**WHAT'S COOKING**

- Sorry, No new Gas installations until next Spring. Natural Gas will not be available until that time because of lack of steel for the pipeline of Natural Gas Company of America.
- Our present system cannot safely handle more winter load without the increased capacity which Natural Gas will bring.
- A new door opener will operate at a whistled signal. Just drive up and whistle . . . the door opens. Whistle again and the door closes. The manufacturer plans to sell the device at \$175.00.
- A new Gas fired incinerator called Incinor is available for immediate installation in your basement. The cost (installed) is only \$75.00.

• Last Sunday your Gas Company friends enjoyed their fifth Annual picnic. We wish we could have invited you to join us for a day of races, basket lunches, and strawberry pop.  
• Of course some of us remained on the job, because Gas service is an around-the-clock business.
