Besides his regular contributions to various Christian periodicals, he has found time to further increase his journalistic output by writing several books, including "Time Period of Prophecy," "Profitable Bible Study," "The Supernaturalness of Christ" and "Therefore Stand."

Bethany Church to Present "Fall of a Nation"

Charles E. Wilson, who served in Europe as a soldier and chaplain's assistant, will present "The Fall of a Nation" to people of this community in Bethany church, at Laurel and McGovern, on Sunday, Jan. 26, at 4:30 p.m.

His beautiful colored slides taken while in Germany during the war show pastoral scenes with quaint castles and majestic cathedrals built in the twelfth century.

With a background of recorded classical and religious music, Mr. Wilson takes one from the above peaceful panoramas to the "Beginning of the End" with Hitler's Germany to Munich and Nuernberg, centers of the Nazi party. He goes through the concentration camp at Oberdruff, Germany, and brings back atrocious pictures of human degradation, and then comes the final show, "The Judgment Within a Generation" — the destroyed cities of Germany.

The story that Mr. Wilson tells with these pictures will strike home to every God-fearing American, for it comes from the heart of a man who has been "through it" and who has emerged, still fighting with every effort to present the truth of the Gospel of Christ to all who may have the good fortune to hear him.

Do not miss this vesper hour, Jan. 26, at 4:30, in Bethany church. Admission free; an offering will be received.

The following message, carefully framed, hangs over the desk of General Douglas MacArthur, along with portraits of Washington and Lincoln:

"Youth is not a time of life — it is a state of mind."

Among North Shore Gas Company men you find many older men — who contribute much to the success of this company. Certainly, their fine service proves General MacArthur's statement — "Youth is not a time of life — it is a state of mind."

Son, "What is a budget?"
Dad, "Well, it is a method of worrying before you spend instead of afterward."

Which reminds us of the quotation, "Government is a condition by which one generation pays the last generation's debts by issuing bonds for the next generation to pay."
