

Typewriter Trooper

Special to the Highland Park Press SOMEWHERE ON SOME ISLAND IN THE PACIFIC:-

It appears the Man way up in the heavens wants this AAF corporal to pick up his writing tools and be a typewriter trooper overseas, too. Some would call the new duty that of being a staff and foreign correspondent out on special assignment in forward areas with the AAF. And that's what it is,

The only way you can write for frontline soldiers is to be up in there fighting with them. there's where I'll be soon.

They tell me I'll receive credentials similar to those issued to all correspondents. I'll wear a writer's patch on my sleeve. And, I'll frequently travel "by the fastest available air transportation."

. So . . . off I go. Quite frankly the peaceful porch of my Highland Park home seems a long way off right now. I like millions of others, have never it weat and

tears. But . . . I'm slated to see a lot of that soon, I thinkin'.
