Mass Meeting Adopts
(Continued from page 1)
opposition to any proposed plan which would substitute a post card method of balloting in Highland Park, for our regularly established non-partisan town meeting procedure of naming candidates for public office.
Believing that there is no urgent and emergency need for a change in the long-tested and successfully operating present procedure for the selection of candidates in Highland Park, we express our repudiation of a Caucus Party Plan.
A copy of the resolution was sent to the city council with a request that it be read at the council meeting scheduled for last Monday evening.
In his comments at Sunday's meeting, Commissioner Sheridan stated that he would call for a council resolution to the effect that the city government had not sponsored or approved any caucus program.
If the March 22 meeting arranged by the caucus proponents is held according to schedule, copies of this resolution with appended signatures, will be filed with the chairman as a matter of public record.
It is believed that the overwhelming and spontaneous sentiment against wartime tampering with our elective processes has been registered so vigorously that all similar ventures will be approached with extreme caution in the future.

FIRST SPRING CONCERT IS SUNDAY, MARCH 25
With the band and the orchestra participating, the first of a series of two spring concerts is to be held Sunday, March 25, at 3:30 p.m. in the high school auditorium.

NOTES FROM YOUR High School

Spring Brings Thoughts Of Obstacle Training

With the coming of spring not too far off, the senior boys are already anticipating their little rump over the obstacle course sponsored by the gym department, in which the daily casualties usually amount to several drenched individuals who never seem quite able to make it across the stream by way of a narrow log, a maneuver which requires a good sense of balance.
Although you may hear some griping about the senior gym program, let me assure you that you will find the great majority really appreciating this program which enables the seniors to ready themselves for the rigorous physical program employed by all branches of service, for one of which most seniors are destined in the near future. Many boys in service from our school who took part in the senior program have written how beneficial that previous training had been to them in the service.
Some of the activities which the boys in senior gym participate are marching, boxing, running, wrestling, apparatus work, weight lifting, obstacle course work, basketball, baseball and swimming.

Niles Wins Regionals; Beats Waukegan 33-41

After having been rated as an underdog in the Northeast State regional tournaments, Niles of Skokie, came through to win by beating Waukegan in the finals, 41 to 33 before a throng of 3,100 fans.
Niles started the tournament by beating Evanston by one point, 36 to 35, the same night the Highland Park quintet was taken by Libertyville by a score of 29 to 35.
The Waukegan-Niles game was a major upset in Illinois high school basketball, as was the Riverside-Morton game, which was won by the latter 36 to 38. Riverside possessed the tallest team in the state.
All regional winners now play in the sectional tournaments where all but 15 teams will be eliminated. These 15 will go down-state for a chance at the Illinois high school basketball championship.

THE MUSIC STAND

By Miles Zimmerman
Recently, I heard several high school boys engaged in an argument concerning the merits of one Benny Goodman. Goodman is a clarinetist of exceptional ability and he recently appeared with a small combo in a stage production in N.Y.C. The majority of the group thought that Goodman lacks all that a clarinetist should possess. I disagree.

Benny Goodman is one of the few musicians of top standing who has succeeded in keeping HIS name, HIS band, and HIS music before the critical eye of the public since the late twenties when he started his first band.

B. G. started playing professionally when only 13, although he first played the instrument at the age of 10. He received much attention in the music world for some of his earlier recordings. He has jammed with such jazz greats as Bunny Berigan, Tommy Dorsey, Bud Freeman, Eddie Condon, and others. In 1934, Benny started his own band. It went over with a bang and by 1936 his band ranked with the best dance bands of the day.

Goodman's dance band has appeared in such choice spots as Carnegie Hall in N.Y.C., Symphony Hall in Boston, and, not so many years ago, in our own Ravinia Park.

Of course the argument still remains that B.G. isn't really versatile, that he can not successfully play semi-classical or classical interpretations. This is advertising a lack of knowledge about Benny.

Goodman appeared in N.Y.C. as guest soloist with the Budapest String Quartet, alone a great honor. Coupled to this, however, is the fact that he was presented with the title of honorary instructor at the Julliard School of Music.

These are my reasons for saying that Benny Goodman is one of the finest of musicians involved in the playing of our American folk music.

In case you should like to hear Goodman on wax, I suggest these platters: Tiger Rag, Victor; Limehouse Blues, Okeh; and Jazz Holiday and its reverse side, Wolverine Blues, a recut on Brunswick.

Coast Guard cutter Icarus was the first to sink a submarine and take prisoners in American waters in World War II.

GIRLS' SPORTS

Mrs. Meyers, adviser of the modern dance club, says she appreciates the wonderful cooperation the girls have given her in coming out for dance. She has had tests to find innate dancers to begin rehearsing for a program to be given Wednesday, March 28. All girls not tested will be tested at the next meeting. Girls who did not pass the test are encouraged to come out for dance practices.

Finals were played Tuesday and Wednesday in the basketball tournament. Scores will be announced later.

It's a bull's eye! If you girls are interested in archery, meetings are being held each Wednesday in the attic of the East building.

