

Let's Take a Look

About This and That

A couple of months ago we wrote a bit about some of the "things" we like. We've been prompted to add to that list. So, here goes . . .
 Kitchen gadgets that work . . . San Pedro's chef salads . . . Neatly typed letters . . . A post office box packed with mail . . . Alec Templeton's original entertainment . . . The trees along Sheridan Road, and their ever-changing colors . . .

Fifty-yard-line box seats to the best football games . . . The smell of a new automobile . . . That strong quotation, "A good Christian is a person who is hard on himself and easy on others" . . .

A CHURCH IN THE MORNING . . .

Parties where "booze" is not served and where drinking is not discussed . . . The excellent window displays always found at the bright Public Service shop on Central Ave. . . .

Paychecks, bonuses and liberal expense accounts . . . Fell's new Highwood store . . .

Persons who see the "good" in a situation; briefly, realistic idealists . . . Dartmouth College . . . Vivian Leigh . . . A church in the morning with the rising sun shining through colorful, stained glass windows . . .

Clean sheets . . . A drawer-full of neatly-arranged, freshly-washed and -ironed white shirts . . .

Yes, there are many, many more "things," and people, and ways of thinking, acting, and reacting that blend into this corner's beliefs.

But more about that at a later date.

DEFINITE LOOK-ALIKES . . .

Popular Highland Parker Emmett "Bud" Moroney (son of ex-police chief Ed Moroney) and Elroy "Crazylegs" Hirsch, sensational professional halfback.

ANY PROGRESS MADE? . . .

We're still concerned about the hazards at the Beech Street North Shore station.

What progress has been made in eliminating that station — reputedly Highland Park's most dangerous location?

More Highland Parkers have been killed there than at any other spot in our town, a reliable informant tells us.

NICE PARTY . . .

We wish we could have attended "The Ridgewood Roundup" party put on by the Ridgewood Park Association at Bill Curatto's lovely home last Saturday night.

We're told the party was a big success.

ADD DESCRIPTIVE WORDS FOR OUR TIMES . . .

The writer believes these words, culled from a recent editorial by Chicago Daily News Publisher John S. Knight (who, incidentally, would make a fine President!) tend to fit our Atomic Age approach to life:

"(The) something for nothing, more pay for less work (philosophy)."

Presbyterian Church School Resumes Sessions Sunday, Sept. 22

The Church school at the Highland Park Presbyterian church will resume its session following the summer vacation on Sunday, Sept. 22. Leaders and members of the staff are now at work preparing the programs for the year ahead. The school discontinues during the summer about the middle of June and resumes its work towards the end of September. The last year was a very gratifying year in the work of the Church school. With an enrollment of about 500, the attendance for the winter months averaged about 300.

The school handles ages from the beginners department up thru the high school group. These departments are all ably led by experienced workers and it is thought that the year ahead will be the best in the life of this fine organization.

When the sessions begin on Sept. 22, we hope to see all the old faces back in their places along with many new faces.
