The Veterans' administration is combing the government agencies and other channels for help and tikely will emerge in the postwar era as one of the largest if not the largest governmental agency, handling as it will the affairs of some 12 million discharged veterans at one time or another The administration has recently been the object of both congressional and private investigation as to conditions within the organization, conditions at Veterans' nospitals, treatment of patients, the tremendous shortage of physicians and nurses and other help and no doubt, it will be General Bradley's policy to eliminate immediately all situations which led to these investigations.

Questions and Answers

Q. I was discharged on February 24, 1943 by reason of "Sec. II, A.R. 615-360 and CDD." Will you explain the meaning of this. I will soon be 42 years of age. Is there any way I can volunteer for service in the occupational forces? - S., Rogersville, Tenn.

A. "This means that you were discharged under section 2 of the code governing discharge of veterans and "CDD" means a certificate of medical disability. In other words, you were discharged for a medical disability of some sort. The nature of your disability should be stated on your discharge. Yes, if you can pass the physical, the army is accepting volunteers for the occupational

Q. How many points does a father of four children have who has been in service since last October 24 and across since July?-Mrs. R. B., Uhrichsville, Ohio.

A. The army point rationing system as of September 2 gives 1 point per month for time in service, 1 point per month for time overseas, 12 points for each child under 18 years' with a maximum of three, and 5 poirts for each decoration or battle star If your Musband has no decorations or battle stars, he would have about 51 points At this time 80 points are necessary for discharge, although the army has announced discharge or 79 points by October 1, 60 points by November and elimination of the point system later in the winter

Q. I am writing in regard to a soldier killed in Germany who made his insurance to a lady who raised him. After his death, his own mother came and claims she should get his insurance. Which one is entitled to the insurance?-Mrs. T. G., Water Valley, Miss.

A .- Yes, providing your brother isted his mother as a dependent when he enlisted or was inducted into the service.

Q. If a member of the regular marine corps extends his enlistment while overseas and the extension has one more year before expiration, will he have to remain overseas until the expiration, if he has been overseas 20 months?-Mrs. W. D., West Memphis, Ark.

A. Not necessarily. The marine corps has set up a rotation for return to this country after 18 months service overseas. Extension of his enlistment would have no bearing upon the time he spent overseas. The chances are this marine will return soon for duty in the states.

Q.-My husband was given an honorable medical discharge March 9, 1943. At that time they did not receive a discharge button. Where can he obtain one? Mrs. R. R., Marshalltown, Iowa.

A .- At any army separation center, probably at your local draft board, or one may be purchased at almost any army store.

A .- If you are referring to a surplus war property truck, would suggest that you contact your local AAA county committee or your county agent for information where these surplus trucks are available from a bona fide dealer in your compriority without red tape if there are surplus war trucks for sale at

L., Mora, Minn. A .- If you are holding a job nov which was given up by a veteran of this war, then the honorably discharged veteran of World War has a right to that job back under the provisions of the selective serv-

At least, the veteran should permit his insurance to run its present term until he has a chance to analyze his ability to keep up an insurance schedule of payments We suggest that you consult your local draft board, veterans administration or your private insurance company.

A. According to the Veterans ad ministration, it is possible in some cases to be transferred to a hospital outside his state. His transportation would not be paid for unless the physician in charge ordered such a transfer. You should refer the matter to the regional office of the Veterans administration which rated you and is handling your case.

Q.-My son enlisted in the air corps in June, 1944. He was called in January, 1945, and passed all the exams at the induction center, When he received all his "shots" he was sent to a hospital and he was given an honorable discharge March 8, 1945, due to his heart. Is he eligible for G.I. benefits?

A .- If the injury or ailment of your son was received or aggravated by his service, he is eligible for G.I benefits. You may determine this by having him apply for a certificate of eligibility. Generally speaking a person must have served in the armed forces at least 90 days in order to qualify for benefits under the G.I. Bill.

Q. As I understand it, all World War II veterans who have been honorably discharged from the services are to receive a benus or payment of \$1,040. They are to receive this in \$20 a week payments or \$520 a year. As I am writing this I am serving time in prison, but I was given a medical discharge from the service in 1942. Will veterans who are serving time in any institution receive this money if they were honorably discharged from the service? No. 18850, Illinois State Penitentiary, Menard, Ill.

A. You have been misinformed, since no veterans receive a bonus. They do receive mustering-out pay up to \$300 and if they do not obtain employment after applying to the United States Employment Service they may receive unemployment compensation up to \$20 per week for a maximum of 52 weeks. If you received a medical discharge, it may be possible that you are entitled to draw service connected disability payments. Suggest you take the matter up with your prison physician for application to the nearest regional office of the Veterans Administration. If you have an honorable discharge, the fact that you are in prison will not make any difference in obtaining any compensation to which you are entitled.

Q. Is a veteran's dependent child, living separately, entitled to a part of his mustering-out pay? B. S., Geneva, Ala.

A. Mustering-out pay is given directly to the honorably discharged veteran, \$100 at time of discharge, if he has served less than 60 days; \$100 in 30 days if he has served 60 days and no foreign service, and an additional \$100 in 60 days if he has had foreign service. a total of \$300.
