Christmas Stockings for Northwestern Settlement

Following dessert at 1 o'clock, everyone will put yarn decorations on red and white turlington stockings which Mrs. William Bangs, president, has cut and stitched. THE TELEPHONE STRIKE IS OVER

ALL 8,700 members of the Illinois Telephone Traffic Union have returned to their switchboards, again to give you the pleasant telephone service to which you are entitled. Also back are the individuals of other telephone unions who felt they should not cross picket lines.

Long Distance service is normal; local service in 105 Illinois cities once more features the voice with the smile.

This is good news to you—and to us.

We thank you for patience and cooperation during service difficulties. We also thank the thousands of telephone workers who put public service above the disputed issues. Many of these were supervisory people who put in long and arduous hours. Some were former operators who volunteered; others were retired employees now on telephone pensions who came back to help out. We are especially grateful to all of them for the emergency services given.

RETURNING WORKERS WELCOMED

To the returning workers we say—Welcome back. We are glad to have you again at your posts. There will be no prejudice, no ill feeling on our part.

We hope that the Union members will adopt this same broad view so that there will be no unpleasantness directed at those telephone workers who stayed at their posts to provide emergency service to the public.

And now—"Number, please?"
