**Evangelical Pastor Completes His First Year in Community**

Rev. R. S. Wilson completed his first year as pastor of the First United Evangelical church, Green Bay road at Laurel avenue, with special victory services Sunday.

Audiences above the average were present in the morning when the pastor spoke. Bouquets were placed in the chancel with pictures of the two boys represented by gold stars on the service flag of the church. The families of the boys placed the flowers in memory of their sons.

One bouquet was for Frederick Caldarelli, son of Mr. and Mrs. Paul Caldarelli, killed in action in Italy in 1944, and the other was for Irvin Veitch, Seabee, who died in a west coast naval hospital as the result of sickness developed during his service with the navy.

Irvin Veitch is the son of Mrs. Lottie Veitch, and passed away in March, 1945.

The evening service was well attended, with Bishop A. W. Cooper of Reading, Pa., as the speaker. Rev. Ralph Bealer, pastor of St. Paul's congregation in Columbus, O., was present and participated in the service.

Mrs. Bealer is the former Irene Daggett of this community and is spending a couple of weeks with her brother, Nestor, at 430 Oakwood. Both clergy indicated are en route to the annual session of the Western conference of Evangelical Congregational churches, with which the local congregation is affiliated.

The local pastor leaves Wednesday to attend the sessions, returning after the close on Sunday evening. Mr. Fred Botker is the lay representative of the congregation, and Rev. George Ralph, ministerial student from the community, will also attend.

The pastor is expected to return to the local pulpit for the first Sunday of September and at that time will observe the 20th anniversary of receiving license to preach while a ministerial student in the state of Ohio. He will present a statistical report of the past year's activities.

**PRAYER OF THE TREES**

Three large trees stood in a dense forest. One day they prayed, asking for what they desired to be converted into when felled.

The first prayed to be a beautiful palace where kings and queens dwelt, and where visitors should come and gaze with awe. The second, to be a large ship, sail the seven seas and encircle the globe. The third wanted to stay in the forest, grow into the tallest tree there and always point a high finger to God.

One day the woodsmen came and chopped down the first tree. Instead of a palace, it was made into a common stable, but a virgin and her husband found shelter there and that night there was born the fairest babe in all creation, and ever since men and angels have been singing the Glory to God in the Highest.

Thirty years passed, and the second tree was made into a small ship, launched on the sea of Galilee; a tall young man stood on the deck of that ship and with a heart-warming smile told the multitude, "I came that you might have life and enjoy it more abundantly."

Finally, the third tree was chopped down. The limbs were made into a cross and beastly men goaded on by devilish spirits, pinned His shoulders down and nailed that young man to the Cross—the loveliest personality that ever walked upon this earth. But ever since, that cross has been pointing to the road to Paradise, the road which is now open to all.

**Waukegan Rent Office Changes Office Hours**

Mr. Norman Nicholson, branch office manager of the Waukegan rent office for Lake county area, announces that effective immediately the hours for interviewing the public will be from 9 a.m. until 12 noon daily, except Sunday. This is for the reason that the present staff cannot handle the large volume of work and continue the hours heretofore given to the public.

## Veterans' SERVICE BUREAU

**EDITOR'S NOTE:** This newspaper, through special arrangement with the Washington Bureau of Western Newspaper Union at 1616 Eye Street, N. W., Washington, D. C., is able to bring readers this weekly column on problems of the veteran and serviceman and his family. Questions may be addressed to the above Bureau and they will be answered in a subsequent column. No replies can be made direct by mail, but only in the column which will appear in this newspaper regularly.

### Surplus Property for Vets

The Surplus Property board has made arrangements through the Smaller War Plants corporation to sell surplus war property to honorably discharged veterans who have entered business or farming in amounts up to \$2,500 on A-1 priorities without buying through regular dealer channels.

Surplus items for any commercial, industrial, manufacturing, financial, service medical, dental or legal, or agricultural enterprise with invested capital not exceeding \$50,000, owned as sole proprietor by a veteran, or when non-veterans have not more than a half-interest, are eligible for purchase with the SWPC acting as buying agent or clearing house on all purchases.

