18th birthday and do not register for the draft face a possible prison sentence, or a \$10,000 fine, or both.
