Pierre Monteux Conducts Final Week of Symphony

Ravinia's sixth and concluding week of symphonic music will bring to the conductor's podium San Francisco's famous conductor, the dean of all Ravinia guest conductors, Pierre Monteux. The famous French conductor will begin his sixth appearance at the north shore festival on Tuesday, July 30, in the evening.

A final (seventh) week of chamber music will bring the 1946 Ravinia season to an end.

Monteux will direct the Chicago Symphony orchestra at the Tuesday, Thursday, and Saturday evening concerts, as well as Sunday afternoon (August 4).

A veteran of World War I, in which he served with the French army, Monteux later represented the Allies as a "cultural ambassador." He first came to America in 1916 and directed the Metropolitan Opera House from 1917 to 1919, when he became conductor of the Boston Symphony. He returned to Europe in 1924 and again visited the United States to conduct the Philadelphia orchestra.

The concluding week of Chicago Symphony music will feature four "firsts." Monteux has selected Copland's "Appalachian Spring"; d'Indy's "Prelude to Act I 'Fervaal'"; Ibert's "Escales"; and the Milhaud "Suite Francaise" for their first Ravinia presentation.

Copland began to compose the music of "Appalachian Spring," a ballet, in June, 1943, and completed it in 1944. The original score called for a chamber ensemble of 13 instruments, but last year Copland arranged it for symphony. He received the Pulitzer prize for music, as well as the award of the Music Critics' circle of New York for his "Appalachian Spring."

d'Indy's "Fervaal," although new to Ravinia, has been performed by the Chicago Symphony during its regular season.

"Escales" (Ports of Call) is the result of Ibert's experience on a Mediterranean cruise. The three parts that Ibert supposedly visited were Palermo, Tunis-Nefta, and Valencia. The three sections of the work are thought to represent Ibert's impressions of these ports.

The "Suite Francaise" was originally written in 1944 on a commission from the Leeds Music corporation as a contribution to the literature of the high school band. Later Milhaud arranged the work for the professional symphony.

The five sections of the work are named after the provinces of France in which the Allied armies fought for the liberation of that country in World War II. Many folk tunes are employed.

District Governor of Rotary International To Visit Highland Park

Major William T. Stevenson, governor of the 147th district of Rotary International, which includes 59 Rotary clubs in northern Illinois, will be in Highland Park July 29 to visit the Rotary club at its regular Monday noon meeting at the Sunset Golf course.

Major Stevenson, whose home is in Rock Island, is a veteran of World War I. He had service in France and after the war was sent to Siberia and to Manchuria by the United States government for duty with the Russian railway service corps. Returning to the United States, he was assigned to civil duty in Galveston, Texas, with the corps of engineers and transferred to Rock Island in 1928. He was retired from civil duty with the engineers corps December, 1945.

Major Stevenson will assist and advise presidents, secretaries and other various club officers on matters pertaining to club administration and Rotary service activities. He is one of the 157 district governors of Rotary International supervising the activities of some 5,800 Rotary clubs with more than a quarter million members in 73 countries and geographical regions throughout the world.

Today, this world service organization continues to grow in membership and strength. During the last fiscal year 404 new Rotary clubs were organized in 12 countries of the Americas and in Australia, Belgium, Burma, China, Czechoslovakia, Denmark, England, Federated Malay States, Finland, France, Greece, Hong Kong, India, Ireland, Luxembourg, New Zealand, Norway, Portugal, Straits Settlements, Sweden, The Netherlands, the Philippines, and Wales.

Wherever Rotary clubs are located, their activities are similar to those of the Rotary club of Highland Park because they are based on the same general objectives — the promotion of better understanding and fellowship among business and professional men, community-betterment undertakings, raising the standards of business and professions, and fostering the advancement of goodwill, understanding and peace among the peoples of the world.

LEGION AUXILIARY WILL HOLD LUNCHEON MEETING

The Highland Park American Legion auxiliary will hold its regular business meeting on Thursday, August 1, 1 p.m., at Highland House.

Reservations for luncheon should be placed with Mrs. Harry Eichler, H. P. 3646.

County Clerk Jay B. Morse today issued a warning that in order to vote at the general election on November 5 it will be absolutely necessary to have registered. The permanent registration law which effects Lake county and other downstate counties in Illinois was enacted in 1941, but up until now a person not on the registered list could vote by affidavit.

The county clerk's office today started mailing out verification of registration cards to every registered voter in Lake county. Citizens who receive these cards and whose names and addresses are the same as shown on the cards can rest assured that they are qualified voters. Persons who have changed addresses since registering and have not requested a transfer of their registration will not receive a card, because the state prohibits forwarding of same and it will be necessary for them to have the corrections made or they will NOT be allowed to vote.

The registration bureau in the county clerk's office, Room 102, of the county courthouse in Waukegan, is open every day but Sunday — 8 a.m. to 5 p.m. — Monday through Friday, and until noon on Saturday. County Clerk Morse has further arranged for the convenience of citizens to open branch registration offices in the various townships of the county, as follows:

West Deerfield Township—Town Hall, Deerfield, Ill. Irene A. Rockenbach, registrar.

Deerfield Township—Township Supervisor's office, 394 Central avenue, Highland Park, and City Hall, Highwood. Clara Bernardi, registrar (for Highwood).

More than 65,000 men and women voters are registered in Lake county, but Mr. Morse estimates that there is in the neighborhood of 12,000 eligible voters who have failed to get their names on the registration lists. The law provides that any man or woman not yet 21 years old, but who will reach that age on or before November 5, can register now.

All registrations and corrections in registration must be made not later than October 7th. Citizens not properly registered at the close of business on that date will not be able to vote in November. Mr. Morse points out there is but one exception to that rule, and that is in the case of ex-service personnel, men or women discharged less than 60 days before election. Citizens in this category will be permitted to vote by affidavit. However, the county clerk strongly recommends that wherever possible these people register, as it will expedite their voting. Those still in the armed forces, of course, can vote without being registered, but all ex-service people with the one exception cited must be registered by October 7 or they will disfranchise themselves.

"If citizens who have not registered or those who must correct present registrations act now, it will save them time, be less expensive to the taxpayers, and make it better for our office," Mr. Morse said.