All sales to the veterans will be made to SWPC under OPA regulations and in no instance will the price be greater than original cost to the government, less allowance for depreciation, obsolescence, etc.

The \$2,500 limitation is placed on amount of sales so that a broad and equitable distribution of surpluses available may be afforded to all veterans who apply.

A typical procedure on a veteran's application could be as follows: An honorably discharged veteran living in Troy, N. Y., is opening a plumbing and heating supply business in his community. He needs a light delivery truck, office equipment and other items. The nearest district office is at Albany. He makes formal application in writing to this nearest office, giving all the necessary details. SWPC reviews all factors and decides the applicant has a good chance to build a successful business. His needs are recorded and as the property is available SWPC will purchase the items to fill, as far as possible, all requirements of the veteran. The veteran pays SWPC the amount involved on the purchase of the truck from the surplus property disposal office, either in cash or, in some special cases, under an arrangement of terms.

### Questions and Answers

**Q.—When a man has suffered wounds in action how is disability rating for pension purposes determined by the Veterans Administration?**

**A.—**The Veterans Administration says that in the payment of service-connected disability pensions the percentage of impairment is determined on available records by a rating board. The percentage of disability is based upon the average degree of impairment in earning capacity, so that there may be no penalty on any individual for ability to overcome the handicap of disability.

**Q.—What are the purchase price limitations in the extension of an agricultural loan guaranty under the G. I. Bill of Rights?**

**A.—**The purchase price must not exceed the "reasonable normal value" of the property as determined by proper appraisal. The purchase price must be within the veteran's ability to pay and succeed in his operations. The local certifying committee will have to certify to the Veterans Administration on its opinion as to whether or not the proposed purchase price of the property exceeds the reasonable normal value of the property.

**Q.—Do navy chaplains receive medals? Have any been awarded?**

**A.—**Chaplains in the navy may receive medals and decorations. Lt. Gen. Merritt F. Williams was awarded the Bronze Star medal for meritorious service aboard the aircraft carrier Wasp, sunk in the Solomon Islands. Lt. Comdr. Joseph T. O'Callahan, chaplain of the bombed carrier Franklin, has been recommended for the medal of honor.

**Q.—Can the mother of an only son request that he be kept in the U. S. and not be sent overseas?**

**A.—**The war department says that a soldier who is an only son is subject to overseas duty if he is qualified. The fact that he is an only son will have no bearing upon his assignment.

**Q.—What is a death gratuity for a veteran?**

**A.—**A death gratuity is a lump-sum gift from the government made to next of kin when a member of the armed forces dies. The amount is equal to six months of the deceased person's pay.

### POLIO PATIENTS IMPROVE

Jean, the 11-year-old daughter of Mr. and Mrs. Don Ronzani, 224 N. First, who is a patient at St. Therese hospital, Waukegan, following an attack of polio last week, is reported to be much improved.

Four-year-old Ronald, son of Mr. and Mrs. Harold E. Foreman Jr., 283 Cary, victim of a mild attack of the disease, is reported to be improving in an Evanston hospital.

The sailor, not an old fox-hole warrior, heard a rustle in the low brush. Such nocturnal slithering could only be a Jap. He roused the soldier who listened intently for a moment and relaxed. "Naw," he said, "take it easy. Wait."

They waited while the noise came closer, right up to the edge of the fox hole. Then, on top of them dropped a short, thick-bodied snake. Scrambling quickly out of the way the soldier reached out with a stick and gave the snake the bum's rush, heaving it clear of the hole.

Nonchalantly the soldier said, "It's just Lana. Comes around every night about this time."

● The Army is canning many big guns, anti-aircraft weapons, etc., reserved for the future.

Big steel cans are lowered around such articles and sealed shut. Then, nitrogen is pumped in to replace the air. Such equipment will remain rust-free without grease coating, and it can be stored out doors. Even airplane engines have been canned in this manner.
