**Rabbi Abramowitz To Give Bible Course**

The North Shore chapter of Hadassah, of which Mrs. Jack E. Lederer is president, announces a Bible Study group, which will meet Tuesday, June 19, at 1:30 p.m., in the North Shore Congregation Israel temple. Rabbi Abram E. Abramowitz, the noted biblical scholar and teacher, will give the Bible course, and he asks that all who plan to attend read the first twenty chapters of Genesis. Originally, Rabbi Abramowitz spoke before the Winnetka Minyan group, and because of his tremendous popularity it was decided to enlarge the Minyan group to all members of Hadassah who would like to study the Bible.

Dr. Abramowitz is a profound student of the Bible and has done extensive work on comparative religion. Born in Jerusalem in 1891, the son of a rabbi, Dr. Abramowitz came to America as a young man. Because of his Talmudic scholarship, his linguistic ability, and his exceptional talent as a speaker, he quickly rose to prominence in Jewish communities throughout the United States. For many years Dr. Abramowitz has been the rabbi at the Albany Park Hebrew Congregation in Chicago.

The Winnetka Minyan group feels proud to present Rabbi Abramowitz, and hopes that all members of Hadassah and their friends will come to hear his lecture. Tea will be served, and Mrs. A. A. Michael will act as hostess.

**FT. SHERIDAN SOLDIER'S CONDITION IS IMPROVED**

The condition of Pvt. Kenneth Devino, Ft. Sheridan soldier, a native of Rutland, Vt., who was found injured early Saturday morning at the North Shore station in High-

# SOMETHING NEW WILL HAPPEN IN RADIO

**Tonight, radio history will be made!**

You will travel to Europe tonight. To Europe, where, for five long years, millions of people lived in utter darkness, in constant fear, in stifling silence. You will hear how, little by little, the silence was shattered... how tiny beams of courage and hope drove their way into the black horror. These tiny beams were human voices... free voices... giving precious information to enslaved, freedom-loving people by radio. You will hear these voices tonight, broadcasting just as they did when it meant certain death to be caught!

You will hear, too, how radio met the challenge of total war here on the home front—thrilling true stories of how it became the Weapon of Decision that helped make the world's greatest fighting force out of the democracy that Hitler called decadent... and how it brought us within three seconds of our men in the foxholes.

The philosophy that radio is a free Weapon of Decision for the American People has been applied here in America for the past three years. And it has been approved by you, the people. It has been applied by Amer-

ica's youngest network—the Blue Network—which was born during and matured by our country's greatest struggle. Out of our experience during these tumultuous war years, we developed a whole new concept of radio.

One of the foundations of this new concept was "freedom of the air." We picked news men and commentators with experience and a sense of responsibility—and then let them have their say on the air. We set a policy of reviewing their scripts only for good taste and for competent news authority—not for censorship, because we believe that no man in this or any other network is wise enough to know what the public ought, or ought not, hear. Why did we take this unprecedented step? Because we trust America. Experience has proved that if you, the American people, are given all the facts, you will make sound decisions.

Tonight's program marks a great event in the development of our young network. Today, we change our name from the Blue Network to one that we feel more truly expresses the reason for our existence. From this day forward, your radio will say—"This is the American Broadcasting Company."
