Where little children  
cry from hunger—

SOMEWHERE, halfway across the world, two little children cry  
bitterly from hunger. Children cannot understand the why of  
hunger—they know only the gnawing pain, the piteous weak-  
ness. A heartbroken mother listens helplessly.

Their only hope—and the hope of millions like them—is that  
Americans will not be complacent in a starving world . . . that  
you will share the abundance that is yours.

You are pledged to "Share a Meal Every Day," to help supply  
starving people with fat and wheat products. But the need for all  
foods is so desperate that you're asked to do more . . . to give  
money to buy food, or give food in tin cans, and to give gener-  
ously!

Where the food you give will go. Contributions of canned  
foods will be distributed free in war-devastated countries on  
the basis of greatest need.

Why food must be in tin cans. Food in tin cans can be  
handled safely for distant shipments and travel over difficult  
roads.

Why the need is so desperate. The battles that brought  
us victory scourged most of the countries that fought as our  
allies. The worst drought in fifty years followed the war. Crops  
failed throughout Europe and Asia. 500,000,000 men, women,  
and children are hungry and starving.
