## U. S. VICTORY BONDS BUY THEM . . . KEEP THEM!

## Homing Pigeons, G.I. Veterans, On Sale

Thousands of army homing pigeons, veteran "G.I." message carriers of good breeding stock, are now being offered for direct sale to civilians, according to the Office of Surplus Property for the Department of Commerce.

The war birds, all army banded and bred for message carrying and other military purposes, may be purchased in 5 pair lots at \$25 a lot by any person on application to the Department in Washington, D.C. The pigeons are from one to five years of age.

Of exceptional lineage, the birds are descendants of some of the country's finest homing pigeon breeding stock and were presented to the government at the start of the war by pigeon fanciers to aid in rapid formation of large flocks of message carriers. Buyers of the lots of five pairs of pigeons will receive certificates of service from the army for each bird. This will provide evidence of ownership of the birds which wear army leg bands. The government does not furnish information, however, regarding strain, sire, dam, or racing records because of the work involved.

The story of bravery, courage and reliability behind the "doves" of World War II is well known. Many amazing and amusing anecdotes of their achievements have already been published of their dramatic service in rescue work, in apprehending enemy agents, in indicating locations of disabled craft, in conveying warnings and getting other vital communications through with dispatch when human and mechanical methods fail.

Like the K-9 dogs of war, army homers were put through special training. Some were taught to fly at night, overcoming their urge to perch at night.

Certified check, cashier's check, bank draft or money order made out to the treasurer of the United States covering the amount of the purchase should be addressed direct to the Office of Surplus Property, Department of Commerce, General Products Section, Washington, D.C. All shipments are made in the buyer's crates by railway express, collect.

## Increasing Demand for Canteen Aides at Fort

Due to the increasing demand for both daytime and evening canteen aides for Fort Sheridan, Gt. Lakes, the Chicago airport and Vaughan hospital, Hines, an evening training class is being arranged for the convenience of em-

ployed girls and teachers, although unemployed women will also be welcomed. Training classes will be held at the Congregational church, 1417 Hinman avenue, Evanston, on Oct. 29 and Nov. 6 from 6 to 10 p.m.

Interviews are conducted Mondays and Wednesdays from 10 a.m. to 4 p.m. and Monday and Thursday evenings, from 6 to 9 p.m. at the Evanston branch of the American Red Cross, 615 Davis street.

EDITOR'S NOTE: This newspaper, through special arrangement with the Washington Bureau of Western Newspaper Union at 1616 Eye Street, N. W., Washington, D. C., is able to bring readers this weekly column on problems of the veteran and serviceman and his family. Questions may be addressed to the above Bureau and they will be answered in a subsequent column. No replies can be made direct by mail, but only in the column which will appear in this newspaper regularly.

## Questions and Answers

Q.—Can the mother of an illegitimate child file an application for family allowance, if a soldier is the father?

A.—Yes, the mother may file application for the child, but she must either have a court order declaring the soldier to be the child's father, or she must have a statement from the soldier admitting parenthood. She must also have a certified copy of the child's birth record. The mother herself is not entitled to family allowance.

Q.—Can a dishonorable discharge be changed to an honorable one?

A.—A former officer or enlisted man or woman may request a rehearing or a review of his case before a five-member board in the war and navy departments. The discharge may be corrected in accordance with the facts. However, these boards may not change the sentence of a court martial.

Q.—Is there an artificial hand available that looks like a hand, and different from the ordinary "books" which are most common?

A.—Yes, the navy has developed an artificial hand, made of plastic, that looks like a hand and eliminates the necessity of wearing gloves. It has the consistency of pure rubber and is tinted to match the individual skin. It is operated by a one-pound cam mechanism hidden inside the hand, spring controlled and made of duralumin and permits natural movement of the fingers. Mechanism is operated by a tiny cord running up the arm and around the shoulders, controlled by action of the shoulder muscles.

## The Emblem That Signifies Overseas Service

Founded in 1899

### Why Are America's Overseas Veterans Joining the V.F.W.?

BECAUSE the V.F.W. can help the dependents of their comrades who will never come home.  
BECAUSE they want their rights and privileges as individual veterans protected.  
BECAUSE they want to make certain their dependents will enjoy the protection to which they are entitled.  
BECAUSE they want the security of knowing the V.F.W. stands ready to help a comrade in distress.  
BECAUSE they may need the aid of trained V.F.W. rehabilitation experts on matters pertaining to hospitalization, pensions, compensation, educational aid, federal loans, unemployment compensation, vocational training or employment.  
BECAUSE they want to make certain the doors of the V. F. W. National Home will always be open to their widows and children if circumstances require.  
BECAUSE the V.F.W. is a non-political, non-sectarian outfit concerned primarily with veteran welfare.  
BECAUSE the V.F.W. lapel emblem will always identify them as overseas veterans.  
BECAUSE there is no real substitute for the comradeship which exists between men who have shared the same dangers and experiences.

The VFW plans to establish a Post in this community. Any man who has served overseas or who is in active service now is eligible for membership in the only veteran fraternity in America composed exclusively of overseas veterans. If you are eligible and interested or have a friend or relative who is, please contact the state department.

nor, regional director for the Commission. "With overtime these jobs will pay over \$2,000 a year. But that is not the main consideration. There is a word to say for the patients who need this care. They are the men who fought our battles, they fought until they fell.

"Advanced skill in medicine and careful nursing have brought many of these men home who might never have survived in other wars. Now it is for us who work with our hands to do our part. We must take care of the grounds, keep the corridors clean, provide plenty of clean bed linen, see that they are fed."

Application for these positions may be made at the regional office of the U. S. Civil Service Commission, 433 W. Van Buren St., at the Oak Park USES office. Forms may be obtained at any first or second class post office in Illinois or Wisconsin.
