

Blood Donor Appointments For December Cancelled

Persons who have signed up for the impending visit of the Red Cross mobile blood unit to Highland Park in December are asked to note that all registrations have been cancelled.

This action has been taken in accordance with instructions received from Chicago headquarters in the following letter, addressed to Mrs. Herbert R. Smith, blood donor chairman of the Highland Park Red Cross chapter:

"In accordance with instructions from Dr. Canby Robinson, national director of the blood donor service, we are ordered to discontinue the operation of our three mobile units. Therefore, it is necessary for us to cancel the proposed December visit to Highland Park.

"It is with sincere regret that we follow these orders, even though we are pleased to know that the army has felt able to reduce this program. We are particularly sorry not to have an opportunity to return to Highland Park where we have always met with such generous response and such wonderful co-operation on the part of your citizens as well as of your Red Cross committee.

"Your people should be very proud to feel that they have made an important contribution to the Chicago chapter quota. You have had the mobile unit for 10 visits and have contributed 3,475 pints of blood. By so doing, you have commanded our respect and admiration. Please extend our compliments to a community which has never failed to do its full share toward winning the war.

"The cancellation of our December visit should be a source of pride to the people who have made these orders possible."

ART CLUB VERY ACTIVE

There is still room for a few more boys and girls in Community Center's Saturday morning art classes. Miss Ella Rasmussen is class instructor and reminds us that Christmas is just around the corner and that the art class is just the place to make those Christmas presents. Art class meets every Saturday morning.

Arrangements are being made whereby you may buy Gas appliances, and home laundry equipment from your Gas appliance dealer at very liberal terms with payments payable on your Gas bill. We feel that this plan will benefit customers, dealers, and ourselves.

One of the added problems which came to us with the war was a reduction in available weather forecasts. Inasmuch as most of the Gas we sell is manufactured from coal and oil, we must have men and materials available for sudden "cold spells" when more Gas is needed by our customers.

Incidentally, weather forecasts have been used by a roofing manufacturer to enable it to ship roofing supplies into an area before a hurricane. Some suppliers set advertising dates according to predicted snowstorms if their products happen to be sunburn lotion, tire chains, etc.

As a small boy, Gilbert C. Wilson helped his father eke out a living on a tenement farm in the deep sands of East Texas and saw tons of sweet potatoes thrown to the hogs because of glutted markets. Today, this thirty-one year old chemistry teacher operates a factory which makes sweet potato chips (processed by Gas), vitamin A flour, and diced yams for the Army. Land that only yields ten to fifteen bushels of corn per acre has yielded two hundred to three hundred bushels of sweet potatoes.

It is not what we eat but what we digest that makes us strong; not what we gain but what we save that makes us rich; not what we read but what we remember that makes us learned; and not what we profess but what we practice that makes us Christians. — Bacon.

Leaf Bonfires Keep Fire Company Busy

This week the smell of burning leaves has been accompanied by the shriek of the fire siren as the fire crew sped to extinguish conflagrations started by leaf bonfires.

Serious damage was caused on Saturday when shortly after noon the garage and car of R. Hansen, on Gray Ave., were destroyed by fire. Saturday evening an empty garage belonging to R. B. Swift, 661 Crofton, was damaged to the extent of \$100.

On Tuesday afternoon a garage fire at the home of R. E. Wyle, 2413 S. Sheridan, caused about \$75 worth of damage. The fire started in the garbage burner, spread to a lumber pile near by and ignited the garage.

Fire Chief Kennig urgently requests greater care in the burning of leaves.

Facts from the Files of Congress

VETERANS SACRIFICED BY CANDIDATE ROOSEVELT

The Roosevelt (so-called) Economy Act (March 16, 1933) was framed by Mr. Roosevelt. He knew its every paragraph, its every provision. Candidate Roosevelt used the (so-called) Economy Act to cruelly deprive the Nation's veterans of the benefits provided for them by a grateful people.

The Effects of the Roosevelt Economy Act Were:

1. Compensation for Veterans permanently crippled by battle wounds were reduced 20 per cent.
 2. Changed the word "compensation" for wounded Veterans to pensions.
 3. Fifty-five thousand combat casualty cases were abolished.
 4. Civil War Veterans and Widows were reduced 10 per cent.
 5. Four hundred and fifty million dollars were taken away from the Veterans of all wars.
 6. Monthly service-connected pensions were cut from \$43.54 to \$23.95 (in the name of economy).
 7. Allowances to 154,046 service-connected Veterans were disallowed.
 8. Fifty-five per cent of Spanish-American War Veterans' pensions were abolished and the balance reduced 10 per cent (in the name of economy).
 9. All presumptive cases were wiped out.
 10. The \$100 burial allowance was eliminated. However, Candidate Roosevelt did allow the dead Veteran's parents to receive at the Veteran's burial, the American Flag.
- Some of the above benefits have been restored to the Veterans by Congress.

Candidate Roosevelt Vetoed Four Veterans' Bills in the 74th Congress; Six in the 75th Congress; Seven in the 76th Congress. Candidate Roosevelt's Economy Act attempted to abrogate outright 616,069 War Risk Insurance Policies, plus the 20,000 impending claims. However, the Supreme Court (the nine old men) of the United States declared (292 U. S. 571):

"To abrogate contracts in the attempt to lessen Government expenditures would not be the practice of economy, but an act of repudiation with all the wrong and reproach that term implies."

MORE BILLS VETOED BY CANDIDATE ROOSEVELT

March 27, 1934, Candidate Roosevelt vetoed the bill passed by Congress to restore \$103,000,000 of the \$450,000,000 which the Roosevelt (so-called) Economy Act took away from the veterans. In his veto message Candidate Roosevelt set forth unequivocally and for all time his personal and official attitude toward veterans' pensions.

ROOSEVELT VETO MESSAGE

"No person, because he wore a uniform must thereafter be placed in a special class of beneficiaries over and above all other citizens.

"The fact of wearing a uniform does not mean that he can demand and receive from his Government a benefit which no other citizen receives.

"It does not mean that because a person served in the defense of his country, performs a basic obligation of citizenship, he should receive a pension from his Government, because of a disability incurred after his service had terminated and not connected with that service.

"I AM WHOLLY AND UNEQUIVOCALLY OPPOSED TO THE PRINCIPLE OF THE GENERAL SERVICE PENSIONS."

The bill was repassed by Congress over Mr. Roosevelt's veto—House, 310 to 72; Senate, 67 to 27

**INSURANCE FOR SERVICE MEN
REPUBLICAN ADMINISTRATION**

A Republican Administration three times extended the original term of Government Life Insurance policies of the World War I veterans who were faced with loss of their policies. In 1927 one year, in 1928 for five years, in 1932 for another five years.

ROOSEVELT ADMINISTRATION

In 1937 when the ROOSEVELT depression was deranging many lives, Congress voted another five years' extension to save veterans from loss of their policies. CANDIDATE ROOSEVELT VETOED the bill. A DEFIANT CONGRESS REPASSED the bill over Mr. Roosevelt's veto with the paralyzing vote of—House, 372 to 13; Senate, 69 to 12.

THIS ANTI-VETERAN RECORD HAS BEEN SO INHUMAN, SO UNFAIR, SO UNJUST—IT IS THE RECORD OF ONE WHO HAS NEVER BEEN HUNGRY—FOURTH TERM CANDIDATE ROOSEVELT.
