Reunion at USO—

(Continued from page 1)

The GSO, whose members spent appointed nights at the club to entertain the men and arranged beach parties, picnics and other activities for them cannot be praised too highly.

The Java club breakfasts in the mornings, the buffet suppers, sings and dances in the evenings, were regular features of the Sunday program. Other activities during the week included dancing on Mondays under the direction of Mrs. Lucy Smith, the big dance on Tuesdays, bridge on Wednesdays, pinocle on Thursdays and refreshments on Saturday afternoons served by Mrs. Truax of Highland Park.

The GSO also sponsored a newspaper called "Contact," which was sent out to all service men registered at the club. This work was first carried on by Miss Jane Lumely and later on by Miss Arlene Mott.

The Highland Park USO served as an able ally to Dan Cupid. The club has record of thirty-one marriages between service men and members of the GSO.

Neither Highland Park nor the service men who entered its doors will ever forget the USO. The reunion scheduled for June 15 and 16 will indeed be a fitting climax to its splendid record of service.

Registration For Summer School Begins June 17

Summer school will start on Monday, June 17, four days after school closes for this year. Registration will be held on that day, and classes will start the same day.

The summer school is open to all students of the Deerfield-Shields township high school district. Students from elementary schools within the district and students from high schools outside the district are also admitted if they have approval from the director of the summer school, Mr. Einbecker. The teachers are drawn from the regular staffs of Lake Forest and Highland Park schools.

A student may register for as many as three subjects if one or more review subjects are included. Classes, which will be held in the morning only, will be 1 1/2 hours in length. A fee of ten dollars will be charged for each subject, and no refunds will be made after classes are started. No new registration will be accepted after June 20, and the summer school will last a full eight weeks, closing on August 9.

Students taking a course to raise a grade in a course previously studied may contract with the teacher to complete the work in a shorter time, provided the work is kept to a satisfactory grade.

The following subjects will be offered:

English 1, 2, 3, 4, 5, 6, 7, 8, (new and review) — Miss Palmquist.

Mathematics 1, 2, 3, 4, 5 (5 for seniors only Math 1 and 3 review only) — Mr. Winkley and Mr. Stunkel.

United States history and economics (new and review) — Mr. Burwell and Mr. Eiker.

European history — Mr. Eiker. Latin 1, 2, 3, 4 (review only) — Miss Joiner.

Typewriting 1, 2, 3, 4 (new and review) — Mr. Zipoy and Mr. Heins.

Mechanical drawing — Mr. Pertz.

Shop — Mr. Durbahn.

Swimming — Mr. Kendig and Mr. Danakas.

Special registration for swimming classes will be held on Friday and Saturday, June 14 and 15: 9 a.m. to 4 p.m. on Friday and 9 a.m. to 12 noon on Saturday.

The swimming will be from June 17 to Aug. 9. The fee will be seven dollars tuition for class instruction twice a week for eight weeks. No refunds will be made after the first week. Suits and towels will be furnished and laundered by the school and only school suits may be worn. Girls are to wear bathing caps. Classes will be divided into three sections:

(1) Beginners, limited to 25 pupils per class. Section A — from 7 years to 7th grade. Section B — 7th and 8th grade and high school.

(2) Intermediate, limited to 30 pupils per class. Section A — 7 years to 7th grade. Section B — 7th and 8th grade and high school.

(3) Advanced, limited to 30 pupils per class. Open to any age through high school.

All classes are co-educational and periods are one hour long. Assistant instructors will assist Mr. Kendig and Mr. Danakas, who are in charge of all classes.

Summer school offers pupils an opportunity for a student to broaden his regular four year course. Special arrangements can be made for other subjects such as review shorthand, review bookkeeping, etc.

Gideons Present Bibles To Moraine Hotel

The Gideons of the North Shore camp visited the Moraine hotel in Highland Park, Sunday, May 26, and presented 250 Bibles to the hotel for use in the various rooms. Presentation was made by Paul E. Beem of Zion, president of the North Shore camp, and they were received by Anderson Smith, publicity manager of the hotel. The presentation was made in the presence of more than 50 members of the Gideons, with their families, who had their luncheon at the hotel.

Preceding the presentation, representatives of the Gideons appeared in churches in Highland Park and vicinity and told of the work they are doing. The Gideons is a layman's organization started among traveling salesmen who saw an opportunity to have Bibles available in hotel rooms.

Several million testaments were given to service men and women during the war also. At present the organization is endeavoring to place several million testaments among children in the public schools of the upper grades.

PUBLIC LIBRARY

LET'S VISIT MEXICO—Byron Steel.

During recent extensive travels by motor, rail and airplane, the author has gathered the latest data and presents it here in a carefully organized volume which answers all the traveler's questions. The book tells what the tourist should know before leaving about identification cards, health precautions, customs regulations, automobile permits and equipment, money, food, etc. There is a section on the history of Mexico, as well as one on information about fiestas, Spanish vocabulary, shopping, itineraries, and about hotels and restaurants which are recommended on merit alone. It is an ideal guide, compact and up-to-date.

SAN ANTONIO — CITY IN THE SUN—Green Peyton.

In San Antonio the author has traced the turbulent history of this city and has highlighted the places and people which make it so distinctive. He writes of cattle dynasties, the colorful Mexican quarter, the plazas and the parks. He knows the city thoroughly and has presented a rounded and living picture of San Antonio. The combination of information and human interest make it an invaluable guide for the tourist as well as a delightful reading for the arm chair traveler.

VOLCANOS NEW AND OLD—Satis N. Coleman.

Written to satisfy the widespread interest in the subject, this book fills the need for a comprehensive, up-to-date book, not for the scientist, but for the general reader of all age levels. It begins with the story of how Paricutin was "born" in Mexico. Succeeding chapters discuss the cause of volcanic activity, materials, varieties and geographic distribution of volcanoes.

Descriptions of the major volcanoes of the world and the history and legend surrounding them are included. The book contains many excellent photographs.

FLAGS OF ALL NATIONS—Cleveland H. Smith and Gertrude A. Taylor.

This book contains a full-color picture of the flag of every sovereign nation, the story behind each design, and what the pattern and colors stand for. A separate section is devoted to the history of our own flag and one to the anatomy and terminology of the flags in general. The newest flag—that of the United Nations—is included.
