 ganization, as it will be the annual meeting of the club. For this memorable occasion the board is particularly pleased and proud to present as their speaker Mrs. Bernice T. VanderVries, Republican member of the Illinois house of representatives to the general assembly from the 7th senatorial district. Mrs. VanderVries comes not as a stranger but a neighbor who has lived in Winnetka for over 22 years, and is well-known on the North Shore and throughout the state. Her political history is long and interesting, and she stands for the highest Republican ideals. She served two terms on the Winnetka village council before being elected to the state legislature in 1934. She is now serving her sixth term with the Assembly from this district. Mrs. VanderVries knows the problems of legislation thoroughly, and will give an interesting discussion of the present 64th general assembly and many related problems of government. For those who are interested in good government this will be an outstanding opportunity to hear from a brilliant speaker who is an authority on her subject.

This annual meeting will be held at the Highland Park Community center on Friday, Nov. 30, at 1 p.m. Luncheon will be served, and members are invited to bring guests. Annual reports will be read followed by a short business meeting and election of officers. Because of Mrs. VanderVries' popularity and the size of the organization, members are asked to limit their guests to two. For luncheon reservations call H. P. 2485 before Nov. 25th.

Membership in the Deerfield Township Republican Woman's club is open to all Republican women in the township who are in sympathy with the policies and purposes of the organization.

Voters League Notes—

 in every case, but a malcontent third would dish every one of them. To such monstrous shape has the original mistake of the Constitution grown in the evolution of our politics.

Today our interests are so closely linked with those of other nations that many proposals have both domestic and international implications. To assure responsible integration of our national policies the league believes that treaties should be handled in the same way that other legislation is handled—by majority vote of those present in both Houses of Congress.

The league is opposed to any amendment which provides a distinctive method for consideration of treaties. Our objective is to focus on international and domestic legislation alike the full judgment and experience of Congress in direct, responsible, and democratic fashion.

(This is a digest of a statement on treaty ratification made before the subcommittee of the Senate Committee on the Judiciary.)

Clothing From America Reaches War Orphans In Poland

Thousands of war orphans in Poland are now wearing clothing contributed by the American people in the United National Clothing collection of the past spring. A cablegram describing the distribution of this clothing in Warsaw on Oct. 25 was made public recently by Dan A. West, director of the division of contributed supplies of UNRRA.

The report was cabled by an UNRRA representative who watched pathetically thin war orphans in a temporary children's shelter exchange their ragged garments for the war clothing given by American families only a few months ago in the nation-wide drive for overseas relief.

Bundles for America Asks Gifts for Disabled Vets

The war is not over for the thousands of sick and wounded soldiers and sailors in the hospitals in the Chicago area.

Bundles for America, for the last time, plans to give each one of them a Christmas stocking costing \$2.00 apiece. Each will contain presents similar to last year's stockings.

The Army and Navy committee of the Highland Park branch know that you will want to share your Christmas by helping in this good cause.

Please send your gift in the enclosed prepaid envelope—either a bill or a check made payable to Bundles for America, Inc. Any amount is acceptable. Contributions are deductible in computing federal income tax.

Let our final year end in a blaze of glory for these men to whom we owe so much.

Gov. Green Proclaims American Education Week November 11 to 17

The twenty-fifth annual celebration of American Education Week will begin Sunday, Nov. 11, and continue through Saturday, Nov. 17. "Education to Promote the General Welfare," is the theme for the week—a timely theme, and one pertinent to the numerous problems of American affairs.

The National Education association, the National Congress of Parents and Teachers, the Illinois Education association, and other educational organizations are working together to develop the significance of the period.

Growing in importance with successive observances, American Education Week has come to be a country-wide celebration of the ideals of free public education, and an occasion for popular interpretation of the work of our schools.

Its purposes are worthy. A high level of public intelligence will be essential for meeting and solving our republic's problems through the coming years.

Now, Therefore, I, Dwight H. Green, Governor of the State of Illinois, do hereby proclaim Nov. 11 through Nov. 17, of the present year, an American Education Week throughout Illinois, and request the appropriate observance of the occasion.

MOST U. S. DOGS EARN THEIR KEEP

Perform Useful Chores for Their Owners in Country and in Town

In the eyes of most persons "dog" spells "pet," yet by far the largest number of America's dogs earn their keep by rendering useful services for their owners, according to the Gaines Dog Research Center, New York City.

By way of proof, it need only be pointed out that of the nation's estimated dog population of 15,000,000, almost eleven million live with families in rural districts—on farms, ranches, and in small towns. Here for the most part they have their special chores—such as keeping an eye on the sheep, bringing in the cows, keeping watch on the home premises, etc.—chores which would otherwise take up the time and energy of a member of the family or the hired man.

The essential usefulness of the dog in American life can be demonstrated in another way. Dogs are usually classified in six distinct groups: Sporting, Hounds, Working, Terriers, Toys and Non-sporting dogs. American Kennel Club registrations over the years show the numbers in the three first-mentioned groups—definitely kept for useful purposes—to be about twice those of the other three classifications. As a matter of fact, it is the exceptionally large number of hunting dogs within its borders that is responsible for North Carolina, with its approximately 980,000 dogs, being the leader in dog population among all the states.

This is not to imply that dogs not included in the so-called working and hunting classifications are not useful. A dog is a dog, whether a tiny Chihuahua or a huge St. Bernard, and is capable of performing many useful tasks taught him by his master, in addition to providing joyful companionship, selfless devotion and other qualities associated with the dog through the ages.

But whatever a dog's contribution to his owner, he occupies a unique position as a member of the family. This is highlighted in a survey made by the Country Gentleman. The study showed that when a dog's health needs looking after the father of the family attends to it in 44 per cent of the cases, the mother in 38, the son in 23, and the daughter in 10 per cent. (From these figures it is evident that in many families more than one person is responsible for the dog's welfare.) The same holds true in the matter of feeding. The mother is responsible for feeding the dog in 73 per cent of the cases, the son in 27 per cent, the father in 24 and the daughter in 22 per cent.

High Finance
 Joe Louis, world's champion boxer, looms as a bigger money maker than Jack Dempsey if he has retained his boxing form during his service in the army. His

fight with Billy Conn in June gives every indication of drawing a gate from three to ten million dollars. Some of the tickets are already selling for a hundred dollars each.

The Emblem That Signifies Overseas Service

Founded in 1899

Why Are America's Overseas Veterans Joining the V.F.W.?

- BECAUSE the V.F.W. can help the dependents of their comrades who will never come home.
- BECAUSE they want their rights and privileges as individual veterans protected.
- BECAUSE they want to make certain their dependents will enjoy the protection to which they are entitled.
- BECAUSE they want the security of knowing the V.F.W. stands ready to help a comrade in distress.
- BECAUSE they may need the aid of trained V.F.W. rehabilitation experts on matters pertaining to hospitalization, pensions, compensation, educational aid, federal loans, unemployment compensation, vocational training or employment.
- BECAUSE they want to make certain the doors of the V. F. W. National Home will always be open to their widows and children if circumstances require.
- BECAUSE the V.F.W. is a non-political, non-sectarian outfit concerned primarily with veteran welfare.
- BECAUSE the V.F.W. lapel emblem will always identify them as overseas veterans.
- BECAUSE there is no real substitute for the comradeship which exists between men who have shared the same dangers and experiences.

The VFW plans to establish a Post in this community. Any man who has served overseas or who is in active service now is eligible for membership in the only veteran fraternity in America composed exclusively of overseas veterans. If you are eligible and interested or have a friend or relative who is, please contact the state department.