How can a girl enjoy a pleasant spring afternoon? For one thing, there's the marathon swim. The first swim this year turned out to be quite a success. Future practices are to be held on March 6, 9 and 23.

Last Dads' Smoker Tuesday, March 20th

The last Dads' Smoker of the year is to be held Tuesday, March 20, at 7:45 p.m., in the English club room.

First there will be short talks on "College Relationships," after which will follow a social hour. Food will be provided by the P.T.A., and there will be smokes if they can be obtained.

The talks will be given by Mrs. Leonard Rieser, of the P.T.A., on regional scholarships; Miss Rinkenberger, on the new college and career room and college visiting day; Mr. Wolters, on the connections of deans and principals with colleges and universities all over the United States; and Mr. Finch, on what is done in sessions to promote college and vocational interests.

Vocational Talk on Electronics March 14

As a part of the vocational program, Mr. Remy Hudson, vice-president of the Utah Radio Products company of Chicago, will give a lecture on Wednesday, March 14, for the benefit of the students interested in this industrial field.

Mr. Hudson will speak on radio and electronics, what part it plays in the war, and make some forecasts for its future.

TABLE TENNIS WILL SOON TAKE OVER

With the close of the basketball tournament, girls' table tennis will begin soon.

The exact date will depend upon the weather, for at the present time the table tennis room is in use by the boys' gym classes. As soon as it warms up, the room will be vacated and the girls will take over.

DEMISE OF FORMER H. PARK RESIDENT

Mrs. Catherine Genest Ferris, born in Highland Park where she lived many years, passed away last week at the age of 65 in Newark, N. J. Funeral rites were held at Philadelphia where she had lived in her last years.

She is survived by a brother, Joseph Genest, 121 McGovern, and two sisters, Mrs. Anthony Martini of Waukegan and Mrs. Conrad Doepfer of Chicago.

Proposed Resolution

(Continued from page 1)
expenditures incurred in the operation of this plan, and the Association and the Board of Delegates shall operate only upon contributions, and, further, no officer, delegate or member shall have any right or power to bind the Association in any manner for the payment of money in excess of its assets.

(n) The Board of Delegates may amend the by-laws of this Association, when deemed necessary, by a vote of three-fourths of a quorum at a meeting of the Board of Delegates provided, however, that no such amendment of the by-laws may be made unless previous to such meeting there has been publication in at least two issues of a City of Highland Park newspaper, stating the intention to amend the by-laws at such meeting.

(o) Committees may be appointed for the purpose of aiding in the carrying out of the work of this Association and such Board of Delegates, such committee to be appointed by the officers of the Association, provided that membership on committee shall be by balanced geographical location.

(p) Where, upon an election of candidates or persons to fill public office for a political subdivision affecting only a part of the City of Highland Park, the Board of Delegates shall act only upon the

recommendation of the delegates from those precincts or political subdivisions directly affected by such public election.

(q) Upon the adoption of such by-laws a copy thereof be sent to every member of the Association, and they be published in some manner opened to the inspection of the people of the City of Highland Park, and a copy of this resolution appended thereto.

(r) This resolution and the requirements hereof, may be amended by a majority vote at a Town Meeting called for such purpose and so advertised at least ten days before such meeting.

WHAT'S COMING

Following each visit to your home by any of our Gas Service Men, a card is mailed to you to inquire about the results of the repair work and to ask for any SERVICE SUGGESTIONS.

Recent replies to these cards include the following: "It never ceases to be a source of wonder that any service today takes time and energy to inquire about its service. The promptness and courtesy evinced any time work needs to be done is outstanding."
Then there was this one: "From a satisfied customer . . . 26 years of faithful service . . . NOT A KICK COMING! Glad to have the opportunity of thanking you for services rendered over the years."

Of course, some replies ask for further repairs or offer suggestions for service improvement, and believe us, they are welcome. We believe these cards have helped us to improve service to you.

BLUE CROSS hospitalization plan (Plan for Hospital Care) has increased its membership to 17,341,670 persons. Most of the employees of North Shore Gas Company are insured under this plan through Group insurance.

If you have not turned in your **RED CROSS** subscription, won't you please do so today? It is **NEEDED**.

ONE-TWO-THREE-FOUR-FIVE-SUGGESTIONS
... to help you make better use of your NEW Telephone Directory

- 1 Be sure to discard your OLD telephone directory if it was not collected when the new one was delivered. (Don't destroy it — turn it over with other waste paper to your regular collector.)
- 2 If you have a memo list of numbers called frequently, verify these numbers now by looking in your NEW directory.
- 3 Always consult the directory when you aren't sure of a number. Calling from memory is a common cause of wrong numbers.
- 4 Look in your directory first instead of asking "Information" for numbers listed there. This avoids making two calls instead of one.
- 5 Use the "Classified" section (yellow pages in most directories) to locate wanted products, services or professional help — especially important now that substitutes must be found.

WE TRY to make your telephone directory accurate and complete. The five suggestions, if followed, will increase the usefulness of your new directory.
