A Happy Christmas To You!

To all you folks out there who glance over the words that bounce around in this space each week, a happy Christmas! May you fully enjoy these Yule holidays. May you help usher in the best years of our lives. May you be rewarded for all the good things you've done — and not punished too severely for the things you haven't done. Merry Christmas!

A CHEER FOR THE POSTMEN . . .

Thanks to one of the most cooperative group of men and women in Highland Park.

I mean, of course, those pleasant folks at our post offices who have been doing a grand job of getting out our Christmas cards and presents.

A friendly slap on the back to Postmasters Daniel L. Cobb and James Thompson and to their staffs.

HIGHLAND PARK NOTES . . .

Doesn't that Christmas tree at Central avenue and St. Johns look good?

Those who were shopping at the friendly Fell store one afternoon last week are still talking about the cute pranks and the winsome smile of "Happy" Fell, red-haired son of popular Mr. and Mrs. "Red" Fell.

Did you know that there are 18 cabs in Highland Park and that

SUDDEN THOUGHT . . .

Why do certain persons insist on using the word, "Xmas"?

ON CHRISTMAS-TREES . . .

Well . . . it's time to select our Christmas tree. I wonder if we'll find the one we've been hunting for all these years.

Our dream tree is about six feet tall. It must be very symmetrical.

Do you know where is one like that?

WHY? . . .

Here are two recent headlines springing from the maddening words of a top AAF official and a widely-known Chicago physicist who seem to delight in forecasting the gloomy:

GEN. EAKER SURE OF ANOTHER WAR.

A-BOMB CALLED CHEAPEST WEAPON.

Statements causing such headlines should be halted.

Anyone who talks about another war should be punished.

Anyone suggesting that we use our atomic energy to destroy humans should be heavily penalized.

Do you agree?

SEE "SONG OF NORWAY" . . .

With Rachel Brent, "Gerrie" Gerhard and Dick Higgins to see "Song of Norway," the new opera based on the life and music of Edvard Grieg, now playing at Chicago's Shubert theater.

Here's a musical drama rich with lovely music, handsomely mounted, keenly directed, freshly

presented and convincingly acted.

It's a refreshing life-story, un-Hollywood, blended with beautiful music sung and danced to by a group of talented actors and actresses who seem to please their appreciative audiences.

Without any hesitation we recommend this fine operetta to all of you.

"I'M A MANUFACTURER* IN NORTHERN ILLINOIS"

"For 60 years this company* has been manufacturing commercial baking machinery in Northern Illinois. The products we make here are known and used in all parts of the world. I believe Northern Illinois is an ideal location for almost any industry. We have fine transportation facilities that give us access to raw materials and make it a simple matter to reach nation-wide and world-wide markets with our products. One of the important reasons I like doing business in Northern Illinois is that many people here are established home owners. Some of our workers have been with us for over 40 years. My family and I think Northern Illinois is a great place to live and a great place to do business."

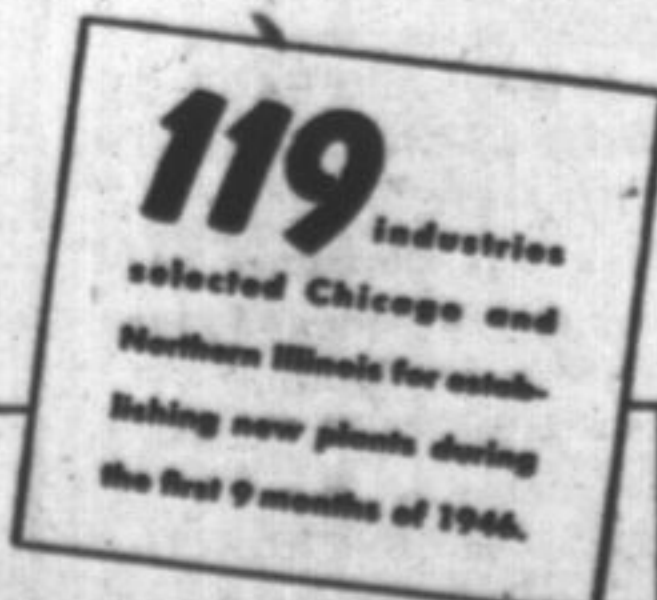

This manufacturer is typical of many businessmen in Northern Illinois. Not only does this area have good transportation facilities and a good labor relations record, but the people here are progressive and industrious.

This Company, too, is an essential part of Northern Illinois, and has great confidence in its future. The theme of this advertisement is similar to one of a series being published in magazines and newspapers throughout the country to point out the many industrial advantages available here.

If you know of any business seeking a new location, please inform us so that in cooperation with other agencies interested in the progress of Northern Illinois, we can furnish complete factual information on the area.
